

FAIR WOULD-BE DIVORCEES BALKED

Law Passed to Require Longer Residence in Dakotas Before a Divorce.

INTEREST IN ELECTIONS.

LAW OF LEGISLATURE REQUIRING RESIDENCE OF A YEAR EFFECTIVE ONLY AFTER REFERENDUM VOTE IN NOVEMBER.

Washington, D. C., Sept. 18.—There is a lot of interest throughout the east in the coming November election in South Dakota, and partisan politics is not responsible for this interest. Chairman Hitchcock and Chairman Mac, probably are not concerning themselves beyond the matter of South Dakota's electoral vote, but most other people want to know what South Dakota is going to do with her divorce laws.

For quite a number of years South Dakota has had the more or less desirable reputation of being the "easy divorce" state. People wearied of their marital bonds had only to establish a six months' residence in the state and the rest was easy. Sioux Falls became famous the world over for its colony of would-be divorcees.

Finally the better sentiment in the state revolted against this condition of affairs and the recent session of the legislature passed a law extending the time necessary for the acquirement of citizenship from six months to one year. The law does not become effective, however, until it has been approved by a referendum vote of the people, and this vote will be taken on the day of the November election. The concession to anti-divorce sentiment is not very large it is true, but it is a step in the direction of better things, and there is very widespread interest as to whether the voters will approve the legislative act.

BRYAN'S DAUGHTER WRITING PLAY

Mary Mannering Asks to Review It.

New York, Sept. 18.—Mrs. Ruth Bryan Leavitt, a daughter of Colonel William Jennings Bryan, is writing a play, and the manuscript is to be submitted to Miss Mary Mannering, who is appearing in the Lyric theater in "Glorious Betsy." Mrs. Leavitt wrote a vaudeville sketch, "Mrs. S. Holmes, Detective," which was produced in the Union Square theater here some time ago.

She was introduced to Miss Mannering last spring and mentioned that she was at work on a play, and as a result Miss Mannering requested that the manuscript be sent to her so she might consider it. It is understood that the play deals with American life, and introduces political complications. Miss Mannering is looking for a play in which to appear in New York next spring.

Common Sense And A Tablet

Do Away With Dyspepsia, Stomach Trouble and Make Meals A Pleasure.

When your stomach goes on a strike and mass meetings of indignation are held all over your body, then it is that you should sit up and take notice.

It is clearly and only a question of common sense—is this thing called Dyspepsia. Take away, by abuse, over eating, excesses and high living, the things which the stomach needs and you have dyspepsia and indigestion; then other maladies follow these—this is common sense.

The stomach is willing enough but you won't let it do its work. You take away the materials which are so necessary for it to use.

Give back these materials and dyspepsia and indigestion flee and the whole machinery of man begins slowly to move and do its work.

What the stomach needs is nerve force, fluids for its digestive glands, nourishment and power. All these necessities it takes from the blood. If dyspepsia gives nothing to the blood, the blood gives nothing to the stomach.

This is common sense also, pure, simple and unalloyed.

Stuart's Dyspepsia Tablets are common sense pressed by high power into tablets. In these tablets are powerful essences which go into the stomach, digest food, stop gas making, prevent decay of food, enrich the gastric juices, are absorbed by the blood and thus give it strength to furnish a better fluid for digesting the next meal. Every physician knows what comprises these tablets; every druggist has the same knowledge also. They are natural common sense digesters which do the work for the stomach quickly and well. Every drug store carries them, 50c per package. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

"Cheer up, my boy! You're bound to get the girl in the end." "I'm afraid not. Life ain't no melodrama."

THE THEATER

Miss Lucile Gardener With Thorns and Orange Blossoms.

"Honeymoon Trail"—Gennett.

From the standpoint of a production, "Honeymoon Trail" the very latest of La Salle triumphs, to appear at the Gennett tonight is distinctly in advance of anything that has been offered in Chicago hitherto and the work of the authors surpasses the brightest and wittiest lines of their former successes, "The Time, Place

Perfectly Scandalous; W. C. T. U. Worker Puts Booze in Her Coffee

Cranford, N. J., Sept. 18.—"There is a certain member of the W. C. T. U., who lives in Plainfield, and who sits in this audience at the present moment who puts liquor in her coffee and who drinks wine," declared Mrs. T. H. Tomlinson, president, in her address opening the Union county W. C. T. U. convention here.

Several women rose from their seats and tried to answer Mrs. Tomlinson, and the convention was in an uproar

and Girl" and "The Girl Question." The humor of the lines and the comedy of the piece are woven into an interesting plot with amusing situations and the usual grist of slang expressions.

"Thorns and Orange Blossoms."

The dramatization of the famous novel, "Thorns and Orange Blossoms" has lost none of its interest in stage form. The characters are well represented, and in point of scene and effects the stage pictures leave nothing to be wished for. In "Thorns and Orange Blossoms" patrons of the theater will long remember the production. There is an abundance of heart interest in the plot and there is a marked absence of lurid melodramatic features. It is well staged, and well acted by a special Rowland and Clifford company. "Thorns and Orange Blossoms" comes to the Gennett next Tuesday night.

Rosar Mason Stock.—Gennett.

The patrons of the Gennett Theater will be given a rare treat Monday, Sept. 21, by the Rosar Mason Stock company when it will produce for the first time in this city a most beautiful sensational comedy drama, entitled, "At the Risk of His Life." Six special vaudeville acts will be introduced between the acts of the play. For an inducement, ladies will be admitted free Monday night with each 30c ticket.

for fully ten minutes. But the president pounded her gavel until quiet had been restored and went on.

