

CLUBS CIRCULATE RED CROSS STAMP

Action Taken by Three Leading Organizations Saturday.

BIG SALES ARE EXPECTED.

FUNDS SECURED FROM SALE OF STAMPS WILL GO TO NATIONAL RED CROSS SOCIETY—WOMEN IN CHARGE.

At a meeting held yesterday afternoon at the home of Mrs. Frank Land the Atheneum club, the Aftermath club and the Domestic Science association decided to take immediate action in preparing for the circulation of Red Cross stamps during the holiday shopping season. The proceeds from the sale of these stamps will be devoted to the use of the Red Cross society.

Mrs. N. C. Hefron was appointed general chairman and Miss Reba Stetson was appointed general secretary. The general treasurer will be appointed later. Miss Marianna Stubbs was appointed to interest all the women's clubs in the city in the movement and Mrs. Mark Wilson and Mrs. R. W. Randall were appointed solicitors.

It is the purpose of the various women's clubs to sell the Red Cross stamps, which are valued at one cent each, to the merchants of the city and to the shoppers. The merchants are expected to place one of these stamps on every package delivered in the city or sent through the mails. In selling stamps to the general public there will be no house to house canvass made, but stamps will be sold at various public places and the club members will sell them to their friends. Shoppers are expected to place a stamp on their Christmas packages.

The stamps are about the size of the ordinary postage stamp. In the center of the stamp is a small red cross and surrounding it is a holly wreath. "Merry Christmas and a Happy New Year" is printed on the stamp. It is expected that thousands of these stamps will be sold in Richmond during the holiday season.

FOUR MILLION CARTRIDGES TO MANILA

Consigned to American Troops in Islands.

San Francisco, Nov. 21.—A remarkably large shipment of revolver cartridges for the American troops in the Philippines, 4,036,000, will be taken out for Manila by the Pacific Mail steamship Asia, which leaves Pier 42 next Tuesday afternoon. The cartridges are in 2,018 boxes, each containing 2,000. They are of .32 calibre and contain smokeless powder. This is by far the largest shipment of the kind ever sent from here to the islands. The Asia is due at Manila December 22.

BUTCHERS STAND READY TO CLOSE

Customers Responsible for Open Shops on Sunday Morning.

AN APPEAL IS ISSUED.

REQUESTED THAT PEOPLE BUY THEIR MEATS ON SATURDAY THAT BUTCHERS MAY HAVE REST ON SUNDAY.

The Sabbath observance committee of the Richmond Ministerial association, has issued an appeal to the citizens of this city to assist in the movement to close butcher shops on Sunday. The committee points out that a large majority of butchers do not desire to work on Sunday and it would be possible for them to close their shops if their customers would purchase their Sunday supplies of meat some time Saturday or Saturday night. The following appeal to the citizens has been issued:

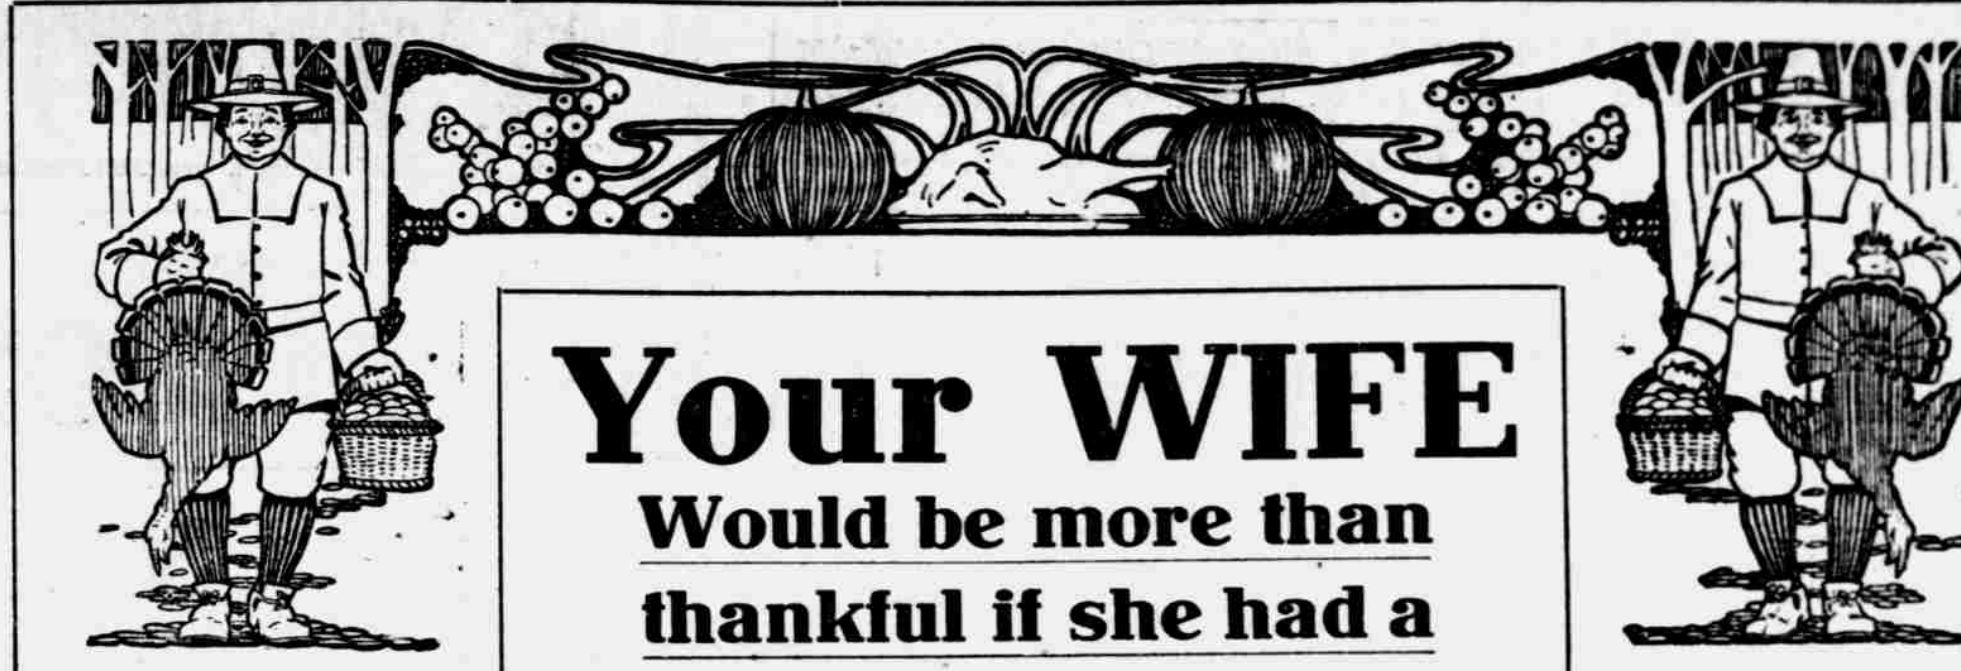

"Believing that a proper observance of the Sabbath day is not only conducive of good morals and desirable from a religious point of view, but that no legitimate business or interest can be prejudiced or injured thereby, and believing further that such observance requires that all unnecessary labor or merchandising should be avoided, the committee on Sabbath observance of the Ministerial association of our city is endeavoring to secure the closing of the meat markets on Sundays.

"To accomplish this, it is necessary to secure the unanimous consent of the dealers. An effort is being made to do this and we are happy to say that this effort is meeting with gratifying success. A large proportion of the dealers have already signed an agreement to close their doors on Sundays, provided that all the dealers shall unite in the agreement.

"Many of the dealers have expressed themselves in hearty sympathy with the movement, while some have already closed their doors. We believe in justice to our meat dealers and their employees, who should not be deprived unnecessarily of their day of rest and as a reasonable concession to the religious sentiment of our people, that all good citizens should heartily co-operate in this movement. This can be done in two ways. First, let the patrons assure the dealers of their hearty commendation of the stand they have taken. Second, until the general closing has been effected, let those who have been accustomed to get their meat supplies on Sunday mornings, at once turn over a new leaf and make no more Sunday purchases and so give practical demonstration of their approval of the movement. This can be done, we feel sure, in nearly every instance without loss or inconvenience to the purchaser and to the great satisfaction of the dealer."

Huge Mexican Lemons.

It is not considered a joke to be "handed a lemon" in some parts of Mexico, where this fruit grows to enormous size. To carry one of these monster lemons is no small task. They frequently grow to a size much larger than a man's head. The large lemons do not bear shipment as well as those of the smaller variety, but are in much demand in the localities where they are grown. They are full of juice, and one has been known to afford enough acid for a whole barrel of lemonade.—New York Tribune.

Old Soldiers Without Room Roosevelt is Slated for Leader

No Final Action Toward Giving Veterans Post Home at Court House--Township Trustee Finds No New Office.

Just what disposition shall be made of the office of township trustee, at present is holding up any definite action by the board of county commissioners as to providing accommodations at the court house for Sol Meredith Post G. A. R. At present the office of the township trustee is maintained in the court house. The township pays for the light and fuel. The office could not be rented. The trustee objects to a change in the location of the office. It had been suggested that the office be placed at the Morrison-Reeves library, but it would be a difficult matter to accommodate the office there.

William Bradbury, a member of the library board, and Charles Potter, township trustee, and secretary of the board by virtue of his office, met with the commissioners yesterday afternoon. The proposition was discussed thoroughly, but the commissioners delayed final action until the December meeting.

Whatever may be the outcome of the controversy with the trustee and library board, the commissioners will provide rent free a post room for the old soldiers. At present the Wayne County Abstract Company is provided with a room on the first floor of the court house. The rental charged is for "fuel and light" and is very low. This is a private concern. It has been proposed to place this room at the disposal of the post and either locate the abstract company in another room at the building or let it seek other quarters. It is proposed to locate the company in the room now used for the auditor's reference room and place the records kept there in another room.

