

ray to the Army twenty yard line where they scored on a drop kick.

Story of First Half.

Lange got the ball on the Army kickoff and ran back 15 yards. Northcroft punted to the 35 yard line and Hyatt got the ball. The ball was on the Army side. Greble kicked a long punt to the Navy's 3 yard line. It looked like an Army goal. After only four minutes play the Navy rooters were nearly crazy. Chamberlin was sent through the center to make the distance but they held him fast. He managed to make a yard. A fierce scrimmage now. Chamberlin again took the ball, shoving his huge shoulders through right tackle he landed six inches over the line. Hyatt lay down holding the ball. Dean did the kicking. He took his time. He pined the sun, felt the wind and while the navy men barked themselves hoarse trying to rattle him, he kept steady and kicked a nice goal. Army, 6; Navy, 0.

Northcroft kicked off for the Navy. Dean caught the ball and ran back 15 yards before he was nailed. Greble now punted and Reifender got the ball in midfield where the Army ends pounced on him. Dalton made a nasty muffed when the ball was thrown to him for a punt.

Dalton kicked to Hyatt, who slipped and fell on the Army's 15 yard line. Greble gained a couple yards around the left end but the Army was penalized and the ball was taken back to the five yard line. Greble punted to midfield. Dalton made five yards through tackle. Dalton punted to Hyatt, who ran back ten yards. Greble punted out to Lange who made a fifteen yard run down to the Army's 25 yard line. Army got the ball on a fumble. Hyatt made 4 yards around the right end. Both teams were playing fiercely. Greble made a beautiful punt to the Navy's 10 yard line. Lange made a fair catch. Dalton was now given the ball but Chamberlin made a sensational tackle and got him before he had gained a foot. Greble had to punt.

Clay tried outside kick. Navy interfered with fair catch and was penalized 25 yards. Greble punted to mid-field and the Navy had lost its best chance so far. Dalton gained 5 yards around left end. Dalton kicked to the Army's 20 yard line. Hyatt ran around the Navy's left end but Army was penalized for off-side play. Greble punted. Lange made a twenty yard run. Clay made six yards on the left side. Leighton gained five more and it was a first down on the Army's 25 yard line. Navy played old-fashioned football.

The ball was on the Army's 15 yard line. Lange was there with 3 yards on an end run. Army down on its hands and knees. Navy took its time and Lange made a perfect field goal. Army, 6; Navy, 4.

The half closed with the Army in possession of the ball in Navy territory. In this half the Army played the midshipmen to a standstill.

Story of Second Half.

Northcroft kicked to Army's 30 yard line. Dean returned it and the game apparently was going to continue in the same fashion.

