

GEIGER'S TOE DEFEATS EARLHAM

Wittenberg's Quarter Boots
Ball From 38 Yard Line
And Wins Game.

BITTER CONTEST FOUGHT.

BOTH TEAMS TASTED THE JOYS
OF VICTORY AND DEFEAT—
COACH VAIL SAYS THE SCORE
SHOULD HAVE BEEN 6 TO 4.

Springfield, O., Oct. 24.—Although they played rings around the Wittenberg Varsity football team, the Earlham eleven was defeated here today by a score of 9 to 6. After they had seemingly snatched victory from defeat, a drop kick in the last ten seconds of play from the 38-yard line proved Earlham's undoing. When this sensational play was made Earlham led by a score of 6 to 5.

The game was one of the fastest and cleanest ever seen in Springfield, and was full of exciting plays.

It was bitterly contested, each team fighting hard for the victory and contesting every inch of ground from the first sound of the whistle until the whirling ball on a drop kick soared over the goal posts.

The crowd was kept in suspense and both teams tasted the joys of victory and defeat.

The first half was fast and furious with neither team able to score. Earlham kicked off to Wittenberg who, by a succession of forward passes and open plays worked the ball on downs. From that time on it was a seesaw game with the Quakers tearing off gains on line plunges only to be driven back by open plays and forward passes when the Wittenberg eleven secured the pigskin.

The second half was even faster than the first. Wittenberg kicked off to Earlham, who immediately began their old system of line plunging until the 30-yard line was reached. Then Halfback White tried a forward pass which fell square in the arms of Halfback Harford, of Wittenberg, who dashed across the goal line for the first touchdown. Earlham protested, but Referee Harter ignored it.

Hanning missed goal.

Earlham immediately came back and after the kickoff took up a steady march down the field. After three terrific tackle plunges by White, Beacher and Jones, Earlham forced the ball to Wittenberg's 5-yard line, where, under the shadow of the goal posts, the Lutherans stood firm. The fourth plunge, not to be denied, Jones drove through the line and, staggering under the load of Wittenberg men, landed the ball between the posts. White kicked goal. Score 6 to 5.

Determined to hold the advantage, Earlham played fiercely through the closing moments of the game, but with the odds against them and but ten seconds to play, Quarterback Geiger dropped back and booted a goal from Earlham's 38-yard line. He was borne off the field on the shoulders of his admirers. Summary:

Wittenberg, 9 Earlham, 6.
Sayer L. E. Reagan
Finck L. T. Walthall
Rasmussen L. G. Lewis
Crowell C. Stanley
Falls R. G. Denha
Zigler R. T. Johnson
Walker R. E. Furnas
Cole, Geiger Q. B. C. Jones
Wilson L. H. Beacher
Harford R. H. J. Jones
Hanning, C. F. B. White, C.
Touchdowns—Harford for Wittenberg; J. Jones for Earlham. Time of touchdowns, 4:11, 21:30 (second half). Goal from touchdown, White. Field goal—Geiger, for Wittenberg, time 25:25 (second half). Score end of first half, 0 to 0. Referee Harter of Wittenberg; Umpire, Waldrup, of Indiana.

REFEREE HARTER UNFAIR.
His Unjust Decision Cost Earlham Game Yesterday.

Coach Vail of the Earlham team arrived home last evening from Springfield and stated that had a competent referee officiated in the Earlham-Wittenberg game the Quakers would have won 6 to 4.

He allowed Wittenberg a touchdown made after he had called a foul. This action defeated Earlham. The play in question was a forward pass made by White of Earlham. As the ball was in the air Referee Harter, who played on the Wittenberg team last year, blew his whistle, calling a foul. Notwithstanding this a Wittenberg player grabbed the ball and ran the length of the field for a touchdown.

Referee Harter stated that he had called the foul because White had failed to pass the ball the required five yards from center and besides had made the pass after being tackled. Harter insisted that Wittenberg had the right to decline the penalty assessed against Earlham for the alleged foul and the touchdown counted. Mr. Vail pointed out to him that for fouls on any forward pass penalties cannot be declined and consequently the score could not count.

Harter was appointed referee because of the failure of the referee who had been selected to show up.

Scotland's Strange Birds.

