MACK WRITES A LETTER.

DEMOCRATIC LEADERS OF STATE
ARE NOW ATTEMPTING TO SE-
CURE NAMES OF THESE BUSI-
NESS MEN WHO OPPOSE BRYAN.

Indianapolis, Ind., Oct. 17.—In re-
sponse to a letter sent out by National
Chairman Norman E. Mack the Demo-
cratic state committee is endeavoring
to secure the names of all business men
who give it as their opinion that the
election of W. H. Taft is necessary in
order to restore prosperity, and that
the success of Bryan means worse
times. Statements of this kind by busi-
ness men are looked up by the Demo-
cratic state committee as "attempts at
coercion." Stokes Jackson, Democratic
state chairman, announced some time
ago that he will prosecute all who at-
tempt to "coerce."

Secretary Joseph Reley of the state
committee said yesterday that all in-
formation received by the committee is
being sent to the national committee.
Chairman Mack has instructed the
state chairman throughout the country
to give the widest publicity to the
names of the accused business men so
that all their customers may know
their names, and added that while he
"could understand the indignation"
which prompted some Democrats to or-
ganize and adopt a boycott, or, as he
calls it, "the most radical resolutions,"
Secretary Reley said yesterday that
the state committee of Indiana would
not resort to a boycott of the business
men who urge the election of Taft.
"We have the names of several busi-
ness men and firms who are doing this
sort of thing," said Mr. Reley, "but we
will not use them until we have to."

Yesterday afternoon Edward O'Garra,
Democratic chairman in Tippecanoe
county, notified the state committee
charging that the Sterling Electric
Works of Lafayette had posted a sign
in its plant declaring that Taft must
be elected or the plant would have to
close. He said that the employees had
demanded that the sign be taken down,
but the company had refused.

GOOD NEWS OF A GREAT THING.

That Has Become the Talk of Thou-
sands.

There is a death at the end of ev-
ery life, but as we travel on toward
the grave we hope to be blessed with
good health, and when we have a
friend who has suffered for years with
some painful malady, it is good news,
indeed, when we are told of that
friend's complete recovery, and when
we hear of the remedy that made the
cure, we are bound to have confidence
in it. This is why Root Juice is so
well spoken of all over the country.
Mr. Sam Anderson, a well known
farmer living near Gas City, Ind., said:
"I tell you Root Juice is a great med-
icine. I suffered for years with rheu-
matism and stiff joints, and when I
awoke in the mornings I could hardly
raise myself from the bed. My feet
and hands were sore, stiff and painful,
more especially during rainy weather.
I had a great deal of trouble
with my back. Root Juice cured one
of my neighbors of a bad stomach trouble
so I thought I would give it a trial, al-
though my trouble was entirely differ-
ent. I purchased a bottle of Root
Juice and a 25c bottle of 'Use-it' Pain
Off. I rubbed my back and joints well
with the oil and took Root Juice pre-
cisely as directed. I felt so much bet-
ter after the first week that I bought
six more bottles of the Juice, also some
of the Liniment. In a few weeks ev-
ery symptom of my trouble was gone.
I now feel that the cure is permanent
and am advising all my sick friends to
try Root Juice."

Root Juice has proved its wonderful
merit to hundreds of Richmond people.

COUNTRY PEOPLE BATTLE FLAMES

Farmer Sets Fire to Stump
And It Spreads.

Economy, Ind., Oct. 17.—Dick Smith
was correct in his impression that
Thursday afternoon would be an ex-
cellent time to burn some stumps off
his farm, southwest of here. In fact
the conditions were really too good.
Not only were the stumps destroyed
but the blaze burned up the field then
jumped into the woods of Will Fouts
and thence into a cornfield.

The countryside turned out to battle
with the fire and it was some time before
it was entirely extinguished. The loss
will amount to considerable.

PEOPLE OF WEST ARE FOR TAFT

Milton Man Brings This Re-
port.

Milton, Ind., Oct. 17.—R. W. War-
ren, who has just returned from a
business trip through the west, re-
ports that the people of that section of
the country are solidly for Taft and
he cannot see where Bryan has a
chance to win. He states the St. Louis
business men are of the opinion that
Taft has an excellent chance of carry-
ing Missouri, as Roosevelt did.

It is a surprising thing to know
that New York city, although not
known as the American Venice, con-
tains more islands than any city but
Venice, for within its boundaries are
thirty-one separate and distinct is-
lands, most of which, encircled by
deep water will afford unlimited ship-
ping accommodations and dockage for
the future years, to reach undreamed
of proportions, judging from the past
and the present growth.—The "Giant
City New York," June National Mag-
azine.

SITUATION IN WAYNE PLEAS

Republicans Can Safely Pre-
dict a Large Majority
For Their Party.

SPLENDID RECEPTIONS.

SPEAKERS APPEARING OVER THE
COUNTY ARE AROUSING MUCH
ENTHUSIASM AS WAS DEMON-
STRATED AT ABINGTON.

The contented smiles all the mem-
bers of the republican county central
committee are wearing, are caused by
the splendid receptions being accord-
ed to all republican speakers in every
section of the county. During the ear-
ly part of the campaign general apathy
reigned among the voters of the
county, no one appearing to take any
interest in politics, but now the voters
are wide awake to the great import-
ance of the November elections and
old Wayne, which had been counted
as "doubtful", is again showing that
it is one of the republican strongholds
of the state. Republican leaders can
once again truthfully predict that
Wayne county will return handsome
majorities for Taft, Watson and Bar-
nard.

