

TIDE TURNING TOWARD WATSON

Dark Clouds Which Hung Over
Republican State Ticket
Lifting.

STATE STANDS BY HIM.

FROM ALL LOCALITIES FAVORABLE
REPORTS ARE BEING
HEARD WHICH INDICATE HIS
ELECTION NEXT WEEK.

Lafayette, Ind., Oct. 27.—That James E. Watson is gaining rapidly and that his Democratic opponent, Mr. Marshall, is losing in a corresponding degree is the message one hears from the political workers in every part of the state during the closing week of the campaign.

"The tide has started toward Watson," is the story that comes from every section of the commonwealth. "It looked pretty bad for the state ticket for a while, but everything is coming our way now," declare the precinct workers in many localities.

The Watson campaign has left the "doldrums" and is moving rapidly ahead, with a good prospect of anchoring safely in the gubernatorial harbor one week from today. And, while the reports of gains by Watson are general over the state, it appears that nowhere else is he making greater headway than in the northwestern part. Two weeks ago Mr. Watson's friends were solicitous and the managers of the Democratic state campaign were in correspondingly high feather. The brewers, their allies and cohorts had been both noisy and active. The temperance element of the state had been quiet and reserved, and there was doubt in ordinarily well-informed quarters whether it would "come across" for Watson.

The later developments of the campaign have been very encouraging to Mr. Watson's friends and have largely dispelled the apprehension that existed before the candidates started on the homestretch.

Party Behind Watson.

The almost universal report, which seems worthy of the highest credence, is that as the people approach near to the ballot box many Republicans who were talking against Watson on account of the temperance issue earlier in the campaign, and who no doubt thought at that time they would vote against him, have decided they will not scratch, but will vote the ticket straight, from electors down to township assessor.

On the other hand, the reports show the temperance people are taking a livelier interest in the campaign, and that in the rural districts temperance Democrats who ordinarily vote their ticket straight are showing a pronounced intention to vote for the party that is pledged to keep the county local option law on the statute books.

AN HONEST MAN SAVED BY A PHILANTHROPIST.

Mr. T. A. Morgan, of Hammond, Ind., had suffered for years with his stomach and kidneys, and while the great Root Juice scientist was proving the merits of the Root Juice remedy to the people of northern Indiana, Mr. Morgan purchased six bottles of the Juice and while it was being wrapped up, he said: "If Root Juice cures me I will make the scientist a present of one hundred dollars." A short while ago Mr. Morgan called on the scientist and said that he could eat anything without the slightest inconvenience and that his kidney trouble was entirely cured. He wanted the scientist to take the one hundred dollars, but it was refused. However, it was agreed to give the money to an orphan asylum. So Root Juice is not only curing the sick, but in this instance will be the indirect means of caring for some dead mother's child. Root Juice has proved its wonderful merits to many people of this point. From the very start it seems to soothe and heal the linings of the stomach and bowels and strengthen the liver and kidneys, thereby giving nature a chance to, in her own way, throw off the impurities of the blood. It is a wonderful medicine, sold for \$1.00 a bottle or three for \$2.50, at A. G. Luken & Co's drug store.
