

# CONSTITUTION TO RULE ATHLETICS

Abuses of Sport at Local High School Will Be Curtailed.

FACULTY IS INTERESTED.

TO FORM PART OF BOARD OF CONTROL WHICH NAMES ALL MANAGERS FOR VARIOUS SCHOOL TEAMS.

Preliminary steps were taken yesterday towards organizing the Richmond High School Athletic association. The constitution was adopted and a board of control selected. The fact that the association is run by the joint control of the faculty and the students indicates success.

The new constitution provides for securing more privileges and curtailing abuses in athletics. The faculty members are to be chosen by the students and the students shall be chosen by the faculty. The board shall have the power by the new constitution to appoint new managers of the teams, but this rule will not go into effect this year as the manager of the football and basketball teams have been selected.

The constitution adopted yesterday follows:

## Constitution.

Sec. 1. The Athletic association of the Richmond high school, a member of the Indiana High School Athletic association, shall be composed of such members of the faculty and students as shall have paid an annual membership fee of (undecided). The principal of the school shall call and shall preside at all meetings. The secretary of the athletic board shall also serve as secretary of the association.

Sec. 2. The association shall put the control of athletics each year in the hands of a representative body to be called, The Richmond Athletic Board. This board shall be composed of three members of the faculty, not more than one of whom shall be a woman teacher, and three members of the student body, not more than one of whom shall be a girl student. The principal shall not be eligible to election on this board.

Sec. 3. The faculty members of the board shall be elected by the association at a regular meeting in the assembly room of the high school near the close of the school year. At this meeting five members of the faculty shall be placed in nomination by a committee of seven members of the student body publicly appointed by the existing board at least one week previous to the election. Nomination from the floor shall also be in order. The election shall be by ballot, each member voting for three of the candidates. The first three candidates arranged in order of the number of votes received shall be declared elected, this subject however, to the limitation imposed by Sec. 2, above.

Sec. 4. The student members of the board shall be elected by the faculty and shall be announced at the same meeting at which the faculty members are elected; these students shall not be members of the same class.

Sec. 5. The new board shall organize itself at the first regular meeting of the school year, and shall serve for one year. The officers shall be a chairman, treasurer, vice chairman and secretary. The treasurer shall be a faculty member and the secretary shall be a student member.

Sec. 6. The board shall hold a regular meeting each month of the school year and other meetings called by the chairman. The meetings of the board shall be private.

Sec. 7. Two faculty and two student members shall be a quorum of the board.

Sec. 8. The board shall appoint a manager for all athletic teams, this manager to be a member of the faculty as required by the Indiana High School Athletic association constitution. The captains of the respective teams shall be consulting student managers. The board may prescribe the manner of the election of captains. No member shall be eligible to serve as captain of a team during his term of membership on the board.

Sec. 9. The board shall have jurisdiction over the granting of the school initial. They shall formulate and announce to the school the rules that will govern them.

Sec. 10. The acts of the board shall be subject to veto by the principal.

Sec. 11. The absence of any member of the board from three consecutive regular meetings shall create a vacancy which shall be filled by the board.

Sec. 12. The principal shall have power to require the resignation of any member of the board and such vacancy shall be filled by the board. The board shall fill vacancies due to other causes. If, however, vacancies shall occur sufficient to render a quorum of the board impossible, the principal shall then fill the vacancies.

Sec. 13. The principal shall appoint near the close of each school year an auditing committee to audit the books of the association.

Sec. 14. Amendments to this constitution shall be by vote of the board at any regular meeting, but such amendment must have been submitted in writing by a member of the board at a previous regular meeting. For appropriating money or for amending the constitution there shall be necessary at least two affirmative faculty votes and two affirmative student votes. The amendment becomes effective when ratified by the principal.

# Affairs of the Sporting World

President Hermann of the Reds has displaced Manager Ganzel and next season Clark Griffith will pilot the Cincinnati outfit. When Griff first took hold of the New York Americans he was provided with a team of stars. He allowed this grand team to degenerate from pennant contenders to tail enders. The middle of this season, Griff, seeing his outfit hopelessly in the ruck, tendered his resignation. It was promptly accepted.

John Ganzel has made mistakes in managing the Reds this season, but at that he has accomplished more than his numerous predecessors. With a team of youngsters he has held grimly on to fifth place and the Reds will finish in that position.

American League fans in this city are nearly all pulling for Cleveland, and when they heard the Naps had stepped into first place there was great and loud rejoicing.

The press dispatches this morning stated that Ownie Bush's work at

shortstop for Detroit yesterday was the feature of the game. Bush may secure a regular berth with the Tigers. Third Baseman Coughlin has probably played his last game, and if Schaefer makes good on third, Bush will probably continue to hold down Schaefer's old job, shortstop.

