WILL GOMPERS EXPLAIN?

One of the things which Mr. Gompers may (or may not) take the pains to explain, is the action of the Alton, Ill., Glass Blowers' union which is the largest union of the bottle makers association. The seven hundred bottle makers in Alton are loud in their condemnation of Pres. A. D. Hayes, who is also vice president of the American Federation of Labor. The men say that their trade's only salvation is protective tariff. Many of the workers were once Cleveland men, and were hurt by four years of depression and a six years' cut in wages. Therefore they denounce Hayes for attempting to lead them into the Bryan camp.

And now comes the Steel Workers of Terre Haute, Ind., who withdrew from the Central Labor Union because that body had decided to sponsor the Gompers' meeting. The president of that organization said that the organization could not join in partisan politics. This same organization turned down an appeal for funds.

This is not all, for fifteen of the leaders of Minneapolis signed a circular Gompers' methods in trying to deliver the labor vote.

These are things that Mr. Gompers may (or may not) explain. Perhaps Gompers will also take time to tell his audience just how much labor legislation stands on the federal statutes as the result of democratic legislation. It would not take long—there is none.

All the labor legislation up to date has been the result of republican votes. Perhaps Mr. Gompers will tell of some things which Mr. Bryan has

done for labor. There is not the slightest record of a single measure on the federal statutes which Mr. Bryan voted for to help the cause of labor, nor is there one which he introduced or advocated. Perhaps Mr. Gompers will tell the voters why Mr. Bryan did not at the time he was in Congress—a time when the democratic party was entirely in power.

Perhaps Mr. Gompers may (or may not) tell why the Brotherhood of Railroad Engineers condemned Taft for his decision on the bench in regard to their organization and four years afterward in St. Louis they used his decision to withdraw the injunction because this infamous enemy of labor had laid down the principles upon which they could organize, elect officers, collect funds, could go and conduct strikes and why it was that on the strength of Taft's decision they induced the judge to withdraw the injunction and went ahead and won the strike.

Perhaps Mr. Gompers will explain that. He may (and he may not). Taft's record does not mean that he has been on the bench alone. He has been an employer of labor. Thirty thousand men were under him in Panama.

Perhaps Mr. Gompers will tell why it was that when Mr. Taft was called on to settle a wage workers dispute, it happened that Taft gave them the reasons why he could not raise the wages. Did that create a disturbance? No. They were satisfied with his fairness and straightway elected him a member of the Shovelers' Union. Why? Perhaps Mr. Gompers may tell the may or may not. There is a suspicion current that Mr. Taft is fair and square. But Mr. Gompers may not recognize that.

The fact is that organized labor is not going to be stamped by what its president says. Labor is intelligent and can not reconcile the facts in regard to the campaign.

The very life of labor organizations depends upon the decisions of Taft and not on the words of cheer afforded by the democratic party.

The labor laws of the United States were placed on the statute books by republican votes and not by Mr. Bryan or the democratic party.

Mr. Gompers may (or may not) mention these facts.

It is well that they should be known.

WATSON'S RECORD.

The announcements which Mr. W. D. Foulke made in favor of Watson at the coliseum on Tuesday, are of special interest in this community. The unquestioned integrity of Mr. Foulke and his close acquaintance with Roosevelt are convincing reasons for the support of Watson.

Watson's record in congress has been maligned and slandered by personal enemies. The lies which have been told against him are refuted by the congressional record and by the words of the president. The lies which have been circulated were calculated to hurt him in this district.

Watson voted with his party on the bills for the benefit of labor. Watson supported and worked for the remedial legislation asked for by the president.

As this is the crux of the situation it is up to the people who have been making statements to the opposite, to openly disavow their previous statements and to say that they were mistaken. If they have been misinformed now is the time to say so or to bring evidence forward to controvert the statements of Roosevelt and the record of votes in congress.

Mr. Gompers is one of the men and there are others in this vicinity. Will these men say they were misinformed or will they prefer to keep silent on the subject?

The Matrimonial Noose.

Jenks (gleefully)—I've got a conundrum for you, old man.

Jenkins (wearily)—Well, what is it?

Jenks—If a girl sues a fellow for breach of promise and compels him to marry her isn't that what you would call being lassoed into matrimony?

And the only answer Jenkins made was, "Oh, you go hang yourself!"—Exchange.

Bacon—Do you think it is proper for a man to say things behind his wife's back? Egbert—Well, if he's trying to button her dress how can he help it?

RAILROAD MEN STAND FOR TAFT

Organization of 2,000 Members Perfected in Marion County.

