

## OLSON AGAIN SHOWS HIS SUPERIORITY

Defeats Peterson, Pacific Coast Wrestler, in Handicap Match.

TURK AND OLSON TO GO.

INDIANAPOLIS WRESTLER GIVES SUBJECT OF SULTON ANOTHER CHANCE TO DEFEAT HIM—ARTICLES ARE DRAWN.

Olson threw Peterson three times last evening and had twenty-nine minutes to spare.

To be more explicit—under the terms of the match pulled off at the Coliseum, Olson was to down the Pacific coast demon three times in seventy-five minutes, or forfeit the match. Mr. Olson performed this stunt in exactly forty-six minutes.

Peterson fought gamely from start to finish, and whenever he had the opportunity he took the offensive, but he didn't have many opportunities. According to the official time keeper, the first fall was made after seventeen minutes. The other times caught it at twelve minutes. The second fall was accomplished with a full Nelson in fourteen minutes and the third fall was made in fifteen minutes.

Olson clearly outclassed his burly opponent, and did not appear to exert himself greatly in pulling down the long end of the purse. He gave a glimpse of his skill at the game in the last fall. Peterson secured a good hold on him and Olson went to his back, but promptly squirmed out of the position and in a fraction of a second had the shoulders of the Tacoma man snugly pinned to the mat. After the match Peterson made a hit with the crowd by announcing that there might be some wrestlers who could beat Olson, but he was not included in the list.

Bob Manogoff, the Turk, acted as referee, and his work was satisfactory. Bob challenged Olson for a match here next week, no holds barred. This arrangement would permit the struggle held and Olson declined to accept the challenge. He said "choking" was not wrestling and was barred by the Police Gazette rules. He offered to meet the Turk with the strangle hold barred.

### ARTICLES SIGNED.

Finish Bout to be Fought Between Turk and Olson.

In the Palladium office this morning Charley Olson and Bob Manogoff, the Turk, entered into an agreement for a finish bout to be pulled off at the Coliseum next Wednesday evening. This contest will probably be one of the most exciting seen here this winter. The articles of agreement entered into by Olson and Manogoff are as follows:

"We the undersigned hereby agree to wrestle a catch-as-catch-can match to the finish at Richmond, Indiana, Nov. 18, 1908, beginning at 8:30 o'clock, sharp; Police Gazette rules to govern the contest and the use of grease, rosin and any and all unfair tactics barred. The referee shall be selected on or before the day of the match and be suitable to both parties. Unfair tactics shall consist of gouging eyes, throttling, biting, kicking.

We agree, also, to wrestle under the management of promoter M. Charlson and to deposit this day (Nov. 13, 1908) \$50 for our appearance and for the fulfillment of this agreement in all its details.

The winner of this contest shall be awarded the entire gate receipts (net).

Signed,

Chas. Olson,

Bob Manogoff,

O. Owen Kuhn, witness.

## WILL EARLHAM WIN?

Some Predictions Made That DePauw Will Go Down In Defeat.

SUPPORTERS OPTIMISTIC.

By Tort.

The eyes of all the foot ball fans in this part of the state will tomorrow be turned in the direction of Reid Field, where Earlham and DePauw will clash. The meeting of these two ancient enemies is certain to attract a large crowd.

While Earlham will not have its best team in the field against the Methodists, it will have the best eleven out that has represented the Quaker institutions this season. The team has been practicing in fine form all week and the hopes of its admirers are at a high pitch.

The first of this week predictions were made that Earlham would probably hold DePauw to a low score. The fine work of the Quakers since then has so brightened the outlook that today predictions are being made that the Quakers will win the game.

This view, however, is probably a little too optimistic, and if Earlham holds her old rivals to two touchdowns she will make splendid showing. DePauw has a well trained, well drilled and fairly fast eleven this year and, on paper at least, appears to outclass the Quakers.

LEGENDARY: Just learned that Gold Medal Flour is affixed on these through Agent MRS. EUGENE.

## Affairs of the Sporting World

All that remains now to complete a season of surprises is for Michigan to wallopp Penn Saturday 40 to 0, Princeton to defeat Yale 50 to 0, the cancellation of the Harvard-Dartmouth game for a lack of interest and for Yale to beat Harvard by dropping eight goals from the field.

Coach Leo Detray of Chicago and Pautis and Keinath of Penn saw Cornellplay Amherst Saturday.

It's a long time since a Yale eleven had two touchdowns scored upon it in one afternoon, as happened in the Brown game Saturday.

