

GERMANY NOT NEAR REIGN OF PEOPLE

Conservatives Too Well In-
trenched in Power for
Hope of Success.

MANY PARTY BELIEFS.

RADICALS AND SOCIALISTS ONLY
LEGISLATORS WHO STILL LOUD-
LY DENOUNCE BUREAUCRACY
LIBERALS STAND.

Berlin, Nov. 20.—Since the German emperor gave his imperial pledge to hold himself within close constitutional bounds hereafter in matters concerning affairs of state, the situation has cleared. But serious questionings have arisen in political circles as to the significance of the emperor's action with respect to the future relations between the reichstag and the executive branch of the government.

While calm observers interpret the emperor's surrender of what he had considered his prerogative as registering a remarkable victory for public opinion, they fully recognize the fact that it leaves Germany far removed from popular government. The emperor, it is pointed out, yielded to the most impressive demonstration of the people's will ever seen in Germany, but such an occasion can arise only when the minds of the whole people are fired with unanimity upon a single demand, as in this case.

Conservative Block "Call Down." Yet even under these unusual circumstances, the reichstag, when the subject of the emperor's intervention in national affairs came up for debate, was unable to agree upon the simple course of sending an address to the emperor, setting forth the views of the members, who were one in their opposition to his majesty's course. No action could be taken because the conservatives, on the pretext that the reichstag did not possess the right to address the crown, refused to co-operate.

The radicals and socialists, however, intend to attempt to pass a resolution demanding an amendment to the constitution making the ministers responsible to the reichstag, but it is already certain this resolution will be rejected.

The conservatives will present a united front against all proposals of this kind. They have everything to gain and nothing to lose in maintaining the present system, under which they supply the ministers of the crown by traditional right and fill all the valuable diplomatic, military and civil positions in the gift of the government.

The clerical party, while containing democratic elements, is too accustomed to the tradition of authority acting from above to permit it to accept a political transformation not in harmony with that tradition.

The liberal party is, too, permeated with conservative ideals to admit the expectation that its representatives would agree to support an amendment shifting ministerial responsibility wholly to the reichstag.

Deeds, Not Words.

Richmond People Have Absolute Proof
Of Deeds at Home.

It's not words, but deeds that prove true merit. The deeds of Doan's Kidney Pills, for Richmond kidney sufferers, have made their local reputation. Proof lies in the testimony of Richmond people who have been cured to stay cured.

Charles A. Fry, for a number of years a member of the Richmond Fire Department, and living at 24 North 5th street, Richmond, Ind., says: "A few years ago I got Doan's Kidney Pills at A. G. Luken & Co's drug store for my son, who had been troubled most of his life with a weakness of his kidneys. I had heard the remedy highly recommended for such cases, and was not disappointed with the results of its use. After the boy had taken Doan's Kidney Pills a short time his condition was much improved, and he continued their use for a while longer until his kidneys were again in a normal condition. Since then he has never been troubled as he formerly was, and I cannot praise Doan's Kidney Pills too highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
