

LAMB GETS THE WERNLE CONTRACT

Local Contractor Submits Bid Of \$24,857 for New Dormitory Building.

AWARD OTHER CONTRACTS

SPECIFICATIONS CALL FOR MODERN THREE-STORY STRUCTURE BUILT UPON SANITARY PRINCIPLES—WORK STARTS SOON.

At a meeting of the board of directors of the Wernle Orphans' Home yesterday afternoon at the home of the Rev. A. J. Feeger, the contracts were awarded for the erection of the new dormitory building. Charles Lamb, of this city, received the contract for the erection of the building at \$24,857. The plumbing will be done by the Craighead company, which bid \$4,999. The roofing will be put on by Shultz and Lanning. The entire cost of the new structure will approximate \$35,000. All the work will be done by local contractors.

Competition Close.

The competition was close. Bids were received from six local firms, one from Columbus, Ind., and one from Dayton, Ohio. The specifications call for a modern three story dormitory building constructed upon sanitary principles. The plans show the structure will be complete in all its details and will provide a home second to none in this section of the country.

Work on the dormitory will begin as soon as possible. During the destruction of the present dormitory, the children will be placed with families in the city. The new dormitory will occupy the same site as that of the old. The home is owned and operated by the congregation of St. John's Lutheran church. It is the only institution of the kind in the country. It is private, in a sense, and is not patronized by the county. The funds for the improvement will be on hand at the completion of the work.

ARE TWELVE GAMES

Basketball Schedule for Earlham Team Completed By Mgr. Jones.

ARE ONLY TWO OPEN DATES

One of the longest and probably as hard a schedule as ever prepared for a basketball team of Earlham college is that announced yesterday by Manager Jones of this year's team. The schedule contains twelve games with some of the best teams in this part of the country. It has not as yet been determined who will be members of the team nor who will captain it, but Arthur Hotchkiss of last year's team is the choice for this position. All home games will be played in the Coliseum.

The schedule includes:

- January 15, Antioch at Richmond.
- January 22, Wilmington at Wilmington, O.
- January 23, Cedarville at Cedarville, O.
- January 29, Butler at Richmond.
- January 30, Miami at Oxford, O.
- February 5 and 6, open dates.
- February 12, Rose Poly at Richmond.
- February 19, State Normal at Terre Haute.
- February 26, Rose Poly at Terre Haute.

March 5, Depauw at Richmond.

For one of the open dates it is probable a Depauw game will be arranged.

CANDIDATES ARE OUT

Vail Sends Earlham Basketball Squad Through Fast Practice Yesterday.

TEAM WILL BE A FAST ONE

The first basketball practice since the opening of the new term was held yesterday afternoon in the gymnasium at Earlham college. Nearly all the old men were out and were sent through light practice by Coach Vail. The practice mainly was throwing field and foul goals which the various candidates seemed to be needing very badly.

Coach Vail is hopeful of having a fast five representing the Quaker institution. With the present material on hands there should be no fear about not having a first class team, as it is the general belief that the team will be the strongest in the past several years.

HAS RIGHT TO FEES.

In conversation today, John F. Robins, who has been reappointed to the office of county attorney, stated he believed a county sheriff has the right to in and out fees. This question is much mooted and the courts have held adverse to Mr. Robins' opinion.

INDIAN'S NEXT RACE.

Longboat and Shrub to Run Full Marathon Distance.

BOTH MEN TITLE HOLDERS.

Famous English Runner Has Hung Up Many World's Records—Race to Be Held in New York Jan. 26—Five Coronated Event Planned.

By THOMAS F. CLARK. Unless there is a hitch in the plans of two of the greatest distance runners in the world—Tom Longboat, the Canadian Indian, and Alfred Shrub, the phenomenal little Englishman—will meet in an indoor Marathon in Madison Square Garden, New York, Jan. 26. Longboat and Shrub are two of the speediest distance men in the

ALFRED SHRUB, ENGLAND'S GREAT DISTANCE RUNNER.

world. The Indian's twenty-five mile record of 2 hours 24 minutes 20 4/5 seconds, which he made through mud, sleet and snow in the Boston Marathon of 1907, never has been approached.

Shrub while running as an amateur under the colors of the South London Harriers and the West of Scotland Harriers, hung up world's records at all distances from two to eleven miles that have never been equaled.

His time for two miles was 9 minutes 9 3/5 seconds against the best American figures of 9 minutes 27 4/5 seconds, made by Alex Grant, the Canadian, who used to sport the Mercury foot of the New York Athletic club.

Shrub's superiority becomes more manifest as the distances increase. His world's record of 11 miles 1.37 yards for an hour's running overshadows everything in the distance line. The American one hour record is 10 miles 1,182 1/3 yards, made by S. Thomas in 1889.

