

PALLADIUM TO GIVE PEOPLE ALL THE NEWS

Greatest Facilities for Gathering Election Returns Secured by This Paper for Election Night.

REPORT OF THREE COMPANIES TO BE USED.

Palladium Office and Coliseum Will Be Flooded Tuesday Night by News From All Sources.

By being the first to place in the hands of the people of Richmond and vicinity the complete election returns, the Palladium will once more demonstrate the fact that it is the best equipped newspaper in eastern Indiana. Besides its trained local staff of writers, which has been increased for the occasion, the Palladium will have at its command three of the greatest news-gathering organizations in the world, the Hearst News Service, the Western Union Bulletin Service and the Bell Telephone Bulletin.

The representatives of these great companies, numbering into the thousands, are ready to meet the demands of the great American public, and as fast as the election returns can be gathered in the forty-six states of the union they will be flashed into the Palladium. These reports will be promptly transcribed into cold type and distributed to the news-hungry public.

Not only will the Palladium issue an extra edition Wednesday morning, but it has secured the coliseum for the purpose of keeping the people of Richmond and Wayne county informed on election results. Every one is invited to visit the coliseum as the guest of this paper. Leased telegraph and Bell telephone wires have been run into the big building and as rapidly as the Hearst dispatches and the Western Union and Bell bulletins come in they will be read to the public. Returns on the election in this county will also be read as rapidly as secured by the local staff of the paper.

Leased telegraph and telephone wires have also been run into the Palladium office so that there will be no delay in placing the extra edition.

The American system of news gathering is one of the greatest marvels of the world. Only trained men are employed by the great news services and they are taught to work in competition with Father Time. "Get the news," is the injunction given them; "get it any way you can, but get it, accurately and quickly."

On election day, which will dawn three hours earlier in Portland, Me., than in Portland, Oreg., hundreds of telegraph operators will be at the keys of the Hearst service's thousands of miles of wire, prepared for double duty. Meals may be eaten as the operator sits at the key—or not eaten at all. Sleep may be taken only when the work of the returns is completed. The Hearst service wires will be fed by correspondents located in almost every county seat in the union.

The avalanche of news gathered by these tireless workers will be poured into the telegraph editor of the Palladium as fast as the operators can handle it.

COURT IN SUPERIOR ROOM WEDNESDAY

Case of Dr. Bulla to Be Heard.

Judge Fox, of the Wayne circuit court, overruled all objection this morning and declared court shall convene in the superior court room Wednesday, instead of the circuit court room. The law requires that the election commissioners meet to canvass the votes in the circuit court room, and the court will vacate its regular room for that reason. The case of the state vs. Bulla is set for trial Wednesday.

TWO MORE MORSE COUNTS DISMISSED

Were Most Damaging in Indictment.

New York, Oct. 2.—Two more counts of the indictment against Morse and Curtis were dismissed by Judge Hough today. They were the most damaging counts, alleging misappropriation of the funds of the Bank of North America.

WAS AGED WOMAN.

The funeral of Margaret Frame, who died at Bethel, Friday, was held at Eaton, O., this afternoon. Mrs. Frame was 80 years old. She was well known and highly respected at Bethel.

There is no medicine so rare and at the same time so pleasant to take as Dr. Caldwell's Syrup Pepsin. The positive cure for all diseases arising from stomach trouble. The price is very reasonable—50c and \$1.

ALL REPUBLICAN CANDIDATES ON COUNTY TICKET FEEL CONFIDENT OF ELECTION—THREE DEMOCRATS SURE

Lewis Bowman, Republican County Chairman—"As to the national ticket, there never has been any question or suspicion about the result. I believe Watson will carry the entire county with a nice majority. As to figures I have made no estimate. The county ticket is safe all around. It has been brightening rapidly in the past few days. I believe all of the men upon whom any fight has been made have shown steady gains recently and the doubt, if any existed, has been removed entirely."

Henry C. Fox, Judge of Wayne Circuit Court, Candidate for Re-election—"I feel my position is safe. The only question has been in getting out a vote that will pay attention to the county ticket. There is always the probability of nominees on this ticket being overlooked."

Charles L. Ladd, Candidate for Prosecuting Attorney—"I believe everything is O. K. I don't believe I have been hurt by what has been said against me. I think I shall be elected."

Walter S. Radloff, Candidate for Representative—"My prospects are improving rapidly. They are looking better to me every day. I think many of those who have been against me open-

ly will vote for me. I feel as if my position is safe."

Alonso M. Gardner, Candidate for Joint Representative, Wayne and Fayette Counties—"If I am in any danger I haven't heard of it. I expect to be one of the victors on Tuesday. I do not anticipate any change in the usual results for this office."

