

## WATSON MAY GO INTO CABINET

He Stands High With Taft and May Get a Good Position.

### HITCHCOCK IS MENTIONED.

LATEST CABINET GOSSIP GIVES NATIONAL CHAIRMAN THE JOE OF POSTMASTER GENERAL SUCCEEDING MEYER.

Washington, Nov. 5.—Leading republicans were predicting today that James E. Watson would be invited to a seat in President Taft's cabinet. He was mentioned for the head either of the navy department or of the department of commerce and labor.

Mr. Taft has a high opinion of Mr. Watson's integrity and ability. His name was under consideration for secretary of the navy under President Roosevelt's administration at the time Mr. Watson was serving as member of the house committee on naval affairs.

Throughout the campaign the republican nominee has shown the keenest interest in Mr. Watson's race and frequently has expressed his profound concern over the local conditions which were combining to pull him down. Mr. Taft's friends here say he realizes he would not have secured the electoral vote of Indiana but for the magnificent fight made by the state organization, led by Watson and Hemenway.

It is quite generally accepted in the current speculation that Frank H. Hitchcock, chairman of the republican national committee, will be included in the cabinet, probably as postmaster general, a post for which he would have practical qualifications owing to his service until a few months ago as first assistant postmaster general in the present administration, a position he voluntarily relinquished to take personal charge of Mr. Taft's interests.

The defeat of Congressman Hepburn of Iowa, long chairman of the committee of the house of representatives, has aroused some comment as to his availability as secretary of commerce and labor. The commerce committee of which Mr. Hepburn is the head had much to do in creating the department of commerce, and his name has been identified with most of the measures of commerce enacted into law within recent years. The mention of his name is purely inferential, however, from the fact that his defeat for congress removes him on March 4, next, the date Mr. Taft will be inaugurated.

It is assumed pretty generally that Mr. Taft will look to his own state for some of his cabinet material, and this leads to conjecture concerning ex-Governor Herrick of Ohio, whose name has been suggested in connection with the secretaryship of the treasury. Ex-Governor Herrick has long been identified with financial affairs, has taken an active interest in measures of governmental finance and has been vice president of the American Bankers association.

## Defeated for Governor But May Go Into the Cabinet

JAMES E. WATSON.

Watson is considered one of the leading Republicans in the party today, and the latest cabinet gossip says Taft will offer the Indianan a high place. The head of the navy department or secretary of commerce and labor are the positions suggested which he might fill satisfactorily.

## AMERICA IS THE NATION'S FRIEND

Japanese Newspapers Express Country's Opinion at Reception of Fleet.

### WORLD'S PEACE SECURE.

CORDIAL RELATIONS OF TWO COUNTRIES IS KEYSTONE OF PERVAIDING CIVILIZATION—PAPERS JUST RECEIVED.

Victoria, B. C., Nov. 5.—Rarely have the newspapers of any country indulged in more complimentary reference to another nation than did the newspapers of Japan upon the occasion of the recent visit of the American battleship fleet. Copies of newspaper editions in Japanese and English, issued in some instances under most difficult circumstances, have arrived on the steamer Antiochus. One of the most eloquent is the Kokumin Shimbun, which says:

"The cordial relations between America and Japan are a guarantee for the world's peace, the keystone of a pervading civilization and a ladder to the higher development of humanity."

The Yoreodou Choho, Tokio, said: "We regard the United States as our best friend. From her we have received so much favor during the last fifty years that we cannot regard her as anything other than that. We heartily welcome the United States battleship fleet to our shores and hope that its visit will further cement the close friendship now existing between the two nations."

Hearts Overflowing With Pleasure. Nichi Nichi, Tokio: "With hearts overflowing with pleasure and with the deepest sincerity we extend our welcome to the battleship fleet of our ever-friendly neighbor."

Hochi Shimbun, Tokio: "Looking back to the time of the gallant Commodore Perry's arrival at Uraga, now about fifty-five years ago, we joyously welcome the new American fleet, and only trust that this happy event may prove a stepping stone to a still higher friendship and a deeper significance of our national intercourse with our friends of Shimbun."

Osaka Mainichi Shimbun, Osaka: "Believing that this is a rare opportunity for us to be able to show the depth of our feelings toward the United States, we desire to offer to the fleet our hearty welcome, while at the same time we pray that the always friendly relations of the two countries may thus be brought still closer."

### Two Memorable Events.

Chugai-Shogies Shimpo, Tokio: "The two most memorable events this country has experienced so far as its foreign intercourse is concerned were, first, the visit of Commodore Perry's fleet, now more than half a century ago, and now again, the coming of the present American fleet."

Kobe Shimbun, Kobe: "We rejoice in saying that these mighty vessels of war are those of the United States, a most friendly nation to ours, and as such we believe a security for the permanent peace of the world at large. We should not miss utilizing this rare opportunity to bring about a still closer friendship between the two nations."
