CHAS. PEITSMAYER ON LAST JOURNEY

Veteran Mail Carrier Died at Home of Daughter at Fountain City.

WAS A NATIVE OF PRUSSIA.

CARRIED MAIL BETWEEN CHESTER AND THIS CITY, WALKING BOTH WAYS AND TRAVELED A DISTANCE OF 85,000 MILES.

Fountain City, Ind., Sept. 1.—Charles Peitsmeyer, veteran mail carrier, and one of the best known residents of Wayne county, died last night at the home of his daughter, Mrs. O. L. Voris, at the advanced age of 79 years. He lacked just a few months of being 80 years old. He lived in Richmond for a number of years before moving to Chester where he made his last home, before removing here.

Mr. Peitsmeyer was born in Minden, Prussia, in 1828 and came to this country when 21 years of age and located at Baltimore, working at the trade of a silver smith. Later he moved to Chillicothe, O., where he held a part interest in a wholesale grocery store. After making this place his home for a few years he moved to Waynesville, O., where he was united in marriage to Miss Gullema M. Sanders in 1858. He then moved to Harveysburg, where he made his home. His next residence was Richmond and he has since made Wayne county his home. At Chester he was taken into the employ of the postal service and was mail carrier between Chester and Richmond. He held this position until the rural routes were established. During his service as mail carrier it is estimated that he traveled more than 85,000 miles, always on foot.

Last October he fell and had his hip broken and it was this accident that finally culminated in his death. Tuberculosis developed during the last half year. During this time he has been almost helpless.

The deceased was well known and has many friends who regret his loss. He is survived by Mrs. O. L. Voris, Mrs. William Ryan of Chester, and Mrs. Mamie Matthews of Paxton, Ill., and other relatives.

The funeral services will be Thursday afternoon at 1 o'clock at the home and the regular services will be held at the Chester Friends church at 2:30 and interment will be in the Chester cemetery. The Rev. Luke will officiate.

DIXON WAS CHOSEN

Appointed by Hitchcock as Director of Chicago Speakers' Bureau.

SHERMAN TO CAMPAIGN.

Chicago, Sept. 1.—Senator Joseph M. Dixon of Montana was appointed by Chairman Frank H. Hitchcock of the republican national committee, as the director of the speakers' bureau of the Chicago headquarters.

The long service of Senator Dixon as a member of the house of representatives and later of the United States senate has equipped him for this position for the reason that he is familiar with the qualifications of members of Congress for active campaigning. He has a wide acquaintance also among leaders of the republican party in the western states who will be called upon to fill speaking engagements.

It was announced that Mr. Sherman would make his first campaign speech in this city, probably before the Hamilton club, Sept. 28.

He will continue speaking in the state for the next three days. Representative McKinley, chairman of the republican congressional committee, is expected here tomorrow to confer with Chairman Hitchcock and they will then make up Mr. Sherman's itinerary as far as they can. It will be arranged so as to aid as far as possible the congressional campaign.

Senator Hemenway and State Chairman James P. Goodrich of Indiana, were callers at republican headquarters yesterday. The former expressed the opinion that Indiana would give from 25,000 to 50,000 majority for Taft and Sherman and the entire state ticket would be carried by the republicans.

A Brazilian Household Pet.

Brazilians train a snake called the ghoia as a rat catcher. It is fifteen feet long, is harmless to the human being, becomes quite a household pet, is lazy in the daytime, but at night roams about the house in quest of its prey—rats. These animals it promptly kills by twisting their necks. When Brazilians have to pass from room to room in the dark they first put on their slippers. It would not be pleasant to plant one's bare feet on a cold slinky snake of that size.

Weak Human Nature.

From many selections from Marcus Aurelius we choose this as showing his keen insight into this weak human nature of ours: "I have often wondered how it is that every man loves himself more than all the rest of men, but yet sets less value on his own opinion of himself than on the opinion of others."

A Luxury.

"But," objected the heiress, "I have been accustomed to every luxury."
 "That's all the more reason why you should marry me," replied the impecunious suitor. "I'm a luxury myself."—Philadelphia Record.

PALLADIUM WANT ADS. PAY

Antics of Frat Candidates Amusing to Large Crowd

Yesterday afternoon a young man, clad in rough clothes and wearing an old felt hat, sat on a pile of bricks at the corner of Tenth and Main streets. In his hand he held a fishing pole. The hook end of the line dangled in the gutter. On the opposite corner sat another young man, attired like a tramp. He was sprawled out on the paving with his back resting against a telephone pole. He wore black goggles over his eyes, and a placard on his breast bore the words: "I am Blind."

Our high school frat, the Kappa Alpha Phi, "What's dat mean in United States?" said the newsboy. His question was ignored. Just then the victims were ordered to "beat it" up the street by their initiators. "Hully gee, what 'ell would you want a join a lodge like that for?" One of them high school guys said that was the easiest part of the initiation," added the newsie. After Walsh and Curme had "beat it" the "degree team," of the Kappa Alpha Phi "frat" started out in search of another victim—Alden Marshall. "What you going to do to him when you catch him?" was asked. "Oh, we're just going to dress him up like a clown and make him skate down Main street on rollers," was the reply. Last evening the three candidates were taken out to call on the "girls." Each of them was compelled to propose to each and every woman they met. If the candidate did not put his plea strong enough he was worked upon with paddles in a vigorous manner.

Brain and Body Need Whole Wheat

Among all foods, wheat is the undisputed king. For any purpose—health or strength—nothing can take its place. But the whole wheat must be made wholly digestible, else you lose half of its value. That is the reason for Mapl-Flake.

In wheat—when it all digests—you get all the food elements that anyone needs. If you work with muscle, here are the proteins needed. If you work with brain, here are the phosphates required. If you are weak, here is the utmost in nourishment. If you are ill, here is the best of medicines. Mapl-Flake is the ideal food prepared in the ideal way. There is nothing else to compare with it. No need of different foods to meet different conditions. Whole wheat supplies every need. Not the common whole wheat—not wheat that but half digests. But wheat prepared by our process—requiring 96 hours. Wheat cooked for six hours—then cured for days—then flaked as thin as paper. All that is essential. In the flake form alone can the fierce heat of an oven be made to attack every atom. In flakes alone are the particles so separated that the digestive juices can get to them. In Mapl-Flake alone you utilize all that lies in wheat.

Mapl-Flake

The Food That's All Food

Then we cook our wheat in pure maple syrup, to get that delicious flavor. The most enticing flavor a cereal ever had. So the food that is best for you is the food that all people like best. You don't know what you are missing until you have tried it. You don't know what a real cereal food means. You don't know how good it can be. Please find out to-day. Compare it with other foods. Judge for yourself which is best and best for you. One package will tell you more than all the arguments we can ever print. Please order it now.