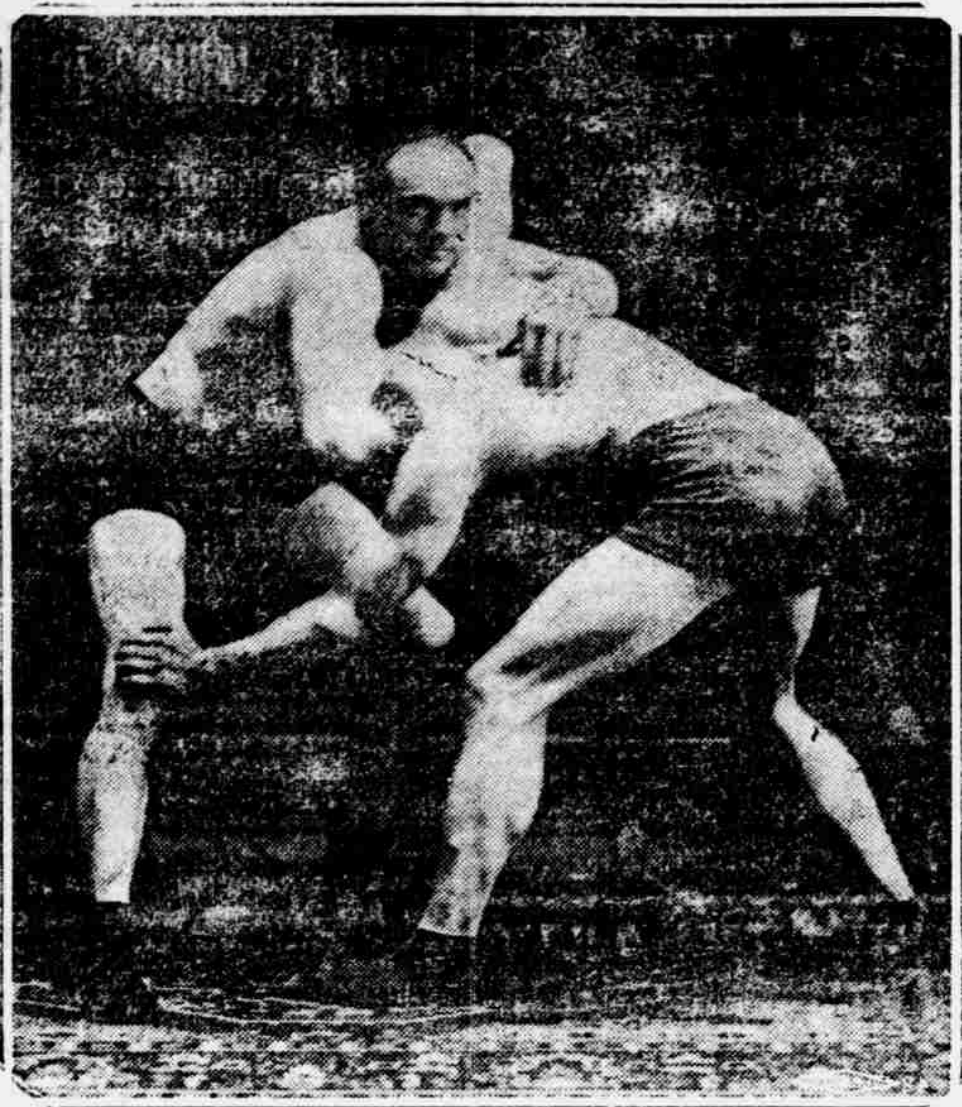

Hyatt carried the ball through right tackle four yards. The play was extremely savage now, both sides fighting for blood. Dean made a great punt. Lange returned it almost over the Navy goal line. He was hurled and throttled and finally slammed down 6 yards from the line. Dalton kicked freely to 50 yard line. The Army now prepared to do stunts. Dean made a good run but Army was penalized 15 yards. On a fake kick Chamberlin ploughed through for 8 yards.

Greble punted to Lange. Ball on Navy 10 yard line. Dalton booted out to mid-field. A series of line plunges by Chamberlin did not net enough. An inside kick was tried and Clay recovered the ball. Army forcing all the time. Dalton punted to Dean. Then came some more fancy work. West Point gave Hyatt the ball. He hurled it 30 feet into the enemy's territory but the Navy recovered the ball. The forward pass gained nothing. Army, however, was always forcing the game.

Stearns is Injured.

Army penalized five yards for off-side work. Greble punted to Richardson who was downed on Navy's 10 yard line. Clay was hurled back for a loss of five feet in an attempt to skirt the end. Chamberlin was knocked silly in this rush. After replacing his knee cap and pulling his ankle into joint he resumed the recreation.

The Head Hold a Favorite With the German Hercules

WRESTLER WINKELHOEFER

The above cut shows the big German mat artist, Winkelhoef, in action with his wrestling partner. This cut gives a faint hint of the magnificent stature of Winkelhoef and it also shows him in one of his favorite holds. Monday night Winkelhoef will meet Charley Olson at the coliseum. This match will be pulled off at the conclusion of the Young Beel-Roeber match. Olson will meet a Tartar in the big fellow as he is acknowledged one of the best heavyweights in the world, being just a shade under Gutch's class. The double-header match at the coliseum Monday will be the first one pulled off in this city and an immense crowd is expected.

Affairs of the Sporting World

The Navy players are very happy because they made the best showing against Harvard of any team this season. They played a tie game, 6 to 6, with the Crimson, the worst that the Cambridge men got out of their schedule, which included victories over such teams as Carlisle, Brown and Dartmouth, and last, but not least, Yale.