From the small island of St. Kilda, off Scotland, 20,000 young gannets and an immense number of eggs are annually collected, and, although this bird lays only one egg per annum and is four years in obtaining its maturity, its numbers do not diminish. Obviously such birds must reach a great age or they would long ago have been exterminated.

HAMILTON BEATS RICHMOND HIGH

In Bitter Contest Quakers Are
Scored Against After
40 Minutes.

RICHMOND OUTWEIGHED.

LOCAL TEAM FOUGHT HARD AND
IT WAS NOT UNTIL LATTER
PART OF GAME THAT HAMIL-
TON SCORED.

Hamilton, O., Oct. 24.—It took the Hamilton team forty minutes to score on the fast eleven representing the Richmond high school on the fair grounds field this afternoon. Hamilton won the game by the score of 6 to 0. Both teams played hard during the entire game. It was almost a toss up as to which team would be able to make the first score. In the first half the Quakers who were out-weighted about ten pounds to the man, made a brilliant fight during the first half of the game and had the best of the locals although they were unable to plant the oval behind the goal posts. In the second half the battle raged fiercer than ever and not until the last few minutes, through the medium of a trick play, did Hamilton score.

Brunson and Goodenough were the stars for Hamilton, while Allison, Haas, Brown and Wann played creditable games. Hamilton made many gains through Hobson.

The lineup was as follows:

H. H. S.	R. H. S.
Graft	Wann
Left End	
Minton	Hobson
Left Tackle	
Schaffer	Ferling
Left Guard	
Fox	Graves
Center	
Joyer	Hale
Right Guard	
Barley	Brown
Right Tackle	
Distler	Magaw
Right End	
Sybold	Cox
Quarter	
Brunson	Hiatt
Left Half Back	
Goodenough	Haas
Full Back	
Marr	Allison
Right Half Back	
Referee—Gaston, Earlham. Um- pire—Wallace, Miami. Time of halves —25 minutes.	

LEAGUE IS FORMING

Business Men of City Will
Bowl During the Com-
ing Winter.

CITY LEAGUE STANDING.

Business men of the city are taking unusual interest in bowling, and as the result, a league is being organized by some of the prominent business men of the city. Although this league will not open until about November 4 or 5, its members expect to have some lively games.

There will be four five-men teams organized. The schedule and the teams are now being arranged by Mr. Crump. Some of the men who will bowl in the league are: Dr. Charles Bond, Frank Harold, R. E. Hall, William Bartel, C. T. Rockhill, H. S. Beck, Albert Reese, George Mashmeyer, Lee B. Nussbaum, Fred Lahrman, Fred Coffin, John Bartel, Charles Feltman, Frank Young-flesh, Frank Davis and Horace Hadley and a number of others.

The standing of the various teams in the City League has just been completed. The Richmonds hold first place with the Carman's, and Pirates tied for second, and the Entre Nous knocking at the cellar door. The following is the standing:

Richmond.	P. W. L. P.	Av.
Carman's	6 3 3	500
Pirates	6 3 3	500
Entre Nous	6 3 4	333

The next game will be played between the Carman's and the Entre Nous at the alleys Monday evening. This will be a hotly contested game as there is much rivalry between the two teams.

RESULTS OF GAMES

BUSTER BROWN AND HIS DOG TIGE

Coming to Richmond and will be guests of this store Wednesday, October 28, morning, afternoon and night. He's coming to show you the finest line of FALL AND WINTER FOOTWEAR

for men, women and boys and girls, ever shown here; all the latest that Fashion has decreed—new lasts, new tops, new shades, brown or black—in fact everything new in Footwear can be found here and will be shown by the only and original BUSTER BROWN AND DOG TIGE.

Boys and Girls, Have You Registered?

Get on the Buster Brown Reception Committee

Every little boy or girl in Richmond who desires to be on the Buster Brown Reception Committee is requested to call at our store on or before Oct. 28th, register their name and address, and receive FREE a Beautiful Souvenir which will be given to each member of the committee. Boys and Girls, come in and register.

We sell direct from factory to consumer, saving you the middleman's profit.

