

## SPANISH-AMERICAN VETERANS RESENT

Charges Registered Against  
Watson and Goodwin  
Not Believed.

### GOODWINE NAILS LIES.

CIRCULAR DISPARAGING TWO  
LEADING CANDIDATES ON RE-  
PUBLICAN STATE TICKETS  
WORKS IN THEIR FAVOR.

Indianapolis, Ind., Oct. 16.—The attempt of B. W. Sullivan of this city to stir up opposition among old soldiers and Spanish-American war veterans of the state against James E. Watson, Republican nominee for governor, and Senator Fremont Goodwin, nominee for Lieutenant governor, has aroused the veterans to active support of the two Republican candidates. Opposition to Watson is urged on the grounds that he asked the removal of D. H. McAbee, state factory inspector and a G. A. R. man, for the appointment of William F. Blakey. It is denied at Republican headquarters that Mr. Watson asked the removal of Mr. McAbee, as McAbee's term had expired long before Blakey was appointed.

Senator Goodwin is accused in the circular of preventing the passage of the bill introduced in the legislature of 1907 at the instance of the Indiana department, G. A. R., providing an appropriation to secure cases for the preservation of the battle flags now in the state museum. It is charged that Senator Goodwin had sneered at the American flag while a member of the senate.

All the accusations were denied by Senator Goodwin last night. He explained that the G. A. R. bill was not reported for passage through a misunderstanding that he and Brig. Gen. Oran Perry, adjutant general of Indiana, had made a satisfactory explanation to the officers of the Indiana department. This statement was corroborated by Col. John R. Fesler, adjutant general of the Indiana department.

It was charged that Senator Goodwin had failed to notify the G. A. R. committee when the senate finance committee, of which Goodwin was chairman, would meet to discuss the battle flag bill, after he had promised to do so. Senator Goodwin said that his failure to notify the committee was purely an oversight due to the rush of business at the close of the session. He said he had so explained to the G. A. R. department officials and the explanation had been accepted.

"As to sneering at the flag," said Senator Goodwin, "I would be the last man on earth to do such a thing. My father, James Goodwin, had three brothers. These men and those of their sons who were old enough to enlist served in the war. There were ten members of the Goodwin family who served in the civil war. I had three brothers in the war. Frank, John Q. and William H. Goodwin. John was killed in battle and now lies buried in the National cemetery at Bauton, S. C. Frank contracted a disease in the army from which he afterward died. William is still living. One of my cousins was killed in the battle of Peach Tree Creek and two other cousins died in the service. Two of my brothers, Frank and John, suffered imprisonment in Libby Prison."

At the recent special session of the legislature Senator Goodwin secured the passage of the appropriation of \$12,000 for the preservation of the battle flags by having it incorporated in another appropriation bill.

### Women's Woes.

Richmond Women Are Finding Relief  
At Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Frances Hamilton, of 27 North Ninth street, Richmond, Ind., says: "I was induced to try Doan's Kidney Pills by my sister who had used them and been cured of kidney trouble. At the time I was having severe backaches and pains in my loins and shoulders, and I accordingly got a box of Doan's Kidney Pills at A. G. Luken & Co's drug store. I used only two boxes in all and was entirely freed from the aches and pains. I have never had a return of my trouble since, although it was several years ago that I used Doan's Kidney Pills. My sister and I both think there is no remedy equal to this one, and very gladly recommend it to other kidney sufferers."

I now take them as a tonic, and they keep me strong and well." 50c, at A. G. Luken & Co's drug store.

### INDIANA STUDENTS ENGAGE IN RIOT

### Make Rush on Theatre Billing Burlesque Show.

Bloomington, Ind., Oct. 16.—When the performance of a burlesque company at the Harris Grand theater was about half over last night, 100 students of Indiana university made a rush on the front door in an effort to get in without paying. The managers, ushers and attaches of the theater resisted the attack as best they could, but were overpowered.

The night policemen were then called and a general fight took place. Finally a riot call was sent in, the fire bells were rung and the firemen rushed to the theater, turning the water on the college boys and flooding the principal part of the opera house. After the students had been put out of the house stones were thrown, one breaking out a front window at the play house and another injuring Policeman Scott Davis. ## CANNON A BURGLAR HIS WIFE'S SHARE

Bryan Says Speaker of the House Is a Partner to Raids on People.

### BACKED BY CORPORATIONS.

Plattsmouth, Neb., Oct. 16.—W. J. Bryan closed his three days speaking tour of his home state with a large meeting in this city last night. It has been a notable day both in point of the number of speeches made, the size of the crowds addressed and the vigorous manner in which he spoke to his audiences.

A large portion of the day was spent in his old congressional district and the enthusiasm which had prevailed in his town of the state was intensified by the fact that these people gave him his first political distinction and have followed him with increasing confidence. Thursday they showed their affection for him by demonstrations at every station, and by crowds declared to be such as the town and cities had never seen before.

Compares Cannon With Burglar.

Speaking began early in the morning and continued throughout the day. More than twenty stops were made. At Tecumseh, in his denunciation of Mr. Cannon, he said:

"It used to be said of a noted criminal lawyer that a burglar never entered a house to commit burglary without first making inquiry as to the health of this lawyer, and no man in congress who plans a raid against the American people does so without first getting a promise of recognition from Mr. Cannon, the speaker of the house. He is backed by every predatory corporation in this country."

At that place he also denied that Mr. Roosevelt was the father of the policies which the reformers advocated, saying:

"Name a policy of President Roosevelt that you want continued and I will point to a policy that I advocated before President Roosevelt ever advocated it. Why don't you say that you want a Republican to continue Bryan's policies and not Roosevelt's policies?"

In discussing the panic he said Republicans are threatening a panic in case of his election, continuing:

"There will be a panic in one family, and that will be the Taft family, for Mr. Taft's federal salary will be with drawal for the first time in more than twenty years."

### WOULD MORTGAGE THE FARM.

A farmer on Rural Route 2, Empire, Ga., W. A. Floyd by name, says: "Buckner's Arnica Salve cured the two worst sores I ever saw: one on my hand and one on my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c at A. G. Luken & Co's drug store.