Emmett Heldrick expects to take advantage of the Browns' spring training trip next year and have himself in good condition by the opening of the championship series.

"Bill" Bradley's bevy of sixty sacrifice hits comes mighty near being a record. It's easily high for this year. Long outfield flies with a runner on third gave him a goodly bunch of them.

Frank Killen, the former big league pitcher, a great southpaw in his day; Ollie Chill, Mike Jacobs and George Geosale will do the Central League umpiring next season.

It is understood that Clark Griff plans to get in New York for the Eastern League and American Association to do break away from organized base ball. That's probably the reason he refuses to close with Garry Herrmann.

Nearly all arrangements have been completed for the festival that is to be given by the high school students for the benefit of the high school athletic association on the evening of December 11. The affair promises to be one of the greatest events that has ever been held at the high school. The admission to the building will be ten cents. On entering there will be innumerable sideshows and many vaudeville features for which the small admission of one and two cents will be charged. In the chapel a small playlet will be given by a number of students, which will be original.

SPRADLING LUCKY.

Former Earlham Student is Deputy County Clerk.

Birney Spradling, well known in this city and a former Earlham College student, has been selected as deputy clerk of Rush county by the clerk elect.

Meyer ..... Weir  
Left Guard  
Slingluff ..... Philoon (Capt.)  
Center  
Leighton ..... Moss  
Right Guard  
Wright ..... Fullen  
Right Tackle  
Reifender ..... Stearns  
Right End  
Lange ..... Hyatt  
Quarter  
Dalton ..... Dean  
Left Half  
Clay ..... Greble  
Right Half  
Richardson ..... Chamberlin  
Full Back

Umpire—A. S. Sharpe, of Yale.  
Referee—Mr. Evans, of Williams.  
Field Judge—Carl Marshall, of Harvard.  
Headlinesman—Bob Torrey, of the University of Pennsylvania.

COMPLETE PLANS FOR THE SCHOOL FESTIVAL

Given for Benefit of High School Athletics.

PLAYING STAR GAME

Thompson, Crack Local Polo Player, Is With Fall River Team.

EASTERN LEAGUE LINEUP

Thompson, the crack local polo player, has won a happy home among the polo fans of Fall River, Mass. He is playing second rush on the Fall River team with Eddie Higgins as his running mate. These two stars are setting the eastern league circuit on fire. Ado Mansfield, another Richmond player, has just joined the Brockton team and has been given a warm welcome by the fans of that city. The Eastern league teams are now composed of the following players, all of them well known to Richmond fans: Fall River—Higgins, first rush; Thompson, second rush; Farrell, and McCarthy, center; O'Mara, halfback; Cashman, goal.

WORK DONE DEC. 15TH.

Auditor Prepares Semi-Annual Settlement Sheet.

Although the law allows until the first of the year for the completion of the work, the Wayne county auditor and his deputies will have ready the semi-annual settlement sheet by December 15. The work on the sheet requires an immense amount of figuring. Upon the amount of taxable property as set forth in this sheet will be based the schedule and apportionment of Wayne county taxes for next year.

ONE WESTERN MAN ON ALL-AMERICA

Schultz of Michigan Only One Picked by Old Member of All-America.

WESTERN TEAMS INFERIOR

DURING FOOTBALL SEASON JUST CLOSED THEY DID NOW SHOW THE FORM THAT THEIR EASTERN BROTHERS DID.

By Tom Thorp.

(Former star tackler and Captain of Columbia and member of All-American Eleven.)

New York, Nov. 28.—The season of 1908 has drawn to a very unsatisfactory ending especially in the matter of picking a champion. Harvard and Pennsylvania are about on even terms. The Johnnies had the best balanced team of any playing the game this season. It was not through the individual effort of any one player that they won their game, but by wonderful spirit and team play.

Penn, although a well balanced team had some individual stars, who helped them a great deal in tying Harvard for the championship.

Dartmouth, Army, Navy and Syracuse also had well balanced teams, while Yale, Princeton and Cornell depended on a few individual stars to win their games. The Indians, although they started off at a fast clip, were not consistent performers.

