CLEVER TRICK  
CATCHES THIEF

Wayne County Farmers May Adopt Plan.

Corn thieves had best beware. A Hazelton, Indiana man has discovered a way to trap them, that may be tried to advantage by Wayne county farmers, who have been missing their crib supplies. Frank Speights was convicted of stealing from Frank Cassidy's crib and given a fine.

Noticing his crib had been subjected to night visits, Cassidy made a quiet investigation. He was led to believe that the missing corn was going toward fattening Speights' hogs. To confirm his suspicions, Cassidy last week drove eight-penny nails into quite a number ears of his corn.

Saturday morning, after noticing that his crib had again been visited, Cassidy went to Speights' hog pen and there found an armful of cobs with nails driven in the pith of the cobs. With the cobs as evidence, Cassidy secured Speights' arrest and conviction.

FREE COAL FOR THE POOR  
Will You Help Be a Party to the Distribution?

Owing to the hard times, and the large number of persons and families in want of the necessary fuel to keep them warm this winter, and their inability to purchase the same, the UNITED COAL YARDS COMPANY is going to do its share towards helping out these poor unfortunates in this city.

Commencing Jan. 1st, for every 40 tons of Domestic Coal or Coke we take orders for, we will deliver FREE two one-half tons of soft coal upon evidence that such parties that may make application for help are absolutely in need of fuel.

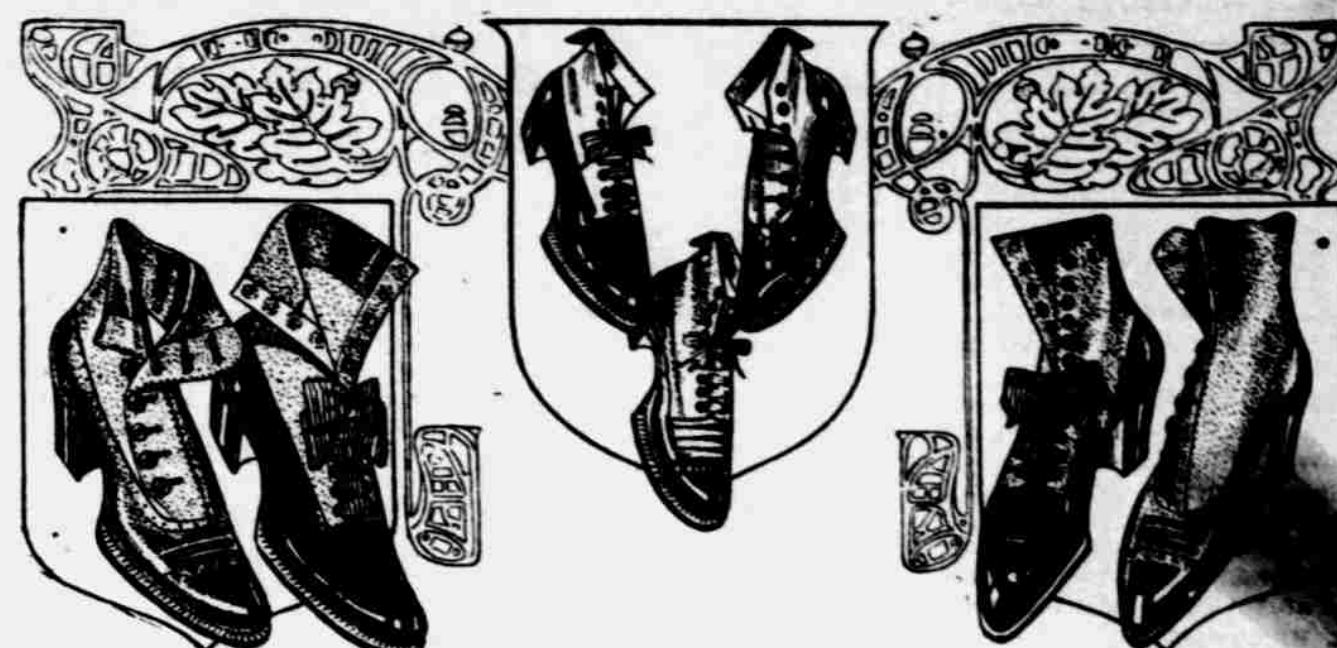

The wants of such parties will be carefully looked into through the proper channels that we may know all applicants are in absolute need of fuel, the names being furnished us from time to time for such deliveries.

We wish to call the attention of the public to the fact that all orders will be taken at our regular prices, as enumerated below, which you will note are lower all along the line than you have paid for several years at this time of the year. The reason for this is that we absolutely refuse to become a party to any combination of coal dealers, making our own prices, and guarantee the coal to be of better quality than was ever offered for the prices we ask.

As we receive the patronage we are now receiving, we believe in sharing with the unfortunates that are in need of help.

We are ready to make this proposition until April 1st, and by putting your shoulder to the wheel and sending all orders for coal to us, you share in this charity-giving object.

PROBABLE RAID  
FOILED AT EATON

Night Patrolman Routes Suspected Robbers.

Eaton, O., Dec. 30.—It is thought that an attempted raid on the postoffice was foiled by Night Patrolman Runyon early yesterday morning.

Three suspicious looking fellows, all strangers, were seen to enter the alleyway leading to the rear of the office and the officer was put on their trail. The trio was conversing in low tones in the open court in the rear of the office, near the rear entrance, when the officer came upon them. They broke and ran, with the officer in pursuit, but seeing they were out sprinting him he opened fire on them, but they made good their escape, the three shots from the officer's pistol going wide of the mark.

## The Origin of "Hurrh."

The word "hurrh" is pure Slavonian and is commonly heard from the coast of Dalmatia to Berlin, strait when any of the population living within these limits is called on to give proof of courage and valor. The origin of the word belongs to the primitive ideas that every man that dies heroically for his country goes straight to heaven—Huray, to paradise—and in the shock and ardor of battle the combatants utter that cry, as the Turks do that of "Allah!" each animating himself by the certitude of immediate recompense to forget earth and to condemn death.