Albert Albertson, Candidate for County Treasurer—"Mr. Albertson could not be reached. He has expressed confidence in his election repeatedly. He has said he counts upon the usual majority."

William J. Robbins, Candidate for County Recorder—"I feel as if everything is alright. I have not found any cause to worry."

Linus P. Meredith, Candidate for County Sheriff—"I don't feel as if there is any question about my election. If they give me this office again for two years, I'll be contented to go back to blowing stumps."

Robert A. Howard, candidate for county surveyor, and Dr. A. L. Bramkamp, candidate for coroner, are not making any strenuous campaign. Each feels assured of his election on the county ticket.

What Democrats Think.

Of all the candidates on the demo-

crat county ticket only three seem to think they have a fighting chance to defeat their republican opponents.

These candidates are Thollie Druley, candidate for joint representative; Walter D. Cook, candidate for representative, and Joshua Allen, candidate for prosecutor. Mr. Allen is the only one of this trio who backs in the luxury of the Civic League's endorsement.

Walter D. Cook states that he thinks he has a good chance to defeat his opponent, Walter S. Radloff. He thinks that a number of republicans will support his candidacy.

Joshua Allen—"I have made a thorough canvass of the county and have met as many people as I could in the brief time I had at my disposal. If I am beaten I will bow to the sovereign will of the people, and if I win I will enter the office fully cognizant of its responsibilities."

Thollie Druley—"I have not made a very thorough canvass of Wayne county, owing to the overwhelming republican majority, still I have visited many of the precincts and the indications warrant me in saying that the Wayne county democracy will make very great gains in favor of the county ticket."

Affairs of the Sporting World

By Tort.

Michigan's showing against Vanderbilt, Saturday, was a pleasant surprise to the Wolverine supporters, and they are now confident Michigan will give Pennsylvania a run for its money.

Right now the American public seems to be taking as much interest in the election as it did in that game where the Cubs copped the bunting from the Giants.

Reports from Michigan state that the Alma team is in bad shape. What's the "matter" Alma? (Joke—coarse laughter.)

It is reported the Earlham team practiced sidestepping the Butler ends by dodging around a row of buckets. Unfortunately for the Quakers, the Butler ends refused to behave like buckets.

In a Sidney (Australia) paper just received at this office, there is an account of a baseball game between a Sidney team and a team from one of the American warships. The score is given "8 to nil," in favor of the Yankees. We are still trying to figure out what the score was.

Advance dope on the presidential derby quotes Taft as favorite. He is riding heavy, but is used to it. Bryan has gone stale, having been run to often, and is not expected to show.

It is reported that Earlham will not win from Rose Poly next Saturday if Bryan is elected. This is an additional reason why all Richmond people who have civic pride should vote for Taft.

Two of the latest recruits to the Glen Miller Sun Rise Physical Culture class are Mr. G. Beyer, the popular young baker and Mr. G. Brown, the prominent young magazine agent.

The Carlisle Indians' line was not as fast in starting as the lines Warner set up last year. The Indians' speed all round has been slow in coming, but at the opening of the season the coach said that by the Harvard game he would have a better team than that of 1907.

It is becoming a general belief among football fans who have seen the important games so far that all the big colleges are holding back everything that is at all new. Certainly the games so far have shown absolutely nothing of any development in the manner of attack.

CHANCES ARE BRIGHT

High School Basket Ball Players to Report for Practice Game.

LONG SCHEDULE PROBABLE

With the likely bunch of high school candidates that have promised to turn out for the first basket ball practice that is to be held this week at the Garfield gymnasium, there is not the least doubt but that the high school will have one of the fastest teams in the field this year, that has ever represented the crimson and white. With Allison who was the star guard of last year; Thornberg forward, who can not be beat; Haas who played several games as guard; Ferling who made a creditable showing last year; Ackerman who played on the Reserves; Shaffer who has had a small experience, Trueblood, Wann, Twigg and a number of others, a good fast team should be organized.

It is probable that games will be scheduled with Oxford, Hamilton, Steele, a Catholic school at Dayton, Greenville, New Castle, Anderson, Marion, Kokomo, Piqua, Muncie and several other teams.

Roy Horton will probably be secured to coach the basket ball team. The full attention of the students will not be diverted to basket ball until the close of the football season, which is only a few weeks off.

BILLIARD TOURNEY W'LL BE HELD

Experts From Big Cities to Be Brought Here.