In the west the teams did not play any sensational football—in fact, they played far below the standard established by their eastern brothers. Chicago won the championship from Wisconsin, with Minnesota, Nebraska and Illinois following in the order named. Michigan was a disappointment to all.

The picking of an All-American team this season is a very difficult problem. Harvard, the team that was tied for the title, will have only one man; Penn three; Yale, two; Dartmouth two, and Michigan, Princeton and the Navy one each.

The picking of such a team is always a sort of an unsatisfactory thing. There are quite a few men for some positions, and such close rivals that it is only after a careful study that an advantage can be found for any one of them. In order to do justice to all I have picked two teams, and honestly think that they are the best men for their respective positions today.

Captains Burch, Dillon, and Burr have not been given positions on the team, because of their enforced absence from the game most of the season. Selections for a first and second All-American teams would be as follows:

First Team.  
Scarlet, Penna.—Right End.  
Fish, Harvard, Right—Tackle.  
Goebel, Yale—Right Guard.  
Schultz, Michigan—Center.  
Tobin, Dartmouth—Left Guard.  
Draper, Penna.—Left Tackle.  
Schidmiller, Dartmouth—Left End.  
Lange, Annapolis—Quarter.  
Hollenbeck, Penna.—Right Half.  
Tibbotts, Princeton—Left Half.  
Coy, Yale—Fullback.

Second Team.  
Logan, Yale—Right End.  
Hoar, Syracuse—Right Tackle.  
Waller, Princeton—Right Guard.  
Nourse, Harvard—Center.  
Hoar, Harvard—Left Guard.  
Siegling, Princeton—Left Tackle.  
Dennie, Brown—Left End.  
Cutler, Harvard—Quarter.  
White, Harvard—Right Half.  
Mayhew, Brown—Left Half.  
Walder, Cornell—Fullback.

MARSHALL FAVORS REPEAL OF LAW

(Continued From Page One.)

fore, for this letter, which was received this week.

Mr. Marshall's letter reads: "In accordance with my pre-election promise, I propose to request the legislature to repeal the metropolitan police law, and, failing therein, I propose to keep my pledge to appoint and remove exclusively upon the recommendation of mayors and common councils of the several cities governed by said act. Very truly yours, 'THOMAS R. MARSHALL'."

MEMBERS OF HOUSE ARE DISSATISFIED

(Continued From Page One.)

might for several reasons hesitate to oppose the re-election of Speaker Cannon, not one of them would refuse to stand pat for a modification of the rules, whatever the consequence to themselves.

WILLIAMSBURG BEATEN.

Centerville Basket Ball Team Has a Walkaway.

WOODRUFF IS YET FORMIDABLE CANDIDATE

Still in Race for Platt's Senate Seat.

New York, Nov. 28.—Timothy Woodruff, republican state chairman is a formidable candidate for the United States senate to succeed Thomas C. Platt, whose term expires next March, notwithstanding reports to the contrary. The other men who have been mentioned for the place are Elihu Root and Frank S. Black.

When the legislature meets in January it is entirely probable that Mr. Woodruff will have behind him at least half the leaders of that body on both sides, and that they will make an aggressive fight to procure his selection to the seat now occupied by Mr. Platt who has practically quit the race. Reports connect Whitelaw Reid with this contest, in addition to John E. Andrus, a wealthy member of Congress from Westchester county; Representative George R. Malby, one of the most experienced members of the New York delegation and formerly senator; Professor Frederick M. Davenport, a professor from Oneida county, and Representative Breck Perkins of Rochester.

SENATE IN THE WAY

Treaty Between Japanese and America Would Not Become Effective.

VIOLATES PREVIOUS POLICY

Washington, D. C., Nov. 28.—Further discussion of the Japanese agreement tonight, indicates that if it were signed by Root and Takahira and became a formal treaty, it would be rejected by the senate because it would subvert traditional United States policy of no alliances with foreign nations. The agreement or notes of agreement with Japan, are entirely an different thing from the agreements of the United States with all European nations of the first class to respect the integrity of China as set forth in the elaborated John Hay circular note for the open door. If the senate should ratify the agreement, some of the diplomats here say that the result would be an actual triple alliance, composed of the United States, Japan and Great Britain.