Women who give bridge parties, parties, gamble, smoke cigarettes and drink came in for condemnation from Mrs. Tomlinson. She said that the making and sale of root beer should be stopped, and that the prescribing of root beer and cider to patients by physicians was the stepping stone to deadly drink.

MARYLAND MAY LINE UP FOR TAFT

Situation in That State Cause Of Conference.

New York, Sept. 18.—The Maryland political situation is being considered at republican national headquarters, practically all of the state leaders having come here to consult with National Chairman Hitchcock, who has arrived from Cincinnati. In the belief of many of the officials of republican headquarters in the East, Maryland is about the only debatable state in their territory and the discussion therefore, is regarded as of great importance.

All of the members of the Maryland delegation said the friendliness of the business men of their state for Mr. Taft and his popularity with the masses makes it probable that the democratic normal majority in the state will be overcome.

EARLHAM HEIGHT TO BE SOLD

Grover and Layman, Promoters, in the City.

Grover and Layman, who four years ago opened up Earlham Heights on the western edge of the city of Richmond, will Saturday and Sunday offer for sale thirty-nine lots in this addition. These lots were held over at the former sale.

The promoters of the addition are well known in Richmond, having many friends on their former visit here.

ABANDON PORCH CAMPAIGN

TAFT IS NOW WORKING ON SPEECHES TO BE DELIVERED THROUGHOUT MIDDLE WEST—WANTS NO INTERRUPTION.

Cincinnati, O., Sept. 18.—Besides the excursion trains bearing the national league of republican clubs, which are scheduled to arrive here for the day and night celebration Tuesday, it was predicted at the Taft headquarters that Ohio, Kentucky and Indiana would swell the throng with many marching clubs. Among these will be clubs from Indianapolis, Columbus, Middletown and Hamilton. Every republican club of this city has been invited.

There will be a day meeting in G. A. R. hall and an evening rally in Music hall, at which Senator Foraker will preside, make a speech and introduce W. H. Taft.

Mr. Taft devoted the greater portion of Thursday working on the speeches he is to deliver through the Middle West and North. He announced this work would engross his attention to the exclusion of receiving delegations. This announcement is taken to mean the practical abandonment of the contemplated front porch campaign.

SHIVELEY SPEAKS FOR DEMOCRATS

Opens Rush County Campaign.

Rushville, Ind., Sept. 18.—The Democratic campaign was opened in this city last night when Ben F. Shiveley of South Bend addressed a crowd that half filled the Kramer Coliseum. He devoted over two hours discussing the tariff question, but brief mention, hardly a dozen words, was made on state issues. His only reference to Mr. Marshall was that he was a stalwart and a good clean citizen. Frank J. Hall, Democratic nominee for Lieutenant Governor, was on the stage and introduced the speaker.

Real Talking Pictures Now The Star Theatre Will Have Them Today and Sat.

No doubt many of our readers have followed with interest the experiments of a noted German inventor trying to perfect a machine that would synchronize the sound and sight, so as to make moving pictures appear to really talk. The machine has now been perfected, and is called the syncroscope. Four of them have been shipped to this country and one of these will be on exhibition at the Star Theatre, 522 Main street, today and Saturday. The action is said to be really marvelous, and none should fail to visit the Star during these two days.

KING OF ITALY ADMIRAL DEED

Trip of United States Vessels Often Spoken of by Him, Says His Cousin.

AMERICANS ARE RECEIVED.

ITALY WOULD SEE MORE OF THE AMERICAN WARRIORS—ADMIRAL SPERRY SAVING GOVERNMENT MONEY.

Naples, Sept. 18.—The Duke of Aosta, a cousin of King Victor Emmanuel received a visit from Captain Wm. B. Caperton, of the battleship Maine, and Captain Ten Eyck Veeder and Lieutenant Harold E. Cook of the Alabama. They were accompanied by Caspar S. Crowninshield, the American consul here.

The Prefect of Naples, Sig. Gasperini, and Admiral Annovazzi, commander of the naval station, also were present. The Duke complimented the visitors on their achievement, which he said had been followed with the keenest interest in naval circles in Italy. He added that the King, during the last Italian naval maneuvers had alluded several times to the wonderful trip being made by the American fleet.

Sig. Gasperini offered the American officers and men every courtesy and facility during their stay here.

The admiral called attention to the fact that this was the first time two American battle ships had even been seen at Naples at the same time, and he expressed the hope that such visits would become more frequent.

BIG SAVING IN COAL.

\$75,000 Saved by Sperry on Battleships' Voyage.

Washington, Sept. 18.—Admiral Sperry, commander of the Atlantic fleet, according to estimates made at the Navy department, will have saved \$75,000 in coal consumption of the Atlantic fleet by the time it reaches the east coast of the United States from its voyage around the world. The navy department will ask congress for an appropriation of \$2,500 for prizes to be distributed among the engine-room force of ships showing special economy and efficiency in coal consumption.

DRY WEATHER MAY STOP TRACTION CARS

Power Plant of I. & C. at Rushville Affected.

Rushville, Ind., Sept. 18.—The continued dry weather is likely to put the I. & C. Traction Company out of commission. The power house here is dependent upon the water in a mill race to cool the machinery and the water in the race is so low that the company is experiencing great difficulty in keeping a sufficient stream running through the plant.
