TORCH SLIPPED
HAND WAS BURNED

Utry Retained Position Although Suffering Greatly.

Economy, Ind., Sept. 3.—While doing some soldering work on one of the cables with a gasoline torch, Richard Utry, an employee of the Modoc telephone company had his right hand burned to a crisp. At the time of the accident he was suspended near one of the poles and in some manner he slipped and the torch burned his hand. It is considered miraculous that he did not fall to the ground. Although his hand's condition is improving, it will be some time before he will be able to return to his work.

A Proposition to Women.

Madam, if someone would tell you in secret of a soap which would wash laces, linens, linoleums, windows, flannels, anything, and do it with half the labor, would you try it? Well, Easy Task will do all this and more. It is no experiment. It is the only white laundry soap that has been in use for twenty-five years. Now, will you try it? Only 5c a cake.

THESE PATENT TENSION STEEL SHEARS FREE

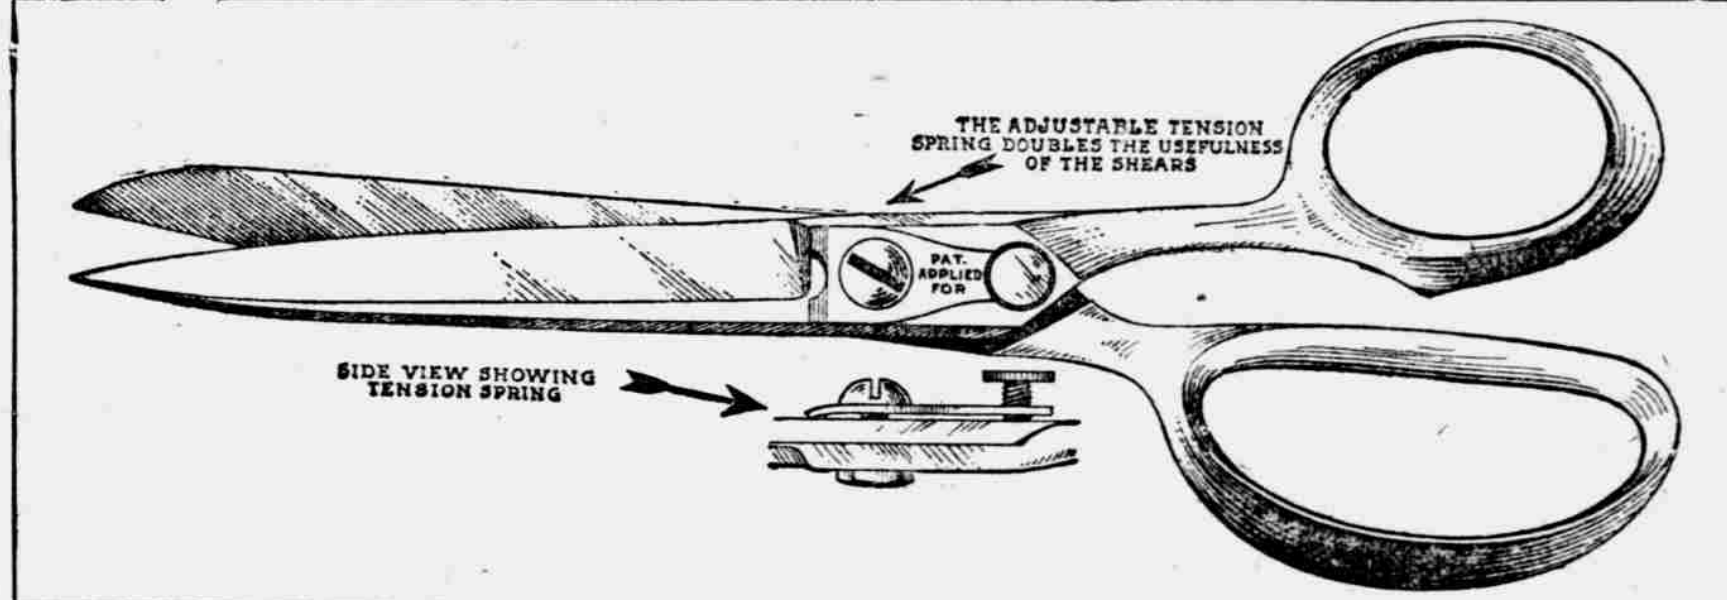

To Palladium and Sun-Telegram Subscribers

The Latest and Most Useful Household Invention

The cutting edge on these shears is indestructible and will never wear dull. They will cut anything and everything, from wet tissue paper to a heavy horse blanket. Note the Patent Tension Spring. It does away with resharpening entirely. Eight inches in length.

Eight-Inch Patent Tension Spring Shears

The Shears being distributed by the Palladium and Sun-Telegram are manufactured of the very highest grade steel, perfectly tempered and heavily nickel plated on a highly polished surface. The patent tension spring takes up all the wear on the rivet so that the cutting edges will never wear dull. A simple turn of the little thumb screw will adjust the blades to cut anything from the thinnest and most delicate fabric to the heaviest material. Every woman who has had the exasperating and trying experience of attempting to cut with a dull pair of shears, will appreciate the value of this new invention.

Read This Guarantee

We guarantee the quality of the material and the workmanship in these shears to be first-class in every respect. That the tension spring doubles the usefulness of the shears and does away with the necessity of resharpening. A printed guarantee certificate accompanies every pair and contains the following: "If this pair of shears breaks or becomes defective in any way within five years from the date delivered it will be replaced with a new pair free."—By The Hamilton Silver Co., Chicago.

How to Get a Pair of These Shears Free in Richmond and Neighboring Towns