5,000 EXPECTED TO JOIN.

RAILROAD MEN HAVE PROSPERED UNDER THE ADMINISTRATION OF PRESIDENT ROOSEVELT, IT IS SHOWN.

Indianapolis, Ind., Oct. 17.—Men employed in Marion county by the different railway corporations have organized a Railway Employees Taft club, which starts with a membership of 2,000. The club was organized by George W. Hardesty, Big Four conductor, and Charles W. Crowe, a Vandavia line baggage master.

"We will have a membership of 5,000 by next Saturday night," said Hardesty.

The club has opened headquarters in room 318 Saks building. The clubhouse may be reached over old Main 1208 or New 1265. The club proposes to give noonday meetings in some of the big railroad shops next week. The following reasons are given why railroad employees should support W. H. Taft:

Because the railway employees have had their wages increased \$100,000,000 per year under the administration of President Roosevelt.

Because this increase was due in a large measure to the mediation of Chairman Knapp of the interstate commerce commission and Commissioner Neal of the bureau of commerce and labor.

Because these same agencies were active and assisted in preventing a recent reduction of wages.

Because the Republican party enacted the employers' liability law, which will secure untold millions to crippled railway men and their heirs.

Because the Republican party enacted laws compelling the railway companies to install the most modern appliances, thereby protecting the lives and limbs of the employees.

Because a Republican congress passed the sixteen-hour law, by which the health and lives of our fellow workers are protected.

Because a Republican congress passed the ash pan law, saving every engine man, and especially every fireman, from the danger of losing his life under his engine.

Because the present Republican administration recognized the railway employees of the country by the appointment of our fellow worker, the Hon. E. E. Clark, a member of the interstate commerce commission, which commission deals with every problem affecting our interests.

Because President Roosevelt appointed the late Frank P. Sargent commissioner of immigration, besides many other railroad men to positions of honor in the councils of the nation.

Because we have been treated justly and generously by the Roosevelt administration we are in honor bound to support its policies.

Because W. H. Taft stands for these policies he is entitled to the unanimous support of the railway employees of the country.

MEMBERSHIP RATES GIVEN.

RULES GOVERNING ROOMS TO BE RENTED IN BUILDING HAVE BEEN DRAWN UP—MEMBERSHIP RATES.

The application blanks for the Seniors, Sustaining and the Limited membership in the Richmond Young Men's Christian Association have been issued by Secretary Goodwin. The blanks for the Intermediate, Junior and Preparatory have also been issued by Orville Brunson who is secretary of the Boys' department.

For all the boys between the ages of 10 and 18 who join now will be considered charter members in the association. Already there have been over fifty joined under Mr. Brunson and the prospects are that there will be at least one hundred before the building is completed. If they join now they are admitted for \$1.00 less than they would be otherwise. Special effort is being made to induce the working boys to accept the present opportunity and join now. Mr. Brunson has visited several of the boys and told them that they would be just as welcome as the school boys and would receive just as many benefits. Later there will be classes in all subjects that there is a demand for.

The membership rates are:

Seniors—Age 18 or over, \$10.00 first year, \$9.00 second year, \$8.00 third year and after. Entitles to all privileges.

Sustaining—Age 18 or over, \$15 or more per year. Entitles to all privileges and special Locker Room and Bath Room.

Limited—\$3.00 per year. Entitles to privileges except Gymnasium, Swimming and Game.

The reduction in fees on second and third years is made only to those who renew their membership within fifteen days after it expires. Arrangements may be made to pay membership fees by installment.

A man is eligible to membership in the Association not because of religious belief or social or financial standing; the one requirement is good moral character.

By the action of the board, any of the Seniors joining within thirty days after the building is opened, the membership rate will be lowered one dollar.

The membership of the other departments is as follows:

Intermediate—Boys 15 to 18 First year, \$7; second year, \$6; third year and thereafter, \$5 annually. This membership includes the use of the gymnasium, baths and swimming pool three times a week and the use of the boys' rooms every afternoon and evening.

Two Vital Questions Presented to Thomas R. Marshall By Paper

Crawfordsville, Ind., Oct. 14.—In the evening edition of the Journal, the official Republican organ of Montgomery county, appeared two questions which Thomas R. Marshall is challenged to answer when he speaks here Wednesday. The queries are:

"How can you, as a trustee of Wabash College, as well as a candidate for Governor, ask the temperance people of Montgomery county to endorse you and your plans which will keep the college, the city and the county under the blight of the saloon?"