One of the most gratifying events
of the campaign, to the minds of the
republican leaders, was the splendid
reception accorded to Samuel H.
"Boomer" deputy United States District
Attorney, on his appearance in Abing-
ton, which has always supposed to be
one of the strongest democratic
strongholds in the county.

He was accompanied there by A. M.
Cardner and P. J. Freeman and they
stayed, on their arrival it appeared as
though the entire town had turned out
to greet them. The hall where Mr.
Spencer spoke was congested and dur-
ing the hour and a half he spoke on
national and state issues he was time
and again interrupted with the most
enthusiastic applause. So unlooked
for was this hearty reception that the
local politicians present were absolu-
tely dazed. The Centerville Glee Club
sang several republican songs and
these were applauded as warmly as
were Mr. Spencer's remarks. Mr.
Freeman presided at the meeting.

In every country district in the
county where republican speakers
have delivered addresses this fall they
have been received with the greatest
enthusiasm and it is an assured fact
that the out townships are solidly for
the republican ticket.

THROWS NEW BORN BABE UNDER HORSES

Police Holding Eighteen Year
Old Mother.

Decatur, Ill., Oct. 17.—Miss Alice
Lewis, aged 18 years, claiming East
St. Louis as her home, is held by the
police for a most remarkable case of
attempted destruction of her new-born
babe. The infant is being cared for
under the direction of the authorities.

When awaiting a train home at the
Union station here the girl gave birth
to the babe. She managed to reach
a side door and threw the child into
the boulevard, which was crowded
with teams.

An officer pursued Miss Lewis and
arrested her a block from the station.

Married Man in Trouble.

A married man who permits any

no opiates and is in a yellow package.

Shingles are now made under a
patented process from asbestos fiber
and portland cement. Owing to the
enormous pressure under which the
shingles are manufactured, it is said
that they absorb, when fresh, only
about 5 per cent. of their weight of
water, and when exposed to the at-
mosphere for a year or two that
zation make them absolutely imper-
meable.

ADDRESSES LETTER TO THEO. ROOSEVELT

Governor Haskell Presents a
Labor Query.

Guthrie, Okla., Oct. 17.—Governor
C. N. Haskell last night addressed an
open letter to President Roosevelt,
questioning the latter's change of atti-
tude toward organized labor and ask-
ing him if the Oklahoma constitution
made a convert of him. The letter
follows:

"Hon. Theodore Roosevelt, Washing-
ton:

"Did the Review of Reviews of Sep-
tember, 1895, quote you correctly in
one of your articles, from which we
quote you, saying:

"The men who object to what they
style 'government by injunction' are
as regards the essential principals of
government in hearty sympathy with
their skin-clad ancestors who lived in
caves and fought one another with
stone-headed axes and at the mam-
moth and the wooly rhinoceros. They
are interesting as representing a
zoological survival, but they are dan-
gerous whenever there is the least
chance of their making the principles
of their ancient buried past living factors
in our present life."

"They are not in sympathy with
men of good minds and sound civic
morality."

"If the above quotation is correct
when did you conclude that honest
laboring men, who object to arbitrary
and heavy conviction practically with-
out trial, are really good citizens and
entitled to enjoy the rights of life and
liberty. Was it the Oklahoma Constitu-
tion that made a convert of you?"

"C. N. HASKELL."

BIBLE MEANS OF
TEACHING IMORALITY

Ohio Instructor Says It Can
Be Grossly Used.

Champagne, Ill., Oct. 17.—"The Bible
may be made the means for teaching
immorality, if badly handled by teach-
ers," said President W. O. Thompson,
of the Ohio State University, in an ad-
dress to 1,200 teachers at the annual
meeting of the Eastern Illinois Teach-
ers' association today. He talked on
"Morals in the Public Schools," and
said the problem was personal with
teachers.

Beggars are never suppressed in
Turkey. The story is told (and they
say it is true) about an American
lady who by mistake gave a beggar
of Constantinople a gold piece.

The man had left his post when she
returned, but one of his colleagues
told her where he "resided." It was
a fine house and at the door was a
servant who politely informed the
lady that "my master is dressing. He
will be down soon." And then the
well groomed beggar dressed for din-
ner, appeared and gladly returned the
gold piece, exclaiming in the mean-
while that such mistakes were highly
embarrassing.

The term "internal revenue" has
been restricted in its meaning to such
revenues as are collected under the
internal revenue bureau connected
with the Treasury department, and
does not include all revenues that
are, properly speaking, from internal
sources, that is, sources other than
duties levied at the frontiers upon
arising from the sale of public lands,
from patent fees, or the revenues of
the postal service, are not generally
known as "internal revenues."

The Bavarian branch of the
Deutsche Bank in Munich, has made
a successful effort to introduce a sys-
tem of payment by post card checks.
The Frankfurter Zeitung announces
that in the interest of the universal
extension of the check system, this
bank abandons to the public the gen-
eral plan which was protected by an
imperial copyright that has been elab-
orated by it for its own use, as well
as for the check association of the var-
ious banks and bankers co-operating
with the Deutsche Bank. There is,
therefore, no longer any legal ob-
struction to the general use of the
post card check.
