

PALLADIUM DEMONSTRATES SUPERIORITY

Furnishes News of Greatest of All National Elections to The People First and Accurately.

FOUR EXTRA EDITIONS ISSUED DURING NIGHT.

In Addition to this Stroke of Enterprise Thousands of People Heard the Returns at The Coliseum.

While thousands of persons were being provided with the returns at the coliseum by the Palladium last night, the office force was equally busy. Between 7 o'clock last evening and 7 o'clock this morning the Palladium secured the news and printed four special election extras, whereby it placed the news before the portion of the public that was on the streets or remained at home.

The first extra was devoted in the main to the sweeping victory of Taft in New York state, and the surprisingly large vote in favor of Hughes for governor. New York had been classed as a doubtful state, and it had been recognized that the party gaining its thirty-nine electoral votes would stand the best chance for the election of its candidate. The most brilliant feature in connection with the New York state returns was the fact that out ran Roosevelt in some sections.

The second extra carried announcement that Marshall was conceded a victory and the general news from the entire country much of which proved surprising. This edition also contained the first table of the results of the county vote. The third extra was sent throughout the country for the "country circulation." All the Palladium's rural route subscribers were furnished with the news of the election at their homes this morning when the first delivery was made on the rural routes. The fourth extra was run off for local distribution and sales.

In order that the small towns in the county might be supplied with the news before access could be gained by the railroad trains, copies of the third and fourth extras were taken about the county in an automobile. Everywhere the occupants of the car were greeted with congratulations and words of commendation at the enterprise shown.

And then there was the meeting at the coliseum where, during the course of the evening and early morning hours at least 15,000 persons gathered. The Palladium was made the object of commendation on every side for its public spirited attitude and progressive ideas. Words of praise were expressed by men and women from all walks of life.

Every seat in the building was occupied and men and women were standing about the halls, aisles and entrance ways. The returns were read by the Rev. J. O. Campbell, and his deep voice was of such power as to carry to all sections of the building. The returns were received quickly and there was no delay in making them public. They were received from the Western Union Telegraph Company, the Hearst News Service, the Bell Telephone Company and a special corps of correspondents. Every section of the state was reached and in this way the public was kept informed as to the trend upon state and national politics as various countries in all sections were heard from.

Throughout today the Palladium has been the recipient of congratulatory messages from local citizens. They have come by post, telephone and many men and women called at the office to express their gratitude. It was the first time in the history of the city that a newspaper hired the largest building and invited the public to become its guests irrespective of party leaning or favoritism of any kind.

The hall was decorated with the pictures of the candidates of both parties. Although the Palladium is a republican newspaper no attempt was made for a party display. The total absence of the partisan spirit tended greatly to the promotion of the satisfaction derived by the public in securing the returns at the coliseum. The republicans seemed to be somewhat in excess in numbers or at least in noise-making power as returns favorable to their candidates, were greeted with greater outbursts of applause.

Supper Served.

Supper was served by the woman's auxiliary of the Young Men's Christian Association to about 500 persons. Many citizens went to the coliseum for supper and remained until the returns were sufficient to indicate the trend of the election. Women were particularly prominent by their presence. Although a crowd of boys with tin horns was in evidence early in the evening, it dispersed in a few hours. It was a crowd with great stamina as was proved when about 500 tired and sleepy persons were asked to leave the building at about 6 o'clock this morning. The fact that this great number remained until there was no prospect for further immediate returns was barometer of the remarkable interest that has been taken in the outcome.

NATIONAL AND STATE TICKETS WIN IN NEW YORK

Both Taft and Hughes Elected
In the Empire State, Upsetting All Pre-election Calculations.

BRYAN KNIFED IN
GREATER NEW YORK.

Freely Asserted Votes for the
Commoner Were Traded for
Those for Chanler—Tammany Active.

New York, Nov. 4.—The republicans have carried New York state for both the national and state tickets. Taft has won by a tremendous plurality over Hughes by a good safe margin. Taft's plurality may reach 200,000 and he has done the surprising thing of carrying Greater New York by a small figure.

