**PROMISES TO  
RETURN TO WIFE**

**Wm. Cable Was Released by  
Court.**

Upon his promise to return to his wife and baby and care for and provide for them as he should, William Cable was released from the charge of wife desertion in the Wayne circuit court this morning. He was permitted to go on his own recognition under a bond of \$500 for his appearance in court whenever asked for.

Cable alleged there had been too much father-in-law in the case. He says he has been willing to return to his wife and baby and provide for them but his wife's father has refused to accept the reconciliation and demanded that he be prosecuted.

**WHERE BULLETS FLEW.**

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c, at A. G. Luken & Co's drug store.

**Spelling.**

"There were two words used in a spelling contest," said a Cleveland man who attended the wordy struggle, "that struck me as being particularly awkward examples of the weaknesses of our language. They were 'solemn' and 'thorough,' and several children slipped up on both. Let me hear you say 'thorough,'" he said to the other man.

But the other man waved him aside. "On your life," he answered. "Why should I spell anything? I hire a typewriter girl." —Cleveland Plain Dealer.

**TWO DIVORCE  
SUITS FILED**

**Women Charge Cruelty and  
Drunkenness.**

Two divorce suits have been entered in the Wayne circuit court, which tend in the allegations of the plaintiffs to show the perfidy of mankind. Agnes H. Litton asks for legal separation from Thomas R. Litton and charges him with cruel and inhuman treatment and failure to provide. She says he has struck her in the face with her fists and choked her.

Verla B. Stoffer claims Carl Stoffer is an habitual drunkard. She asks divorce and the custody of a minor child. She alleges cruelty, also.

**External Remedy For Eczema**

**Why Salves Fail\* While a Simple  
Lotion Has Accomplished  
Thousands of Cures.**

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and therefore prove they have no diseased blood.

Smear salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound known as D. D. D. Prescription stops the itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. The effect of D. D. D. Prescription in numbing the itching eczema germs is seen within one minute after the first application. We especially recommend D. D. D. Soap in connection with this treatment. ◆ How to Save \$2 on Cough Medicine by Making It at Home. ◆

◆ Cough medicines, as a rule, are mostly syrup. You can take a pint of Granulated Sugar, add half a cup of water, stir and let boil just a moment. This makes a pint of syrup as good as you could buy.

Get 2 1/2 ounces of Pinex, put in a clean pint bottle and fill up with the Granulated Sugar Syrup. The Granulated Sugar costs, say, 4 cents, and the Pinex, 50 cents. The recipe makes a full pint of excellent cough syrup, which keeps indefinitely, at a cost of about 54 cents. You couldn't buy as much ready-made cough syrup for \$2.50. This shows a clear saving of about \$2.

This home-made remedy will stop an obstinate, deep-seated cough quickly—usually in 24 hours. It is also splendid for colds, whooping cough, pains in the chest, bronchial troubles and similar ailments. Dose, one teaspoonful every one, two or three hours as required. The taste is very pleasant.

The effectiveness of this remedy is easily understood. The Syrup is an excellent sedative. The Pinex is the most valuable concentrated compound of Norway White Pine Extract, and contains all the natural elements which make the air of the pine forests so effective in curing tuberculosis and similar ailments. Dose, one teaspoonful every one, two or three hours as required. The taste is very pleasant.

Mrs. Henry D. Zuttermeister was hostess for the monthly meeting of the Olive Branch Bible class last evening at her home, 400 South Twelfth street. A short business session preceded the program. Several music numbers were given by Miss Ida Mauger and the Misses Vera and Madeline Zuttermeister, after the program, the hours were spent in a social manner. Later luncheon was served to about seventy-five guests. The class has a social meeting the last Monday in each month.

Miss Susan Kelsey entertained the members of the Ticknor club yesterday afternoon at her home on South Thirteenth street. The club for several seasons has studied plays written by Shakespeare. The club will meet next Monday afternoon with Mrs. John Coate, at her home on South Twelfth street. According to the year book, "Current Events" will be given by Miss Strickland and Mrs. Dennis.