The Simmons Brothers' billiard parlors are arranging for another billiard tournament such as was conducted last winter. Billiards gained greatly in popularity in this city last winter as the result of tournaments. It is proposed this season to bring a number of the best cue experts from Indianapolis, Dayton and other neighboring cities. Richmond has a few wizards of the cue, who would be willing to "take on" those from other places. The amateur contests prove the most interesting in the way of excitement.

GEORGIANA: Our chef says Gold Medal Flour only. VINCENNA.

SEASON NEARS END

High School Football Team Has Probably Two More Games to Play.

NEW INTEREST SHOWN.

With the game with Steele high school of Dayton, which will probably be followed with a game with New Castle, the Richmond high school football season will probably come to a close. Although the local school has not won all its games this year, it has made the best showing of any team in the last six or seven years. Under the direction of Roy J. Horton who is the physical director of the Y. M. C. A., the team has made great progress. There were not only a larger number of candidates out, but the team was supported by the students of the school that was beyond the hopes of the most sanguine. On the first game which was with the Spiceland academy which the locals won by an overwhelming score. At this game there were several hundred students in attendance. The next home game was with the Hamilton, O., high school team which resulted in a tie of 11 to 11. The students were well represented although the expense of bringing the team was not made. At the next game which was at Hamilton the locals had the pleasure of wearing their new uniforms which consisted of full suits. This is the first time that the high school athletic association has ever attempted to furnish the team with suits for this sport.

The progressive spirit is very marked in the school. Every student has awakened to the fact that the success of the team rests on him and all have responded most liberally.

CALLED TO DOOR; THREAT SLACHED

Pennsylvanian Murdered This Morning.

Wilkesbarre, Pa., Nov. 2.—Charles Fodora was called to the door of his home early this morning attacked by a man with a long knife and his throat cut ear to ear. He soon died. Frank Bruno was arrested a half hour later, washing his bloody hands. The cause of the tragedy is unknown. Bruno refuses to talk.

DESIRES TO KNOW OF ALL VIOLATIONS

Prosecutor Wishes News of Law Violations on Election Day.

ALL IS IN READINESS.

PARTY LEADERS ARE HOPEFUL FOR SUCCESS AT POLLS TOMORROW—CHANGES MADE IN VOTING PLACES.

In the effort to insure a "clean" election and guarantee the safety of the voters at the polls, the following statement was issued by the prosecuting attorney today:

Richmond, Ind., Nov. 2.

To the Public: Appreciating the intense interest in this campaign, and speaking on the part of the several officers, the undersigned requests every citizen to report immediately any disorder, or violation of the election laws occurring on tomorrow, November 3, 1908, irrespective as to who the individual may be, or in whose interest he may be working. If such violations occur, and the officers are informed, and they then either do not do their duty, or are negligent in the same, the responsibility cannot be by them be shifted.

Respectfully,
WILFRED JESSUP,
Prosecuting Attorney.
All in Readiness.

Everything is in readiness for the election in-as-far as the officials are concerned. All supplies have been issued, the inspectors have received their instructions and there is not expected to be a difficulty of any kind. The committee announced today a change has been made in the voting places. Voters of the fifteenth precinct located in the Third ward will vote at 417 North Eighth street instead of on North E street east of Tenth street as heretofore. Spring Grove residents will vote at 837 North Tenth street.

On the eve of the election the party leaders are hopeful. Chairman Bowman of the republicans has stated he believes the county will return to its normal republican strength. It is estimated Watson will carry the county by 1,500. A great deal of betting was done about the city today on the question of Watson's majority in the county. Bowman expects the entire republican county ticket to be elected. The fact this is the home of the Rev. Mr. Kuhn democratic candidate for congress is not expected by the republican chairman to have any effect upon the result. The old time republican majority for congress is expected.

The democratic chairman is holding out hope for the election of one or two men on the county ticket and is optimistic about the chances of the democratic gubernatorial candidate. The great fight that is being made for Marshall by the saloon men of the county is looked to be the democratic party leaders to bring results.

The usual number of party workers will be out tomorrow in order to get the voters to the polls. A large number of vehicles has been hired for this purpose. The indication is favorable to a large vote and clear weather means an unusually large vote in the county. The latter class of vote will help materially in the final count.

OBEYS COURT ORDER.

Upon the order of the court Christopher Elstro paid to the county clerk this morning \$2 for the prosecution of the divorce case brought against him by his wife Mary. The money is to defray the attorney's fee.

LUCRETIA: Just learned that Gold Medal Flour is sifted ten times through finest silk. EUGENIA.

INDIANA FEDERATION FLOODS MAILS WITH MARSHALL LETTERS.

UNION MEN GET MESSAGES.

