EXAMINES SKULL AND THEN SMILES

Lamphere Contemptuously
Tosses Bones on Table
In Court Room.

CORONER FIRST WITNESS.

JUDGE ADMITS CORONER'S JURY
VERDICT IN GUNNESS CASE
AND ADJOURNMENT IS TAKEN.
ERROR BEING CHARGED.

Laporte, Ind., Nov. 12.—Clamorings crowds struggled for admission to the court room in the Lamphere trial when Attorney Worden outlined his defense. Coroner Mack was the first witness and he testified the adult body in the ruins of the Gunness home a woman and described her condition, declaring all four bodies were unrecognizable. When the coroner identified the skull bones exhibited as belonging to Mrs. Gunness, Lamphere walked over to the table, examined them and smiling cynically tossed the skull contemptuously on the table.

A long legal dispute followed over the admissibility of the coroner's jury verdict in the evidence. Judge Richter permitted the verdict to be read to the jury. The defense claimed this ruling by Richter was an error and a recess was taken to consult the authorities of the law.

State's Attorney Smith made his opening statement to the jury before the adjournment of court late Thursday afternoon.

The statement consumed an hour, and in it he went into detail as to what he would prove. After the reading of the indictment, Mr. Smith said:

"There has been a lot of talk in the questioning by the defense about poisoning. We charge Ray Lamphere with setting fire to Belle Gunness's house. I don't know whether the defense will offer the poison theory or not, but the evidence will prove the charges as we have made in the indictment. The first element of our proof will show that Ray Lamphere set fire to the house. The second element of the proof will be that by reason of that fire Belle Gunness and her three children were burned."

Mr. Smith said that the evidence will show that Lamphere made remarks to various persons indicating his hatred for Mrs. Gunness and his intention to do her harm. Taking up the story of the night of the fire the prosecutor said that by Lamphere's own statements it would prove that he set the alarm clock at Mrs. Smith's house, where he spent the night for 3 o'clock in the morning of April 28 and that 15 or 20 minutes later he left there. "We will also prove," continued the state's attorney, "that he took the road going by the Gunness house and that he was on the spot when the fire broke out about 4 o'clock and that he was the only person around at that time. We will show by the evidence that when he was arrested at 7 o'clock that night the first thing he said was 'Did those folks get out of the house?' So you see the foremost thing in his mind was the burning of that house."

Another search will be made on the Gunness farm in the hope of finding the bodies of additional victims.