MOUNT'S STRONG LINE OF MEN'S SHOES FOR \$1.50

Buy Mount's strongest line of Men's guaranteed solid leather counters, heels and soles, box calf, vici kid, straight lace or Blucher, Plain or Tip, worth \$2.00 to \$3.00, our price \$1.50.

VAILE SCHOOL WINS OVER EAST ENDERS

Backfield for Victors Worked
Well—Score 27 to 5.

In a good game of football, the Vaile school simply snowed under the East Enders at the public school playground this afternoon by the score of 27 to 5. With Williams, Jefferies and Tate in the back field and the team managed by the fast little quarterback Butler, the East Enders were only permitted once to plant the oval behind the goal posts. For Vaile, touchdowns were made by Tate (2), Williams (2) and Butler (1). Jefferies kicked two goals. White, the full back for the East Enders who is considered one of the best of the younger players in the city played a good game, but he was unable to pull his team to victory.

Valle	East End
Niel	Sitoh
Right End	
Berman	S. Smith

Facts About the Vanderbilt Race

The first two cars, with the drivers, time of start and finish and the time of the race, follow:

—Robertson, Locomobile—	6:45:00	10:45:48 1-5	4:00:48 1-5
—Lytle, Isotta—	6:55:00	10:37:36 2-5	4:02:36 2-5

Distance, 258.06 miles.

Laps—Eleven times around circuit of 23.46 miles.

Winner's average speed, 64.3 miles an hour.

Best previous American record, 64.25 miles an hour, made by Lytle on same course two weeks ago.

Attendance, 250,000. Weather overcast with rain during night and in early morning, making the course wet and treacherous.

Start—6:30 a. m.

Course—Special parkway and road circuit in Nassau county, Long Island.

Nations Represented—America, Germany, France and Italy.

Betting Favorites—Robertson, Locomobile, No. 16, and Lytle, Isotta, No. 6.

Seventeen Entries.

Chevrolet	Matheson	American
Robertson	Locomobile	American

GOOD PARLOR TRICK.

The Demon Lump of Sugar Will Amuse the Audience.

An audience rather enjoys a laugh against itself sometimes, so try the conjuring trick with the demon lump of sugar and give it them.

Borrow two hats and place them crowns downward on the table. Take care to elaborately call attention to the fact that there is nothing under either of them.

Next demand a lump of sugar—be insistent that it may be one of a peculiar shape, easily recognized again by your audience.

When you have received it, hold it up well to public inspection and explain that after having swallowed it before their eyes you will after a very short interval bring it under either of the two hats, whichever your audience may choose.

The company—all agog with your last trick—will expect some clever sleight-of-hand and will watch you closely to see that there is no humbugging and that you really eat and swallow the lump of sugar.

Eat it openly before them all—crunch it unmistakably, so that they may hear you do it—and then ask with a great show of confidence under which hat you shall bring the lump.

The choice having been made, place the chosen hat with great solemnity on your head and thus fulfill your undertaking.

Your little piece of fooling will raise a hearty laugh in the audience at their own expense and establish a feeling of good fellowship that will make your other tricks go off with a bang.

JOHN J. MILLIONS uses Gold Medal Flour.

FARMER PROMOTERS

Agriculturists of Kansas De-
cide to Become Har-
rimans

BUILDING A RAILROAD.

Topeka, Kan., Oct. 25.—The farmers of Kansas have decided to join Harriman and Hill and become railroad magnates. They are now financing a railroad 294 miles in length, running from Denver northwesterly through the Rocky Mountains to the coal fields of Wyoming. They have raised enough money among themselves to complete the first sixty miles and have arranged to get enough to complete it. Every inch of the grade every rail and tie and spike will be paid for by money furnished by the farmers of Kansas.

The chief promoters of the road are John D. Milliken, a lawyer of McPherson, Kan., and former United States Senator W. A. Harris. Col. Harris has succeeded in interesting scores of prominent Kansas populists in the enterprise.

Leaf From Wall Street Book.

The way the road is being financed shows that Kansas farmers are on to the game of high finance, as well as Wall Street. The promoters first secured title to about 50,000 acres of valuable coal lands in Wyoming. These lands were spotted by Col. Harris years ago, when he was a civil engineer of the Union Pacific.