"How can you ask the parents and friends of these boys, for whose welfare you are in a degree responsible, to support you and your program of leaving the saloons in the Third Ward?"

In addressing Mr. Marshall, the Journal also says:

"The authorities of Wabash College will tell you that county local option is the only thing that will give the institution a chance to get rid of the saloon influence."

The saloons of Crawfordsville are all in the Third Ward.

The questions set forth are thought by the local temperance people to be fair ones, and ones which should be answered by the Democratic nominee.

Lord Bacon Said, "Digest"

This is the Secret of Life in Business Or in Health.

It is claimed that Lord Bacon struck the prime keynote of life when he wrote: "Some books are to be tasted, others to be swallowed, and some few to be chewed and digested."

He wrote of books; many who have followed him have written likewise of life. The man who digests his business, makes success; the actor or actress who digests his or her art brings fame; the man who lives life and digests it as he should lives as was the intention he should live.

It is not the food you swallow or taste that brings happiness to you; it is the food you digest.

If you swallow and taste and don't digest and chew, nature cannot give you health, for you do not furnish the ammunition.

Stuart's Dyspepsia Tablets contain in pure, concentrated form the essences which, when they reach the stomach, turn dyspeptic conditions into those of healthy digestion.

These little tablets are dissolved in the mouth by saliva; they mix with this fluid and are passed down into the stomach, where they immediately set to work upon the food and digest it. They are many times more powerful than the human digestive fluids, and thus replenish Nature with those juices which sickness, abuse or wrongful eating have exhausted.

The world's best chemists in Europe and America agree on the ingredients best adapted to perfect digestion. Stuart's Dyspepsia Tablets are these ingredients presented to the stomach in the most pleasant and lasting form.

Powders and liquids soon lose their effectiveness through chemical actions and decay. Stuart's Dyspepsia Tablets are made under terrific pressure, and their qualities are thus made lasting.

Forty thousand physicians prescribe and use these tablets, and every druggist sells them. Price 50 cents. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

A Darkening Race.

Where are the fair haired people we used to admire? Look where we will Brown hair or dark hair predominates.

There are some who tell us that the time is coming when the genuine golden haired beauty will be as rare as the "corner" butterfly and that to have a head like a wheat sheaf will be to proclaim aloud that the coiffeur's artful aid has been invoked.—London

Heart to Heart Talks.

By EDWIN A. NYE.

Copyright, 1908, by Edwin A. Nye.

DOES IT PAY?

Does it pay to do wrong "according to law?"

That is to say, if you should escape legal penalty does it pay to do unrighteously?

This generation, which inclines to put everything on the pay basis, ought to have interest in that question.

It does not pay. Because—The penalty of the statute law is not to be compared with that of the moral law.

There is a barrier between you and a dishonest dollar, a dishonest deed. CLIMB OVER THAT BARRIER AT YOUR PERIL!

Does any one imagine, for instance, the command "Thou shalt not steal" is mere words? It is LAW—inferable as any law of physics or mathematics.

It is not a law because it is in the Decalogue. It is in the Decalogue because it is a law.

Some of us fall just here. We fail to understand that THE PENALTY INHERES IN THE LAW.

The penalty will follow, you may be sure. Every mote of the universe is leagued for its enforcement.

"Thou shalt not kill." "Thou shalt not commit adultery."

If you violate those laws you invite the sure penalty. If history proves anything it proves this: "SIN AND ITS PUNISHMENT GROW ON THE SAME STEM."

The sentence may be carried out in many ways. Eternal justice is not shut up to a single method. It has a thousand ways to punish.

The penalty may come through awful strain of mind or heart by way of remorse.

Or it may come through the shame of publicity.

Or by that gradual weakening of moral fiber that one day ends in legal apprehension.

Or through physical suffering. OR THROUGH THE CHILD.

"The fathers have eaten sour grapes and the children's teeth are set on edge." Heredity is one of the patient officers of the moral law.

You cannot escape because you cannot get away from yourself. The seeds of the sin are sown in YOU.

This generation needs the stern teachings of the law of moral compensation. A former generation may have been deterred from wrong doing, to some extent, by the preaching of hell fire and brimstone. In the reaction from this preaching to that of love and mercy the real terrors of moral punishment have been neglected.

Let it be thundered into the ears of men today, "The soul that sinneth it shall die."

UNION PRAYER MEETING.

A union prayer meeting will be held Friday evening at seven thirty o'clock at the home of Sarah Hawkins, 600 North Thirteenth street. All are invited.
