

YOUNG PRIEST IS Eloquent

Holds Catholic Congress in
Chicago Spellbound by
Earnest Appeal.

MOVEMENT IS INDORSED.

FALCONIO ALSO BEARS WARNING
TO UNITED STATES AGAINST
THIS COUNTRY GOING TO WAR
AGAINST RELIGION.

Chicago, Ill., Nov. 17.—Before as distinguished a gathering as ever assembled in the name of the Roman Catholic church on this continent, three speeches of far-reaching importance were delivered in the First Regiment Armory Monday. Six other addresses on special subjects were delivered to the first missionary congress of the church in the United States and Canada. Of vast importance as designating authoritatively the ideas and the ideals of the men who practically hold in their hands the missionary future of the world, were the speeches of the Papal Legate, Archbishop Dionide Falconio, of the Archbishop of Chicago, the Most Rev. James Edward Quigley, and of the young president of the Catholic Church Extension society of the United States, the Very Rev. Francis Clement Kelley.

From Archbishop Falconio, the personal representative of the Sovereign Pontiff, came the warmest indorsement of the missionary movement, not only of its general ideals, but of the policies of the Chicago priest and Archbishop in carrying it out. The great ecclesiastic also sounded a warning against the United States falling into such a war against religion as is going on in France, and prophesied the ruin and degradation of any nation that should thus violate the laws of God.

The Work Explained.

From the president of the Catholic Church Extension society, a young man still in the thirties, who conceived the idea of the "home missions movement," while a parish priest in a small Michigan town, and, who since carrying out this idea, with the assistance of Archbishop Quigley, has become a man of power and influence second to but few in the hierarchy of the church in this country, came a complete summing up of the situation of the American church with regard to missions.

The congress was startled in outspoken admiration of the daring of a young Chicago clergyman in the afternoon by one of the most remarkable addresses ever delivered at any Catholic gathering.

For over an hour he spoke, not loudly, nor oratorically, but in a calm, dispassionate conversational tone, dealing out praise for untiring zeal, and success and blunt unapologetic criticism for what he called the laziness, the misguided efforts and the faults of his own people, clergy and laity alike.

Three things he attacked, this friendly iconoclast, the methods of educating the priesthood of the Roman Catholic church in America, the powerful secret societies, the Knights of Columbus, the Catholic Order of Foresters and others and the participation of American Catholics of foreign birth or descent in the political affairs of any country other than the United States, and that his meaning might not be mistaken, using the case of Ireland as an illustration.

As he spoke one needed only to look into the faces of the scores of prelates the majority of the hierarchy of the Catholic church in the United States seated on the platform behind him, to see the tremendous importance of his speech. Wonder and amazement were blended with the most whole-hearted approval in the countenances of his hearers. While the audience throughout his long speech sat motionless, soundless, transfixed with intense interest.

Great Work Accomplished.

Tracing the history of the missionary work of the Roman Catholic church Archbishop Quigley told of the countless ramifications by which the congregation of the propaganda, the body under which the church in America has heretofore worked, has sent its missionaries into all parts of the world and planted the standard of the Roman Catholic church in strange lands, as well as caring for the faithful in countries which had lapsed from the rule of the Roman church.

HALF OF OHIO DRY

Three More Counties Vote
Down Saloons in Elections.

1,291 HAVE QUIT BUSINESS.

Columbus, O., Nov. 17.—Upon hearing from the victories in Hancock, Muskingum and Tuscarawas counties which went dry, Superintendent Wayne B. Wheeler, of the Anti-Saloon league, said that the prediction of the organization that half the state would be dry before the first fall of snow, had been realized. There are now 47 counties in the dry column, 42 by Rose law elections and 5 through township and municipal elections. There are 88 counties all told in the state, so that there is now a majority of three on the dry side. Through the triumphs Monday 211 additional saloons are voted out, making the total thus far 1,291. Of these there were 92 in Tuscarawas, 83 in Muskingum and 36 in Hancock county.

"If the saloons that have been forced out of business were placed side by side," said Superintendent Wheeler "they would make a street seven miles long."

TAKING THE WHOLE COUNTRY BY STORM.

The new remedy is a recent discovery, but it is taking the whole country by storm. It has cured so many people throughout the state within the past few months that scores of newspapers are publishing local testimonials, giving names, streets and numbers of many people whose word cannot be doubted. The remedy certainly must have remarkable merit as so many people after using it a short while are advising their sick friends to try it. The Greensburg, Indiana, Daily Review, recently published the following: Mr. J. W. Hoyle, of 116 East Washington street, said: "My wife has been taking Root Juice and it has done wonders for her. Before taking it she had a very bad stomach. The lightest food would sour on her stomach and cause it to burn and pain her very much. In fact, she said she felt like it was raw from top to bottom. Recently her trouble was aggravated by an attack of the grippe. Her appetite was very poor, but after taking the Root Juice a few days she had a good appetite and could digest everything she ate without the least pain or inconvenience. She is no longer weak and nervous, and seems like a new woman. The remedy has proved a wonderful blessing to her."

In fact so many people are talking about its great soothing, healing and toning qualities to the stomach, bowels and kidneys that it is now hard for the Root Juice people to make it fast enough to fill all orders. It is retailed for one dollar a bottle. Many local people have testified to its wonderful merits, as anyone can learn by going to A. G. Luken & Co.'s drug store.