The Indiana Federation of Labor, with headquarters at Indianapolis, flooded the local postoffice today with personal letters to nearly every union man in the city, urging them to support William Jennings Bryan for president and Thomas R. Marshall for governor. Both men are declared to be friends of labor.

This eleventh hour appeal to the Wayne county union men is believed to have been made as a result of information received by the federation to the effect that the majority of the laboring vote in this county would support Taft for president and Watson for governor.

CONSULT COMMISSIONERS.

A representative of an acetylene light plant company consulted with the county commissioners this morning in regard to the installation of a new lighting system at the county farm.

GRANTED LICENSE.

William Torback was granted a liquor license by the county commissioners this morning. He operates a saloon on North Eighth street.

CHAPEL DEDICATED ALL SOULS' DAY BY ST. ANDREWS

(Continued From Page One)

tery, where they were joined by at least 500 people. The parading column was led by the school children. They were followed by members of the congregation. The real of the parade was brought up by members of St. Joseph's Benevolent society in uniform.

On arriving at the cemetery the marching column decorated every grave. Following this beautiful and impressive spectacle dedicatory services were conducted outside and inside of the beautiful chapel.

Father Roell, pastor of St. Andrew's church, at the services held outside the chapel accepted the edifice on behalf of Bishop Chataud, of Indianapolis, who was unable to attend the ceremonies. At the services held within the chapel, Father Weiland, of this city, acted as master of ceremonies. Father Roell delivered an address in German. Following him short addresses in English were made by Father Clement Thienes, of Liberty, and Father James Coulter, of Cambridge City.

Father Roell, formally dedicated the new edifice "St. Joseph's Mortuary Chapel." He said that the occasion was both sad and joyful—sad because the ceremonies were conducted where the former dear ones of nearly every member of the congregation slept their eternal sleep; joyful because of the beautiful new building that was to pass into the hands of the congregation.

The All Soul's services were conducted by Father Griffin. He spoke on the significance of the day and admonished the congregation to pray for the repose of the souls of the departed and promised the kingdom of heaven to those who lived Christian lives. Following his sermon the choir and the congregation repeated the Litany of the Saints. Several selections were rendered by the male choir and quartet.

Chapel Beautiful.

St. Joseph's Mortuary chapel is constructed throughout of Bedford stone. Its architecture is Gothic and is beautiful in its simplicity. The portico at the front of the building is supported by four massive stone columns. Under the portico stands the beautiful statues, known as the "Crucifixion Group." These have for some time

been the property of the church. To the rear of this group is the entrance. Double doors are swung to this entrance, which opens into a vestibule. At the rear of this vestibule is another set of double doors, which open into the chapel proper. When the chapel is not in use these doors are sealed. The interior of the chapel is extremely simple but for the six beautiful art glass windows. The floor is of cement and the altar is of stone. There are two catacombs where bodies may be placed awaiting burial. The dimensions of the building are 35 feet long, 25 feet wide, and 35 feet high. The building was erected at a cost of \$5,000 contributed by a church member whose name has never been made public.

STUDENTS GO HOME TO VOTE

Between Forty and Fifty Leave Earlham.

There were about forty or fifty of the students of Earlham College who returned to their respective homes to be able to vote tomorrow. The majority of the boys take their first vote this time, and they are feeling like men of importance according to the report at the college. It is also stated that the majority are ardent Taft supporters.

Kodol For Indigestion.

Relieves sour stomach, palpitation of the heart. Digests what you eat.

Vulcanite Roofing

Wants to be laid on your roof, subject to your own election.

PILGRIM BROS.

Phone 1290 5th & Main

THE PUBLIC IS INVITED TO CALL NOS. 1022 AND 1212 FOR ELECTION RETURNS

The telephone companies are making elaborate preparations in an endeavor to deliver the national, state and county returns more promptly than the telegraph.

The Home Telephone Company has placed special phones in the Court House, City Building, Coliseum, Palladium, Item and Morning News offices so as to deliver the information to these points with the least possible delay. Telephones Nos. 1022 and 1212 are being arranged so that twenty (20) subscribers can call in and receive information at one time.

The Bell and Independent Long Distance and the Richmond Home Telephone Company are all combining in an effort to demonstrate the promptness and rapidity with which this information can be gathered and dispersed to the public. The returns will also be given and received from all of the towns and precincts in the county.

Do not call information, Court House or any of the Headquarters for information, as their phones will be extremely busy. Call 1022 and 1212.

Vote For Quality and Low Prices

The campaign on these two important issues is getting stronger every day. Get on the winning side and follow the conservative voters to our store. We furnish the home complete and extend liberal terms of credit at all times.