Hughes' plurality now is estimated at 15,000 to 20,000, but it may be greater. Shearn, the Hearst candidate for governor, polled between 25,000 and 30,000 in Greater New York.

Taft's great plurality was due almost wholly to democratic losses in New York and Brooklyn. The figures show that Taft's vote up state fell off heavily from that received by Roosevelt in 1904, but Bryan's vote in New York and the other counties making up the greater city slumped heavily from Parker's and even from his own vote in 1900.

Bryan Gets a Knifing.

Tammany and Pat McCarron's machine in Brooklyn evidently knifed Bryan unmercifully. Had they worked for him loyally, instead of betraying him, the result in this state might have been actually close. But the hopes of "Pingy" Connors, Murphy and the McCarron gang were centered on Chanler and they sold Bryan out to gain their end.

Likewise the machine republicans sold out Hughes. Never was there a more striking example of how little political bosses care for principle than in this election.

The race track and gambling element of whatever party was, of course against Hughes. A whole train load of track followers and horse owners came over from Baltimore, where a race meeting is being held at Pimlico, to vote for Chanler. The solidarity of the racing vote was shown by the results.

How Face Influence Counted.

The election districts in the Sixteenth Assembly district of Brooklyn, which includes Brighton, Sheepshead Bay, and the Gravesend race tracks, gave the following vote:

Hughes. Chanler.
Fourth 64 270
Fifth 67 369
Sixth 70 189
Seventh 122 129
Twelfth 120 224

Socialists Are Badly Beaten.

There was the usual great fuss about illegal voting, with the usual lack of results. The number of prisoners taken from the polling places to the seven police courts of the city and arraigned for alleged violation of the election law was 431. All but seven were discharged, one being held for trial and six for examination.

Great Crowds Watch Results.

The closing of the polls was the signal for a rush to Park row, where the newspapers had strung up large white canvases on which were thrown election results, and thousands of persons congregated in City Hall park and nearby streets. There were other crowds in front of the bulletin boards on Broadway, in Harlem, and in Brooklyn.

Two hours after the polls had closed several newspapers issued extras announcing the election of Taft, and throughout the thousands arose a now familiar refrain.

"Taft, Taft, Big Bill Taft."

From opposing thousands came the chorus: "Wait and see; Taft has not won yet."

Broadway was the scene of much revelry, a continuous parade of merry-makers moving up one side of the "Great White Way," and down the other.

LEE AT GENNETT.

Prof. Lee, the man of hypnotic powers that has been giving entertainments at the Gennett, will give some of his best exhibitions this evening. He will show the power of mind over the body. After each performance he gives treatments to those who wish them and ask for treatment. His many tricks are pleasing and receive much applause.

DENEEN WINS IN ILLINOIS

He With Taft Sweep the State.

Chicago, Nov. 4.—Taft and Deneen have carried Illinois, Taft by an estimated plurality of 175,000; Deneen by 60,000.

For the national ticket it was a sweeping victory, for the head of the ticket is a safe one, but not what might be called "overwhelming." Deneen lost Cook county, his home county by 3,500 about made up the loss by his own state pluralities. Illinois will return nineteen republican members of congress according to present returns, the democrats winning in six districts.

Chicago—Indications at 9:30 p. m. tonight, are that Taft has carried Illinois by 170,000.

Deneen for governor has been elected by approximately 100,000. The legislature, which elect a United States senator will be strongly republican.

Chicago—Estimated plurality for Taft in Illinois is 200,000. The estimated plurality for Deneen for governor is 150,000.

Chicago—Indications are that Stevenson, Democrat, for Governor, has carried the city of Chicago by about 20,000.

Chicago—Ninety-five precincts out of 1,260 in Chicago, give Taft 10,401; Bryan, 9,799.

Chicago—655 out of 1,260 precincts in Chicago give Taft 94,519; Bryan 74,673. Chicago returns from 225 precincts indicate that Stevenson, Democratic candidate for governor, has carried Chicago by a plurality of about 20,000.