Victor Willis pitched the great Mathewson to a stand still yesterday, and the Pirates beat New York 2 to 1. While these doings were transpiring, the Cubs were administering a double spanking to Philadelphia.

Cincinnati tried out a new pitcher, a German, named O'Toole, on Boston yesterday. At the end of the fourth the hook was used on Mr. O'Toole, and the reliable ex-Notre Dame star, Dubuc, went in, and saved the game for the Reds. That Dubuc had gives promise of developing into a star. Hayden, formerly with Indianapolis, is leading off for the Cubs and has been playing great base ball. He played a prominent part in Chicago's double victory yesterday.

# FEW MINOR MATTERS

Council Did Not Labor Long Upon Usual Routine of Business.

BOARD TO GET BUSY.

Council spent most of its time last evening hearing the report and budget of the city controller and discussing the milk inspector's salary question, but it did find time to transact some other business.

The claim of City Physician F. W. Krueger for \$25 for treatment of Joe Rigo, who was badly carved up in a fight last month, was allowed.

Councilman Burdall recommended the removal of all poles in the Eighth ward not in use. He also asked that crosswalks be placed at the intersections of Grant and Sherman streets with Sheridan street. He also asked that a crosswalk be placed at Bridge and Maple streets. Referred to the board.

Mr. Burdall also called attention to the bad condition of the floor of the Doran bridge. He said some of the planks had no spikes in them while in other planks spikes protruded two or three inches. Referred to the board for second time. Former complaint was made by Councilman McMahon.

Mr. Ogborn complained that the Starr park on North Tenth street is neglected. This, he said, is the only park in the city neglected by the city. He also presented a petition for an arched light at North Fourteenth and J streets. Both matters referred to the board.

Mr. Williams stated that the C. C. & L. crossing on South J street was dangerous, and asked that the railroad be compelled to provide a watchman. Referred to the board.

Mr. McMahon stated that Councilman Leftwick, who is gradually recovering from a long illness, had asked him to inquire if the work of improving the North Twelfth street hill had started. He was informed that this work started yesterday.

An invitation to the twelfth annual meeting of the American League of Municipalities, to be held at Omaha, Sept. 30 and Oct. 1 and 2, was received, and on motion of Councilman Bartel, placed on file.

# CLUBS MAY WORK FOR NEW FACTORY

Commercial and Young Men's Business Clubs Made Proposition.

MAY SELL BEALLVIEW LOTS

IF EACH ORGANIZATION DISPOSES OF 100, IN EFFORT TO GET RAHN-CARPENTER FACTORY, REWARD WILL BE GREAT.

Assistance of the Young Men's Business Club and The Richmond Commercial club, in the disposal of lots in the Beallview addition, has been asked by the South Side Improvement association and the United Industrial company. At a joint meeting of the first named organizations and representatives of the latter two the proposition was advanced. In the original contract between the Rahn-Carpenter company of Cincinnati, which intends to remove its factory to this city, and the South Side Improvement association, the company is to be paid \$100,000 and in turn will issue \$40,000 of capital stock to the South Side association. Last evening the latter organization came forward with a proposition to give the Young Men's Business club and the Commercial club each \$10,000 of this capital stock, provided each organization disposes of 100 lots.

The proposal met with favor by the recipients and further inducement was offered, when it was guaranteed the company will buy back this capital stock at par value four years hence. This means that in return for the \$100,000 invested by the South Side association, besides the location of the factory, four years afterward it will be able to sell \$40,000 worth of capital stock back to the company at par value and then bestow on the two organizations that added it in the sale of the 100 lots, \$10,000 each.

Before going into the matter the Commercial and Young Men's clubs desire to make independent investigation. This investigation is not through any tinge of suspicion as to the sincerity of the proposition, but is adopted merely as a protective measure. The two clubs hold a favorable opinion of the proposition. The Rahn-Carpenter company is regarded as a concern that would mean a valuable acquisition to the city. Edgar Hiatt and Edward Swayne of the Commercial club and Edwin Cates and S. S. Strattan, Jr., of the Young Men's Business club, compose the committee that will go to Cincinnati.

# CONFERENCE ACTION

It Too Brings Pressure to Bear Upon Walter Ratliff.

U. B. CHURCH FOR OPTION.

Richmond ministers have not stood alone in their attempts to bring influence upon Walter Ratliff, state representative from Wayne county, so that he will support the county local option measure now before the special session of the legislature. At the White River conference of the United Brethren church at Economy, the following resolution was adopted: Walter Ratliff:

We, members and ministers of the U. B. church in Christ, assembled in annual session at Sugar Grove, Wayne county, Indiana, kindly, yet earnestly request that you, a member of the legislature now in special session, represent our views by voting for county local option and not for the interest of the brewery.

