## TO WAGE FIGHT

AGAINST DISEASE

Riverdale and Mothers' Leagues to Help Stamp Out Smallpox.

**GREATER CLEANLINESS.**

**STREETS AND ALLEYS ARE TO BE KEPT IN PROPER CONDITION—CITY HEALTH OFFICER MAKES RECOMMENDATIONS.**

The Riverdale Civic League and the Riverdale Mothers' League at a joint meeting last evening decided to combine to fight the smallpox contagion which again threatens to spread through the north end of the city. Dr. Charles Bond, city health officer, delivered an address and urged the members of the two leagues to make this fight.

The two leagues will insist that all streets, alleys, yards and homes be kept in a cleanly condition and it is thought by prompt action the disease can be stamped out. Owing to the fact that smallpox now exists in Riverdale it is thought that all the residents will realize the danger that threatens them and will co-operate with the league members in their efforts to drive the dread disease out.

Dr. Bond stated that the prevalence of smallpox in the north end of town the past two or three years was due to several reasons, principally, because that section of the town did not have a large enough sewer system and because many of the vaults were poorly constructed and not properly cared for.

He also stated that unfortunately for Riverdale, there was a small class of residents who kept themselves and their homes in dirty conditions. He urged the members of the two leagues to see that garbage cans were emptied often and that rubbish heaps be not allowed to stand any length of time.

## CANNON DID NOT

CHOOSE WATSON

Caucus of House Selected Indiana Man Whip, Says Congressman Cocks.

## HEARS SPEECH LAST NIGHT.

ONLY QUAKER CONGRESSMAN SAYS WATSON NEVER OPPOSED ROOSEVELTIAN MEASURES BUT FOUGHT FOR THEM.

William W. Cocks, congressman from the first New York district, the district President Roosevelt lives in, arrived in Richmond last evening unexpectedly and was delighted to learn that he would have an opportunity of hearing his old friend, "Jim" Watson, deliver an address.

"I never heard a better address in my life than Mr. Watson made," said Mr. Cocks at the conclusion of the meeting. "There was no possible way for anyone to place a double construction on the statements he made. Jim was one of the most popular and efficient members of congress and he should be appreciated by the people of this district. I have heard that in some parts of the district there is opposition to Jim because he was 'whip' of the house, it being the impression that he was appointed to that office by Speaker Cannon. That was not the case. He was chosen to fill that responsible position at a caucus held by the republican members of the house."

"I also understand that some people think that Mr. Watson aided and abetted Speaker Cannon in defeating some of the measures introduced by President Roosevelt. This impression is also false. Mr. Watson was always a staunch supporter of the president, and it was due to his influence with Speaker Cannon that many of the measures desired by the president were brought up for consideration and favorably acted upon by the house."

Mr. Cocks stated that it was certain that Mr. Taft would carry New York state and that it was probable Governor Hughes would be re-elected, notwithstanding the opposition of the gamblers and race track men. Mr. Cocks thinks that the better class of democrats will rally to the support of Mr. Hughes.

Mr. Cocks enjoys the distinction of being the only Quaker member of the national house of representatives. He is well acquainted with many local Quakers. He will deliver four addresses in Indiana in behalf of the republican national committee.