SANTA WILL NOT LOSE HIS MAIL

Uncle Sam to Deliver It to Him.

All Christmas mail addressed to Santa Claus and deposited at the local post office or in the mail boxes will be delivered. The postal department has ruled that such mail shall be turned over to charitable organizations. Postmaster Spekenhler will carry out the ruling. The charitable organizations receiving a part of the mail will be expected to make responses wherever possible.

INCENDIARIES WORK TO SECURE REVENGE

Rush County Farmer's Property Burned.

Rushville, Ind., Nov. 28.—The destruction of two farm residences in Rush county recently is attributed to friends of John Tribbey. Tribbey was whipped by whitecappers some time ago and it is charged incendiaries have fired the homes of the two men, who are believed to have been among the group that took Tribbey from his home and maltreated him. Public sentiment is with the men indicted as whitecappers.

MUNCIE LECTURE MONDAY NIGHT

Given Under Auspices of Bibl. Class.

Special invitations have been issued to the members and the friends of the Olive Branch Bible class, to attend the lecture that is to be given tomorrow evening at the First English Lutheran Sunday school rooms by Prof. E. M. Muncie of Brazil, Ind., who is the teacher of the largest Bible class in Indiana. The meeting is open to all and a large attendance is expected.

HAS PIN IN BODY.

Eldorado, O., Nov. 28.—Incapacitated for more than a year because he swallowed a pin when but a little boy, is the condition of Aaron Kelsa of Eldorado. His physical condition is puzzling to physicians. Owing to his inability to perform manual labor, friends of the afflicted man met recently at his home and cut and sawed his wood, enough to run the Kelsa family for the winter.

SOCIETY OF EQUITY GROWS

Secretary Says Every State Will Have Well Organized Membership.

FARMERS CONTROL MARKET

MIDDLE-MAN'S PROFIT WILL BE LOST AND THERE WILL BE GREATER RETURNS FOR THE FARMER.

Indianapolis, Nov. 28.—That a great agrarian wave is sweeping over the country in which the farmers are playing a most important part in the contention of Samuel D. Kump, a few weeks ago chosen as national secretary of the American Society of Equity with headquarters at Indianapolis. This organization already boasts of a membership of 90,000 farmers principally in the tobacco section of the south and in Illinois, Wisconsin and Minnesota in the north. Before another year is passed Mr. Kump believes that practically every state in the union will have a well organized membership which will wipe the commission man out of business, bringing larger returns to the farmer for his crops at no greater expense to the consumer.

"Those who consider themselves in a position to forecast the work of the society speak confidently of its future and assert that just as soon as the public realizes that the advance in price, which the farmer demands, is closely coupled with a system which will reduce prices to the consumer, a sentiment of popularity will sweep it into power beside which Standard Oil will look like thirty cents," says Mr. Kump. "In 1907 this national organization started a wheat campaign with a view of fixing a Chicago price at \$1 a bushel. Neither bulls or bears have succeeded in breaking the figure to any extent. When the market falls below the price, shipments cease and it quickly recovers. This represents a cents a bushel to the growers."

Mr. Kump contends that higher prices have been received by the farmers for hay, potatoes and tobacco and expects that numerous grain elevators will be put in all the principal cities of the United States, owned by the society, operated for the farmer thereby eliminating the middle man. It was this organization that during the past three years has held up the price of tobacco in Kentucky forcing the tobacco trust to come to its terms. In membership Kentucky leads with Wisconsin, Minnesota and North Dakota as close seconds. About one-third of the membership is in these states.

ORANGE D. REEVES WAS FORMER RESIDENT

Died in Indianapolis Last Thursday.

Orange D. Reeves, formerly a resident of this city, is dead at his home in Indianapolis. It has been a number of years since his local residence, but Mr. Reeves will be remembered by the older citizens. During his earlier life he made a number of inventions, and while living here invented a new style of roller skate. He became quite well known at Indianapolis after his removal there. He died suddenly, expiring in the arms of his wife after she had caught him when he started to fall. Death was due to heart trouble.

NEW MADISON HAS A \$20,000 FIRE

Richmond Fire Department Gets a Call.