A company was organized to take over these lands and the stock is being sold to Kansas farmers at par. Already more than a million and a quarter dollars have been paid in by the farmers. It is proposed to raise an even \$2,000,000 in this way. Of this sum \$500,000 is to be used in developing the property. The other million and a half is to be loaned to the railroad company, known as the Denver, Laramie and Northwestern, for the construction of the line. All of the preliminary work has been completed and work has commenced on the grade. Contracts have also been made for rails and ties and equipment.

East Will Buy The Bonds.

The Kansas farmers, through Mr. Milliken and Col. Harris, have made a deal whereby the million and a half dollars of money will carry the enterprise through to completion. The money will be used to build the first sixty miles. As soon as that part is completed a New York financial institution has contracted to buy bonds up to the limit of cost. The funds from the bond sale will be used to reimburse the farmers' fund and this, in turn, will be used to construct the second stretch of sixty miles, and when this is completed the New York house will buy bonds on that stretch up to the limit of cost. The same process will be worked for the third and fourth stretches and when the road is finally completed into the coal fields, the New York house will take enough bonds to reimburse the farmers for all the money which they advanced to the road, through their coal and land company. Then they will spend that money developing their properties, buying more land, or extending their railroad.

"Panics" Cuts no Figure.

The million and a quarter dollars have been raised among the Kansas farmers since the October panic. Agents of the company have no trouble in selling the stock to the farmers. A managing officer of the concern stated today that the subscriptions would average \$3,300 each. Some farmers have subscribed as high

as \$20,000. The lowest subscriptions are \$1,000.

"Kansas farmers have \$150,000,000 cash in the banks," said he. "It is bringing them no returns. Why shouldn't they build railroads?"

While this project is not entirely new farmers have before this banded together to build various enterprises. It is attracting unusual attention in the east on account of the character of the men at the head of it and their methods.

THE WAY TO FUMIGATE.

Some People Think Duty Done.

Sulphur is burned. If you live in the country or when there is no board of health to fumigate for you after a contagious disease, it is well to know how to do it for yourself.

Some persons think their duty done if a few sticks of sulphur are burned in a room even after such diseases as scarlet fever or diphtheria. Unless properly used sulphur is quite ineffective.

The room must be air tight. This does not mean doors and windows closed, but practically hermetically sealed.

If possible, shut the windows so that they can be opened from the outside. It makes it easier on the one who must open the room after fumigation.

Have on hand plenty of cotton batting cut into strips three or four inches wide. This should be stuffed into all cracks around the doors and windows and in the keyholes.

Cover a register or fireplace with unbleached muslin tacked or pasted tight over the opening to prevent the fumes from escaping. An old fashioned blower can be used in the fireplace if the edges are stuffed tight.

Open bureau drawers and closets and open and hang up bedding and any underclothing that may have been

in the room.

Toilet articles of silver or brass furnishings should not be used in a sick-room, as sulphur will ruin them. If they have been used, wash them off carefully with carbolic acid solution or some other disinfectant and remove them before fumigating.

Buy rolled sulphur and break it into small pieces. Every 500 cubic feet of air space will take about a pound and three-quarters of sulphur. Three pounds to a room ten feet square will answer.

Remember that the effect of the fumes is heightened by moisture, so have vessels of water standing in the room and hang up wet sheets. The iron pot in which sulphur is burned can also be stood in a pan of water.

A small preserving kettle should be stood in a deep dishpan and both raised from the floor by inverted saw-erps or bricks.

If the sulphur is saturated with alcohol, it will burn better. It is well to investigate at the end of a half hour, for the sulphur may not have ignited. Do not open the room for twenty-four hours.

If you cannot get at the windows from the outside, cover the mouth and nose with a damp cloth until the window is reached and have a strong draft blowing from the hall.

Let the room air for a day before using again and wash off the woodwork and floor with a solution of carbolic acid and water in the proportion of a tablespoonful of the acid to a gallon of hot water.

For scarlet fever or diphtheria bedding should be burned or sent to be recovered. All toys that cannot be washed should be burned, and books as well. Scarlet fever has been taken from books after twenty years. Fresh paper should be put on the walls.

Kodol For Indigestion.
Relieves sour stomach, palpitation of the heart. Digests what you eat.