Penn will send several hundred rooters to Ann Arbor for the Michigan game Saturday.

A New York writer ranks the big eleven as follows: Yale, Harvard, Dartmouth, Penn, Carlisle, Annapolis, Princeton, Cornell, Brown, West Point, Syracuse.

Walter Eckersall picks Chicago as the logical western championship eleven, and the game will afford a good comparison between eastern and western foot ball.

Eberfeld has announced that he is willing to be traded to some other club, so it should not be so very difficult for the new manager to settle his hardest problem.

At the annual meeting of the National League, of course, the election of officers will come up for consideration.

## D'S TRIUMPH OVER THE A'S

By Taking Three Games They Land in First Place.

### STANDING OF THE CLUBS.

	Won.	Lost.	Pct.
D's	5	1	.833
A's	3	3	.500
B's	3	3	.500
C's	1	5	.166

Games Tonight.

City League—Pirates vs. Richmonds.

The D's in the Business Men's league, swamped the A's last evening, taking three straight games and thus landing in first place. They won the first game with 675 to the A's 637, the second game, the score was 677 to 664 and 4th the last game the D's piled up 685 to the A's 671. This gave the D's a total of 2,037 and the A's of 1,972.

## HIGH SCHOOL LADS TURN TO BASKETBALL

Candidates Agree to Keep Training Rules.

During the past week at the high school, attention has been turned towards basket ball, and football dropped, but only for a week, for commencing next Monday, the high school football warriors will again begin their nightly journeys to the public school play grounds to prepare for the game Thanksgiving with the Piqua high school at Piqua. The football men held a meeting at the high school this week and Coach Horton pointed out that unless every man turned out every evening for practice, the game would be called off.

In basket ball three practices have been held at the Garfield gymnasium, and at each, there have been from twelve to sixteen men out. Coach Horton expects to have strict training rules and has asked every candidate to pledge himself not to miss more than two practices a month and the following have signed their names—Graves, Ackerman, Scott, Davis, Wann, Spangler, Thornburgh, Haas, Taggart, Halsey, Meyers, Shaffer, Harris, Brown and Allison.

### STANLEY IN WEST.

Former Earlham End Is a Wire Chief.

Raymond Stanley, known to Earlham students as "Red," one of the greatest ends the college ever had, is wire chief of the telephone company away out at Great Falls, Montana. "Red" worked as a lineman one summer. The next year at Earlham he found use for his skill with the climbers in removing class flags from the tops of the tall sycamores in front of Earlham Hall. Since leaving college he has kept climbing until now he occupies a seat in the office and tells others how to do the work.

## POULTRY SHOW MAY BE HELD

Thurman Promotes Event for February.

A poultry show is proposed to be held in this city in February. No attempt will be made to limit the scope of the affair and it will be open to the entire world for entries. The plans at present are but tentative. A meeting of all persons interested has been called for next Tuesday evening at 7:30 o'clock at the rooms of the Young Men's Business club, over the Western Union Telegraph office. J. C. Thurman of this city is at present acting as promoter of the proposition.

## Football Harmful SAYS PROFESSOR

Head of Biology Department at Earlham Has Unique Theory.

LOGICAL REASONS GIVEN.

SAYS THAT FOUNTAIN OF ENERGY IS EXHAUSTED AND ACTUAL GAMES DO MUCH TO WRECK PLAYERS' PHYSICAL MAKEUP.

Although he has never exposed the playing of football at Earlham college Prof. David W. Dennis, head of the biology department at Earlham, has informed the students that the game is harmful to young men because it saps their physical energy. For several years many arguments have been advanced why football should be abolished but, so far as known, has entered the field against the great college sport with a brand new argument.

In his address to the students, Prof. Dennis stated that football practice was a most beneficial exercise, but that the actual playing of the game was exceedingly harmful to the players.

"The grape sugar stored in the liver of a human being is the source of his physical energy. I have found that when a young man participates in a football game he draws so heavily on his physical energy that by the time the game is finished he has exhausted the grape sugar in his system. Until his liver is again stored with this energy producing substance he is obliged to draw upon his nervous system for the required amount of physical energy. This is abnormal and has the effect of disorganizing and ruining the nervous system."

The statement made by Prof. Dennis, He advanced no reason why the grape sugar in the liver of a day laborer was not exhausted after ten hours of work handling a pick or a shovel, which work is said to be far more strenuous than a hours rough and tumble play on the gridiron.