The proposition is one of considerable importance especially to the post. The rooms now occupied by the organization are not regarded as desirable except from the standpoint of location. Since the rapid decrease in the membership of the post the expense for rent has become an item of important consideration.

he dropped the basket and the old bruise was struck again. It was not long after this that the leg began to give the physician trouble. Since then he has had to undergo several operations in which each time a portion of the bone was removed. The strength of the limb has been impaired greatly.

FURNACE UNSATISFACTORY

Complaint has been made to the county commissioners that the new furnace installed recently at the county jail does not heat satisfactorily. It is claimed that in the past week, when the nights were cool, the jail and the sheriff's residence were uncomfortable. The commissioners will require that everything in connection with the furnace give satisfaction before it is accepted.

He Was Accommodated Promptly. A German peddler rapped thudly at the kitchen entrance. Mrs. Kelly, angry at being interrupted in her washing, flung open the door and glowered at him.

"Did yez wish to see me?" she demanded in threatening tones. The peddler backed off a few steps. "Veil, if I did," he assured her, with an apologetic grin, "I got my vish, thank you."—Everybody's.

New York State Politics to be Thoroughly Reorganized--May be Candidate for Senate When Depew's Time Expires.

New York, Nov. 21.—The Brooklyn Eagle last evening published the following:

"It is now clearly understood by those in closest touch with President Roosevelt and the federal administration that the president will not consider any office or other public employment until the close of Chauncey M. Depew's term as senator. If the president remains in his present state

of mind it is understood that he will be a candidate for the senate at that time.

"In the meantime, beginning on March 5, 1909, Theodore Roosevelt will become the republican leader of New York state. He is of the opinion that republican affairs in the empire state are in need of thorough reorganization and he will carry out his own ideas regarding this reorganization."

A MINUTE LOST FOR EACH PUPIL

Tardiness Decreasing in Public Schools.

The October report for the Richmond schools shows a great decrease in the time lost by tardiness over the previous month, September. With 3,046 pupils enrolled the minutes lost by tardiness amounted to only 3,199 which averages just a little over one minute to the student. During the month there was 565 cases of tardiness and of this number there was 434 tardy pupils.

The report was delayed about two weeks this month because various teachers failed to make their reports out correctly.

The report is as follows:
General enrollment 3,046
Monthly enrollment 3,010
Average daily attendance 2,734
Number remaining at end of last month 2,899
Number remaining at date 2,864
Number not tardy 2,605
Number not absent 1,594
Number neither tardy nor absent 1,459
Number of cases of tardiness 565
Number of tardy pupils 434
Time, in minutes lost by tardiness 3,199
Number of cases corporal punishment 8
Number of cases of truancy 10
Number of visitors 460

TROUBLESOME TWINS UNDER INVESTIGATION

Nicholson Brothers Must Face Juvenile Court.

Another investigation of the record of the celebrated Nicholson twins, Clyde and Claude, has been ordered by Judge Fox of the juvenile court. These boys have been in trouble numerous times and Supt. Bailey said last evening about thirty cases have been presented against them. Mrs. Candler, the probation officer, now is looking up the history of the lads.

The Nicholson boys gained their greatest notoriety, when they were mixed up in an episode wherein another small boy was tied to the tracks of the G. R. & I. railroad. He was left bound fast to the rails and rescued only a short time before a train appeared. The boys are accused of breaking into cars in the C. & L. railroad yards and of pushing hand-carts onto the tracks in order to bring about collisions with the regular trains. The youngsters have been runaways from home and otherwise involved in serious affairs, but always managed to secure toleration and clemency by the court.

SERVICES CLOSE.

Rev. Kenna is Well Satisfied With Services.

The revival services at the Third M. E. church will close tonight. They have continued for the past several weeks and great good has been accomplished.

The attendance at all the meetings has been exceptionally large and the Rev. Kenna is well pleased with the success of the services.

Talks on Tailoring.

If you buy a "good" ready-made—say a Rogers-Past—you'll pay \$35 to \$40 for it. And it won't fit you even then. It will have to be altered, and at no stage of the game will it be satisfactory.

If you buy the bargain "guessfit"—the \$18 to \$25 kind—you'll get a nice juicy lemon. After a couple of week's wear it'll look like a two-spot.

We all know that it pays to look prosperous.

The well dressed man has the floor every time.

There is a mistaken idea among men generally that it costs a small fortune to have clothes made to order.

It depends who your tailor is.

For \$15.00, \$18.00 or \$20.00 I'll make you a suit or overcoat the equal of any other tailor's production for \$35.00 to \$100.00 more—a garment that I'll guarantee to you in every respect.

Call in and see my Fall and Winter fabrics and let me demonstrate that I make as good clothes as any tailor hereabouts and save you from \$25.00 to \$100.00 on every order.

Remember, with every order I give my warrant of absolute "satisfaction or no pay."

Yours truly,

O. C. KRONE,
