

## NO LOVE BETWEEN TWO WRESTLERS

Customary Handshake May Be Relegated When Olson And Demetral Meet.

### THIRD MATCH ON FRIDAY

EACH MAN HAS SECURED ONE DECISION AND BATTLE FRIDAY NIGHT WILL BE A "RUBBER"—PRINDLE AND LASALLE MEET.

When the mighty Olson clashes with Demetral, the English champion, at the Coliseum Friday night, local wrestling followers are confidently expecting to see one of the greatest mills ever held at the big auditorium.

The men have a cordial dislike for one another and to spare the two men any embarrassment, it is very probable that the customary handshake before the contest starts will be dispensed with. Demetral defeated Olson once at Tampa, Florida, in one of the greatest wrestling bouts ever witnessed in the southern city, but in Indianapolis on a later date, Olson defeated Demetral.

Demetral, since his bout in Indianapolis, where he alleges he not only had to wrestle Olson, but the Indianapolis police force and spectators as well, has steadfastly refused to meet Olson unless he could be guaranteed that he would have no similar difficulty again.

When Manager Charlson went to Chicago recently to book Demetral, the big wrestler first asked if Richmond was a city where he could get a "square deal." On receiving the assurance that the followers of the wrestling game in Richmond stood for the best men and its favorites were only the best men, Demetral withdrew all objections he had against meeting Olson here and signed the contract.

Charlson was delighted with Demetral's agreement to wrestle Olson in this city, as he says it is the greatest match he could possibly arrange, it being his star bout of the local season.

The preliminary contest between LaSalle and Prindle will be equally exciting, as both men are clever and popular favorites in Richmond. The crowd was with Prindle when he wrestled "Germany" Busch in the first contest ever held here. It was the same with LaSalle when he wrestled the Turk. Both men are fast and this contest alone will be as good as any yet witnessed here.

It is very probable that Manager Charlson will be favored with the largest crowd of the year.

## EFFORT MADE TO ORGANIZE LEAGUE

New Castle Polo Fan Backs Scheme.

The manager of the New Castle, Ind., polo team is anxious to form a polo league and has written to one of the City League players to help him push the movement. The New Castle man states that he thinks he can interest Elwood, Alexandria, Tipton, Marion and Noblesville in placing teams in the league. It is planned to place this league in the field after the first of next year.

The City League will start its season next week with four fast teams and Richmond people will undoubtedly see as fast polo from this source as could be furnished by a tin can league as proposed by the New Castle dreamer.

Figures show that 7,418,200 speeches, making about 200 tons of published matter, were distributed by the Government Printing Office at Washington during the recent campaign.

Only One "BROMO QUININE," that is Laxative Bromo Quinine & T. G. Green on every box, 25c Cures a Cold in One Day, Grip in 2 Days

## WANTS NEXT MEET

Earlham College in Field for I. C. A. A. L. for Track Contest.

### HOLD MEETING SATURDAY

John Hancock, '10, the Indiana College Athletic league delegate from Earlham, and member of the financial committee, has been notified by the president of the league that a meeting will be held at the Denison hotel in Indianapolis Saturday morning at eleven o'clock.

The meeting place of the fifth annual track meet will be decided upon and it is probable that De Pauw and Butler will ask for admission to the league which is now the leading athletic organization of the state.

Hancock is instructed to bring the track and field games to Reid Field if possible, as the local college is conceded to have a great chance to win the championship this year.

Wabash succeeded in beating the Quakers last year by winning the 220-yard dash from Conrad by a few inches. This year every Quaker point winner is in college.

Wabash has signified her intention of casting her vote for the Earlham field.

### Squabble Predicted.

A lively squabble is anticipated over awarding the football championship which will also come up in this meeting. Rose, according to her scores, having defeated Wabash, Earlham, Franklin and State Normal, should be awarded the pennant, but that Wabash had a better team, few Rose men will gainsay. Wabash will probably try to keep a decision from being rendered.

It is understood that Hancock will vote to admit De Pauw should she ask admittance. He will also vote for Rose as foot ball champion.

## FAST MEN FAVORED

The Earlham Coaches Ignore Weight in Selecting Quaker Varsity Five.

### FRESHIES MAKE TEAM

"Speed!" "Speed!" "Speed!" was the cry of Coaches Holmes and Vail at Earlham basket ball practice last night.

It appears that weight will cut little figure and that speed is the only asset which will win a varsity position this today.

Coach Holmes, who is in charge of the varsity, picked Hotchkiss, Rees, Conrad, Cornell and H. Furnas, all exceptionally fast men, for the first team, last night, disregarding such heavyweights as Lindley, the foot ball tackle, Swain and Overman. All of these men were on the varsity squad today.

Much time was spent in passing in triangle formulation and several plays and a set of signals were given out. It is now definitely known that Capt. Wilson will not return and it is not thought that Newsom will be in college. This leaves only two of last year's champion five and the task of developing the other three men will be a great task for the coaches. However, the students place great confidence in Hotchkiss and Hancock, the two veterans, and the Freshman class has furnished some remarkable material in Cornell, Rees, Morris and H. Furnas. The two California men H. and W. Tebbits are also showing up well.

The annual production of raw silk in Indo-China may be estimated at 2,400 pounds. There are many large regions beyond those now engaged in the industry which are adapted for its adoption, and the administration is making considerable efforts to encourage it. Land planted with mulberry trees has been exempted from tax for five years.

Figures show that 7,418,200 speeches, making about 200 tons of published matter, were distributed by the Government Printing Office at Washington during the recent campaign.

## Affairs of the Sporting World

Demetral, the great Greek wrestler, arrived in the city yesterday afternoon, bringing with him his English light heavyweight championship belt, which is on exhibition at the Emmons & Chenoweth cigar store. Charles Olson will arrive on the field of battle today.

Up at Anderson Tuesday night they sicced Olson on some dub calling him Young Hackenschmidt. After they had carried him out of the building with a snapped tendon in his arm Olson disgustedly remarked, "I didn't even get a good workout with him."

The National Baseball Commission decided yesterday not to act upon the demands of the American Association and Eastern League until it met at Cincinnati, January 1. This was done so the "microbe" leagues would have the opportunity to prepare arguments against the demands of the two big Class A organizations.
