Light frosts last evening in the northern part of Wayne county were reported this morning. This frost did no damage to the corn and other crops, owing to the dry condition of the soil. At Warsaw ice an eighth of an inch thick formed in dishes and pans. The temperature registered thirty nine degrees.

## FORFEITURE MAY BE CLAIMED NOW

Y. M. C. A. Building Has Not Been Completed Within Contract Specifications.

## DIFFERENCE OF OPINION.

NO NOTICE SERVED AND DIRECTORS DIVIDED AS TO NECESSITY—ALLOWANCES FOR MONTH MADE TO CONTRACTORS.

At the regular monthly business meeting of the building committee of the Y. M. C. A. held yesterday afternoon no definite settlement was made in regard to the contract with the contractors for the Y. M. C. A. building. The building has not been completed in the specified time. In the contract it states in very explicit terms that after the first day of September the contractors shall forfeit \$15 a day until the building is finished.

One of the directors of the committee stated that notice would be served on the contractors and the forfeiture would be claimed. Another member stated that there is no need for serving notice as the contract does not say that notice has to be served but simply states that the contractors shall pay that amount. Still another member stated that it is probable that no definite decision would be made until the final settlement with the contractors when some of the forfeiture will probably be claimed. The regular allowances were made the contractors for the month ended.