On behalf of the ministers of White River conference this 19th day of September, 1908, Cordon, presiding elder, and Elias Clapp, secretary.

# MYSTERIOUS ROBBER

Man Claims Money Was Stolen From Trousers Beneath His Head.

POLICE ARE INVESTIGATING.

Peculiarly mysterious was the robbery of W. C. McGinnis, of Peru, a conductor for the C. C. & L. railroad, as he lay asleep in a caboose in the freight yards last night. The alleged robber secured \$45 of the conductor's money. McGinnis and a brakeman named J. A. Loring, of Peru, had gone to sleep. McGinnis had removed his trousers and after rolling them up placed them under his head for a pillow. Yesterday was pay day for the railroad, and he had a good portion of his pay in his pockets. Loring kept on his clothes while he slept.

F. H. Dunham, the other brakeman, entered the car at about 12:30 o'clock. He noticed a trunk belonging to Gilbert Scott, of this city, a company painter, was open and looked about the car. He awoke the sleepers and then McGinnis discovered his loss. The police are without a clue.

tion of temperance folks, had climbed upon a chair, following the adjournment and began a lively speech. It was not lively enough for Horace E. Murphy, of Muncie, who succeeded him to the chair and he made the remark that all who were against county option were brewery hirelings or saloon bums.

Goes After Preacher. Dr. C. P. Coble, a democrat of Dubois county, took exception and started to make his way through the crowd. He said afterward he would have hit Murphy had he got to him. Murphy got off the chair and out of the way.

About the same time, Representative Barkley, democrat, of Franklin county, was engaged in the same sort of argument with a minister from

Muncie. The minister, it is alleged, declared Barkley was drunk. Barkley was never known to drink and the remark made him furious. He jumped for the minister, but could not reach him. By this time things were in an uproar.

The capitol police was called and by escorting three or four of the offenders out of the hall and directing others to leave, they restored order. "Old Wayne is for local option" badges were not seen in the melee.

## Conference Held.

A conference of the senate republicans for the purpose of agreeing upon the form in which the county local option bill should be passed, adjourned at one o'clock without having reached an agreement. It was decided to ask for an hours recess when the senate convened in order to continue the conference.

ans, as for this man (Campfield) he is as untrustworthy as a yellow dog. I would not trust him in anything where there is money at stake. The commission will have nothing more to do with him. As for the allegations regarding Governor Hanly, when the second contract was let, he had nothing at all to do with it. He was at Baltimore attending a conference of the M. E. church.

After naming over many particulars in which he said Campfield had not lived up to his contract, McAdams said:

"He made a contract with a certain firm for brick to the amount of \$4,200. He has never paid them a cent."

"That is not true," declared Campfield.

"Then you paid the firm within the last two weeks."

"No, sir!" said the former Richmond man.

G. A. H. Shideler, of the commission, replied to statements of Campfield that political friends had been favored in the specifications and otherwise, by referring to the selection of Dr. E. S. Smith of the Easthaven hospital, Richmond, for supervisor of the new institution.

"We have had no malice toward Campfield," said Shideler. "But forbearance ceased to be a virtue. We could not believe him. We showed the patience of Job with a man who from 7 a. m. to 7 p. m. can make more lies than any other man I know and make them in bogey every time."

Dr. Smith explained that it is expected to recover enough on Campfield's bond to offset the \$151,000 asked of the legislature.

The committee decided to have a further hearing of the case before reporting on it.

tem, and the enactment of a building code she would be put in the first rank.

"We also want to call attention to the fact that the figures on this point are very much against this statement of the companies. In taking the figures for the last ten years we should get a fair average of fire losses. For the ten years ending with 1907 the fire losses in Richmond aggregated \$191,053. In this same period of time the city paid to the companies in premiums the sum of \$667,765.88. These figures do not indicate a necessity for increased insurance rates, nor that the "plants, as a rule, are in a very bad condition."

"The committee instructed Secretary Haas to secure information concerning the reliability of the different mutual companies for the benefit of the members of the Club, and also recommend that someone from abroad, who is thoroughly posted on the subject of mutual fire insurance, to make an address to the club in the near future."

The committee is composed of S. E. Swayne, A. H. Bartel, G. H. Knoellberg, S. E. Jones and John L. Rupe.

The usual appropriation of \$720 for live stock inspector is not provided in next year's budget owing to the fact that the local inspectors of live stock are in the employment of the national government and a city inspector is no longer required.