A call for men and hose was received by the local fire department yesterday morning from New Madison, Ohio. Chief Miller ordered out a detail of men and had the apparatus ready to send to the Ohio town, but a relay followed in securing a special rain. By the time the operator had made the necessary arrangements giving the train the right of way, word came that the services of the department would not be needed.

The fire was the most serious that has visited New Madison in its history. It looked for a time as if a large portion of the town would be burned. Drug store, billiard and pool room, "dry" stable and other business places were burned out. The loss was estimated at \$20,000.

NEEDS: Gold Medal Flour makes lightest bread. See.

GOVERNORS TO PLAN NEW MINE LAWS

Executives of Nine States to Meet in Pittsburg.

Pittsburg, Nov. 28.—For the purpose of procuring uniform laws in the principal coal mining states of the country for the protection of life and the prevention of waste in coal mines, a conference of the governors of nine states has been called to meet in Pittsburg during the sessions of the American Mining congress which opens its convention December 2.

The governors who have been asked to take part in the conference are Charles S. Deneen, Illinois; Henry A. Buechel, Colorado; Edward W. Hoch, Kansas; Joseph W. Folk, Missouri; J. Frank Hanly, Indiana; Andrew L. Harris, Ohio; Edwin S. Stuart, Pennsylvania; William M. O. Dawson, West Virginia, and A. E. Willson of Kentucky. In addition to these chief executives, several United States senators will also take part in the conference.

CONSIGNMENT GONE

Clubs Selling the Red Cross Stamps Have Ordered The Second Lot.

THERE IS A GREAT DEMAND

Members of local women's clubs who are interested in the movement to sell holiday stamps of the American National Red Cross society are more than pleased with the reception of the first consignment of stamps received here. This consignment consisted of 1,500 stamps, sold at one cent each. No sooner had they arrived than Mrs. N. C. Heironimus, president of the Aftermath society, which is promoting the movement in this city, disposed of them to members of her society and members of the Dorcas and Magazine clubs. These club members will use some of the stamps for their personal use in placing them on Christmas packages and the remainder will be sold to merchants and the general public.

Another large consignment of stamps has been ordered from the state headquarters of the Red Cross society, at Indianapolis, and it is probable that when they arrive they will be offered for sale to the merchants and to the public. In disposing of them to the public places of sale will be established in stores and other public places and at bazaars held by various church societies throughout the holiday season. It is thought that 50,000 stamps could easily be disposed of in this city.

The holiday stamp movement of the Red Cross society is to secure funds for the purpose of fighting the great white plague, tuberculosis.

MARRIAGE FREE LOVE

"Shocking" Comments Cardinal Gibbons on Divorce Situation.

NO REGARDS FOR "DUTY."

Baltimore, Md., Nov. 28.—"Shocking," appalling and "striking at the very roots of our social system," were the forceful terms applied today by Cardinal Gibbons, the most eminent of the Catholic church in America in discussing the divorce evil as set forth in the remarkable figures that have just been given out by the census bureau.

"The government figures show that divorces are multiplying about three times as fast as the population. They disclose that one marriage in twelve ends in divorce. The figures are the more striking when considered by the side of the figures of Canada for instance, where the number of divorces is relatively small.

"Divorce is becoming so prevalent that marriage is getting to be little better than a system of free love. People are too much bent on pleasure. Men and women enter the marriage state without regard to the sacred nature of the bond they are undertaking. They look too much upon life with regard only to what pleasure they can get out of it and with too little regard for the solemn word 'Duty.'"

STAMPS IN FEW WEEKS.

Postmaster Spekenhler has announced that the Richmond postoffice would receive its allotment of the new stamps that are being issued by the postal department, within the next few weeks.

Kodol For Indigestion. Relieves sour stomach, palpitation of the heart. Digests what you eat.

**DOUBLE HEADER WRESTLING**  
Coliseum, Monday Night, Nov. 30.  
Winkelhoefer, The German, HERCULES VS. OLSON  
Young Beel vs. Roeber. PURSE, \$250.00  
Seats now selling at Simmons' Cigar Store. First Match begins at 8:15, sharp.
