

HOT ON TRAIL OF THE RIDERS

Governor of Tennessee Knows
Who Slayers of Rank-
in Were.

QUICK PUNISHMENT VOWED.

CONFESIONS OF PRISONERS
DISCLOSE FACTS CONCERNING
MURDER—AIR OF MYSTERY AT
CAMP NEMO.

Camp Nemo, Reelfoot Lake, Tenn., Oct. 31.—"We know who fired the shots and who put the rope around Rankin's neck," said Governor Patterson, in a statement, just before his departure for Union City, where a special grand jury is investigating the night rider depredations in this section, which culminated recently in the murder of Captain Quentin Rankin. The governor, in his statement, said:

"The proof which has thus far developed is positive as to the guilt of some of the men under arrest and implicates many others. This will all be presented to the court at the proper time, and a long step has been taken to discover and suppress lawlessness in this region."

"Conditions have been extremely bad, the night riders going from one lawless act to another until culmination came with the murder of Captain Rankin and the attempted murder of Colonel Taylor. We know who fired the shot and who put the rope around Rankin's neck."

"The number of men actually at the killing was probably not more than 10, while some stood guard and others held the horses. The whole number engaged in the undertaking did not exceed thirty-five. The injury will be further prosecuted and the state will have ample evidence to convict."

Complete Confession.

It is learned that Frank Ferriner's confession was full and complete, that he says he was with the men who took Rankin and Taylor to the bank of the slough, that he told the name of the men who pulled the rope, lifting the mob's victim into the air, and the name of the man who fired the first shot into Rankin's body.

The confessions of Hogg and Morris are also said to be complete. Hogg, it is said, was one of the four men who guarded the horses near the scene of the murder, while Morris stood guard around the house when the leaders went in after Rankin and Taylor.

An air of mystery pervades Camp Nemo. No one knows what the next important move will be. There is still a large number of prisoners in the guardhouse here. The court of inquiry is being conducted daily, and it is generally believed that the governor is getting to the bottom of affairs.

it to Many.

Many people here as elsewhere, are no longer incredulous, they are simply amazed at the results obtained from Root Juice.

When the remedy was first introduced to this community and so many were being benefited by a few doses, it was generally thought that the medicine would only give temporary relief, but as time passes and many that were ailing are no longer complaining, are advancing their sick friends to try Root Juice.

"WASH BETS" ARE THE LATEST

Men Wagering Money in New
York Meet Opposition in
Anti-Gambling Law.

JUDGE TAFT A FAVORITE.

ODDS STAND 6 TO 1—BROKERS OF
FER HUGHES MONEY BUT CAN-
NOT GET TAKERS—SMALL
AMOUNTS WAGERED.

New York, Oct. 31.—Down in the financial center they are not only indulging in "wash sales" of stocks on the exchanges to boost things along politically, but they are having a go at a new thing, "wash wagers." This may be done with impunity, for all that is necessary to say is:

"Why, I cannot give you the names, you know, of those offering to bet on the candidates. That would get them into trouble under the new law, you know. Couldn't think of mentioning names."

Those who have gone after some of these bets, said to have been offered met with:

"Sorry, my friend, but that wager has been taken. Who took it? Why, Lordy, man, it would never do to name names, you know."

The truth of the matter is that, in most cases, no wagers have been offered. When they have been it has been among friends, who "wash" the bets like they have during the past four weeks the reported sales of securities on the Stock Exchange.

In these "wash wagers" today Judge Taft opened a favorite at 6 to 1 and Governor Hughes at 10 to 7. A lengthening of the odds on Governor Hughes is given as the cause of the change in the betting on Judge Taft.

The brokers offered Hughes money yesterday at 10 to 9, without takers, and later at 10 to 8, still with little Chandler money in sight. The Chandler men demanded odds of 7 to 10. Most of the wagers were in small amounts, such as \$100 to \$80.

The Friday Night Club held its semi-annual social meeting Thursday evening of this week in the form of a Hallowe'en party. The affair was unique from the issuing of the invitations to the last number on the program. The invitations were in the form of a bat. The members were requested to bring something expressing their greatest horror, and numerous were the bugs, mice and beetles presented, but to none of these was the prize awarded. Thaddeus Frazer carried that off with his wife's "Merry Widow" hat which he timidly carried about. Louise Ebert gained merry little cupids in a guessing contest which the witches assured her indicated an early marriage. Not the least pleasing part of the program was an original poem recited by Mrs. W. H. Doney, giving a brief history of the Club and a character sketch of each of the members. The color scheme for the evening was black and yellow, and was carried out not only in the decorations, but also in serving the two course luncheon in the preparation of which the service of the "good witches" must have predominated.

Poverty Has Its Advantages.

A man on the wane of life observes that poverty has advantages and adversity its uses. If you are poor you can wear out your old clothes. You are excused from calls. You are not troubled with many visitors. Boredom does not distract you. Spiders do not haunt your tables. Brass bands do not scare you. No one thinks of presenting you with a testimonial. No storekeeper irritates you by asking you, "Is there anything I can do for you?" Begging letter writers do not bother you. Flatterers do not flatter you. You are saved many debts and many a deception. And, lastly, if you have a true friend in the world you are sure to know it in a short space of time by not deserting you.—Huntsville (Tex.) Post-Item.

The Origin of a Miserable Joke.

"Ah, yes," said Confucius. "You are also the man who invented sleep, are you not?"

"No," said Penn; "I founded Philadelphia."

"Oh, yes," said Confucius. "I knew it was something of that kind."—Society Magazine.
