

## TAFT SPEECHES AROUSE BRYAN

Nebraskan Says Rival's Conclusions Are Insult to Voters.

HE SPEAKS ON PUBLICITY.

CLAIMS HE HAS BEEN MISREPRESENTED BY REPUBLICAN CANDIDATE—MAKES DENIAL OF RYAN CHARGE.

Lincoln, Neb., Oct. 2.—Declaring every disinterested voter knows what large contributions have been used to secure mortgages upon officials, W. J. Bryan last night issued a statement criticising the adoption by W. H. Taft, his republican opponent for president, of President Roosevelt's announced view on the subject of the publicity of campaign contributions.

"Mr. Taft," said Mr. Bryan, "makes the same charge the president does—the astounding charge that the voters are so liable to be misled that the knowledge (as to the amounts and sources of campaign contributions) must be kept from them."

The democratic nominee then added: "I insist this is an insult to the intelligence of the voter and it does little credit to Mr. Taft's judgment of the men to whom he is making his appeal."

Following is Mr. Bryan's statement: "I am surprised to find Mr. Taft in the president's views on the subject of publicity as to campaign contributions, but since he holds these views I am glad he makes them known. We now have publicity before the election" as to his opinion, even if he does not believe in publicity of contributions until after the election. He fails to see the difference between the publication of contributions before election and the publication of expenditures before the election.

"The publication of expenditures is required to show whether corrupt methods have been employed in the election, and as the expenditures continue up to the close of the polls it would be impossible to make a complete publication until after the election."

"The publication of contributions ought to be before election. The main reason for the publication of contributions before election is to show the public the sources from which the contributions come, that the public may know which party predatory interests are supporting. Every disinterested voter knows that large contributions have been used to secure mortgages upon officials."

"Mr. Taft says 'the proper object of a publicity law is to prevent the use of money for bribery and other improper purposes and to enable the public to determine where the contributions made were properly expended for legitimate purposes.'"

Indorses President's Position.

"He then proceeds to indorse the position taken by the president, declaring the chief objection to the publication of contributions before the election is that it makes certain that in the heat of the controversy the motive of those who contribute to pay the legitimate expenditures of the campaign will be misconstrued, perverted and misrepresented."

"It is fair to charge, therefore, that Mr. Taft is either expecting to receive contributions which would arouse just suspicion among an intelligent people, or contributions which, if known, would arouse an unjust suspicion among a people too ignorant to form a correct judgment upon the facts."

"Mr. Taft misrepresents what I have said in regard to Mr. Hughes. I called attention to some of the contributions that were made to Mr. Hughes' fund and in view of the fact that Mr. Hughes attacks the remedies presented in the democratic platform as a cure for the trust without advancing any remedies of his own, and in view of the further fact that this testimony was quoted by the president against me, I asked the president whether he thought these contributions by trust magnates would lessen or increase the weight of Mr. Hughes' testimony on the subject of trusts."

Mr. Bryan referred to Mr. Taft's statement that Thomas F. Ryan contributed \$15,000 to the Nebraska campaign fund in 1904 and said: "Mr. Ryan did not contribute any money to the Nebraska campaign fund. The national committee contributed \$15,000 in 1904 and the members of the national committee who had charge of the fund have stated that the contribution was made from the general fund of the committee and was not contributed to the committee by any one for the purpose of being sent to Nebraska."

Animals and Ogers.

Writing in *Suburban Life*, Charles D. Kellogg, the well known naturalist, says: "The matter of odor is an extremely interesting one. Most creatures have an odor which indicates friendliness and another which indicates anger. Always holding the thought of love toward every living creature, just as I have tried to instill it into the mind of Don, my dog, I have never hesitated to take up animal, reptile, bird or insect. My first thought of a reptile odor was that of snakes. Yet people told me that this creature gives off a noxious stench. Now, this latter odor is present in any wild creature's body when it is disturbed. The bodies of human beings give out odors which are keenly apparent to wild creatures and indicate the feeling which men and women have for them, whatever it be, love, fear or hate."

## WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service for People Who Work in Richmond.

Most Richmond people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Richmond cures prove it.

Martin Bulach, Tailor, of 433 South 11th street, Richmond, Ind., says: "A number of years ago I was troubled with backache. The kidney secretions were also too frequent in action. The trouble being brought on, I think, by the nature of my work. Doan's Kidney Pills were recommended for such disorders and I procured a box from A. G. Luken & Co's drug store. After using them a short time, the aches and pains disappeared and the kidney secretions became normal. I thank Doan's Kidney Pills for the relief I found through their use and recommend them to anyone suffering as I did."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## OWEN WITH HASKELL

Member of Citizens' Alliance of Oklahoma, Anti-Labor Body.

PLAYS PART OF HYPOCRITE.

Chicago, Oct. 2.—Now it is United States Senator Robert Owen of Oklahoma who has become involved in the controversy in that state caused by the alleged affiliations of Haskell with the Citizens' Alliance, the anti-union labor organization formed there. Senator Owen recently has been delivering speeches telling of his own friendship for labor and urging the members of trades unions to vote against W. H. Taft.

It was only the first page of the roster of the Muskogee Citizens' Alliance with Haskell's name at the top, which was reproduced for similar last Friday. It carried the pledge of the signers that "We and each of us will do all in our power to discriminate against any and all union men who may hold a union or assembly card."

Today the second page of the tell-tale roster came to Chicago, and well up to the front of the list was the signature of Senator Owen.

The records also show that Governor Haskell paid dues in the organization until August, 1905.

## Keep Baby Healthy In Summer

It is easier to keep some children in health in winter than in summer. And yet it is very important that the child should be strong and well during the hot weather. In the first place, a very little ill is liable to develop into a large one in summer because of the germs in milk, water and many kinds of food. Then, if the child is well and strong it can find more amusements outdoors in summer and the health it thus obtains will go far towards making it robust enough to stand the cold weather. You should be especially careful not to allow your children to become irregular in their stools during the heated term. You can give it, and the surest permanent cure, is Dr. Caldwell's Syrup Pepsin, the guaranteed laxative-remedy. It is exactly suited to the needs of children because it is gentle and mild in action, absolutely pure and free from narcotics, pleasant to take, and yet does its work promptly and efficiently. Thousands of mothers keep it constantly in the house against emergencies, and as a bottle costs only 50 cents or \$1.00, and can be conveniently obtained of any druggist, no family should be without it. Any member of the family may need it and if you are one who has never tried Dr. Caldwell's Syrup Pepsin and would like to do so before buying it in the regular way, you can obtain a FREE BOTTLE by sending your address to PEPSIN SYRUP CO., Monticello, Ill.