Notwithstanding the warning given the football warriors of Earlham college that they are exhausting their physical energy and crippling their nervous system, it is quite probable that all the young men on the Quaker team will enter the game tomorrow against DePauw entirely oblivious to the gloomy picture drawn for their especial benefit by Prof. Dennis.

years on a Harvard team. The strength of the Yale team is well distributed, although at times her ends have shown weakness. The return of Captain Burch and Kilpatrick is expected to strengthen these positions. The line, though heavy, is fast and aggressive. Not only do the players make holes for the backs in good fashion, but help them along in good style.

Yale has in her back field the best set of any of the colleges. Coy, Philbin, Wheaton, Brides and Murphy are a set that have been tried in former championship games and have not been found wanting.

Yale is strong enough to stop any consistent advance of the ball, while Harvard will have to improve to a marked degree in this respect to withstand the onslaught of the Yale backs headed by Coy and helped along by every man on the team.

Far back in 1901 Harvard beat Yale 28 to 0. Since then Yale has trailed the crimson in the dust six times, and Harvard has not scored a single point.

New Umpire For American League. California is gradually acquiring an identity as a recruiting station for the major league baseball teams. Not content with grabbing off the best coast league players, they have descended upon the umpires.

"Bull" Perrine, who has been the indicator man in the Pacific Coast league for several years, has signed up a contract to umpire in the American next year.

When Perrine first started in the Coast league he had a rumppus with a player who was telling Perrine many things about his lack of knowledge of the national game. The indicator man stood for it for a time and then ordered the frate one to the bench. As he walked off the diamond the player turned and said:

"You bullheaded chump, what you don't know about the game would fill a book."

At first they called him "Bullheaded" Perrine, and then it was shortened to just plain "Bull."

May Try Cobb on First. If Tyrus Cobb was played at first base instead of in the right guard, center would be made good? That's the question that the baseball fans of Detroit are trying hard to solve at the present time and one which Hughey Jennings is reported to have answered in the affirmative. If it is true that the Tiger manager really believes that Cobb would make good on the initial sack it may come to pass that next season will find the leading batsman of the American league no longer acting as a "fly catcher," but instead tending the initial station.

Carlisle Indians Play Denver Dec. 5. Arrangements have been completed whereby the Carlisle Indians play the University of Denver at Denver on Dec. 5. The Indian management demanded a \$3,000 guaranty, which was granted by the westerners after considerable discussion on the part of the athletic council of the university. Other western games for the Indians are Minnesota on Nov. 21, St. Louis university on Thanksgiving day and Nebraska on Dec. 1 or 2.

## CHICAGO LOOKS BEST

Stagg's Football Machine Looms as Logical Western Champion.

CLASH WITH BADGERS NOV. 21

Maroon and Wisconsin Game Will Be Final Contest For Championship in the West—Coach Barry Satisfied With Work of Badger Squad.

By THOMAS F. CLARK.

With only one more big game scheduled to play, that with Wisconsin on Nov. 21, it now looks certain that Chicago university will again land the western football championship. The overwhelming defeat of Minnesota and the brilliant football displayed by the maroons in many games have satisfied the enthusiasts of the gridiron game that Chicago university has an other great football machine, versed in all the possibilities of the new game.

The only question in doubt is whether the maroons with their light line and backs can stand the hammering of Wisconsin. It is almost certain the backs and ends can frustrate the forward passing of the Badgers, and the problem for Coach Stagg to solve will be to build up a defense to stop the heavy mass play of Wisconsin.

When Coach Barry of Wisconsin was asked to state what he thought of the Badgers' chances against the maroons he said:

"I am satisfied with the work that the men have done during the past few weeks. They have shown that they have the right stuff in them. It's up to them to get it out. Chicago will of course, play the same style of game against us that it used against Minnesota. Wisconsin's trouble at the beginning of the season was the lack of any team work. The men played well individually, but there was a lack of unity, which is so essential to championship teams. Recently, however, things have gone differently."

A conspicuous feature of Wisconsin's recent games has been the work of Reggie Moll, the varsity drop kicker and quarterback. Coach Barry is figuring him in several of the forward passes. Moll's rheumatism had him in poor shape at the beginning of the season, but under the care of a specialist he has picked up wonderfully, although there is always the danger of a return of the malady.

No one man has as yet been singled out by Coach Barry to do the punting. Moll, ex-Captain Messner and Captain