On form Shrub easily should outrun the Indian. The redskin's supporters, however, say the Englishman never has shown that he can go more than fifteen miles. They say Shrub will crack soon after the fifteenth mile post is passed and that Longboat will lop up from behind and catch him.

Some of the experts, however, assert that Alie is so fast for fifteen miles that he will gain such a lead on Longboat that he will be able to lie down and take a rest before Longboat gets up to him.

That Shrub respects Longboat's prowess at twenty-five miles is evinced by the Englishman's attempt to force Longboat to post a \$2,000 forfeit to meet him in a series of ten, fifteen and twenty mile races after the coming contest.

Shrub is so far superior to the majority of professional runners that he has had to run them in relays, none caring to meet him singly. He recently returned to Boston from Toronto, where he captured three races against relays of Canadians. He always is in condition. Shrub now is coaching Harvard's distance men.

Shrub has been training right along in view of a race with Longboat and recently did twelve miles in an hour and twenty-two seconds. He says he is good and fit right now. Comparing his recent performances with those of Longboat and Dorando, he is five minutes faster than either up to ten miles and has run fifteen in eight better than either of the Marathoners.

Whatever be the result of the Shrub-Longboat contest, it is said a five cornered long distance event between Dorando, Shrub, Longboat, Smallwood and Hayes will be held in New York about the middle of February.

Plan New Athletic League.

De Paul is behind a movement to form an athletic league similar to the "big eight" conference. Besides De Paul, those mentioned in the plan are Marquette, Notre Dame, St. Louis, Wabash, Creighton, Michigan Agricultural college and Ames. All of these teams are playing practically independent football, and it is believed that a league would materially strengthen the athletic relations of all the institutions.

Miss Vera Wentworth, a British suffragist, was kept in Holloway jail a day behind her companions for cutting "Votes for Women" on the wall of her cell. She says: "We used to make the whole ward laugh by playing 'Votes for Women' tunes on my comb. One day we organized a great lark. By putting our ears to the walls we could hear the prisoner in the next cell, and so we all agreed to roar like hungry animals at dinner time. We made a fearful noise, but the wardress could do nothing, because there were so many of us."

Blizzard Rages in the Northwest With 25 Degrees Below at St. Paul.

RICHMOND A CHILLY PLACE

Fire originating from a defective flue destroyed the large brick double house, West First street and National avenue, this afternoon. The loss is estimated at \$800. One half of the house was occupied by James Scott and the other half by Baltz Bescher.

The fire started on the Scott side of the building. Nearly all the household goods of both families were saved. Scott carried insurance but Bescher states he has none. The building is a landmark and owned by Mrs. R. H. Shoemaker of Saratoga Springs, N. Y.

HIGH SCHOOL

BIBLE CLASSES

Organization Effected at Y. M. C. A. Last Evening.

The organization of the High School Bible classes was effected last evening at a session of fifty students at the Y. M. C. A. chapel. This section will be divided into five classes under the instruction of Prof. George Hamilton of the High School, Rev. S. R. Lyons pastor of the United Presbyterian church and Judge Boggs of the Gardo school. Several of the older boys will be under the leadership of Secretary Orville Brunson of the boys' department and will constitute a class in preparation for teachers' training work. There remains one instructor to be obtained. On Friday evening the organization of the junior Bible classes will be held.

In connection with the meeting last evening there were 44 in attendance.

POULTRY SHOW MEETING.

The members of the Greater Richmond Poultry and Pet Stock association will meet tomorrow evening in the Commercial club rooms and consider business pertaining to the coming show, to be held January 13, 14 and 16. This will be the last meeting before the holding of the show and consequently a very important one. The promoters are meeting with much success in the affair.

370, in which the caucus was to be held. In fact, no one paid any attention to the call.

One peculiar feature of the present situation in the senatorial race is the fact that not one of the candidates except Slack is making any statement as to the number of votes he will get in the caucus. Slack insists that he is going to win the place and that he will have 46 votes out of the total of 53 on the last ballot. He claims he is the strongest second choice candidate in the bunch and that this will carry him through.

Honan-Shively Deal.

One of the rumors that gained circulation yesterday and last night was one to the effect that Representative Honan was making a deal with the Shively supporters in order to get them lined up for him for speaker. It is said that he was promising Shively men good committee chairmanships in return for their votes, but Honan made a vigorous denial of the report. He says he has not promised a committee chairmanship to any one. It was said that Honan promised a chairmanship to Representative Faulkner of Michigan City. Faulkner is a red hot Shively man. But Honan says he did not make a promise of any kind.

Oliver Jones of Muncie, and M. L. Thornburg of Evansville are backroom appointment as doorkeepers of the senate. They are republicans. William Habermel of Corydon, and J. Fred Frabec of Huntington, wished to be assistant clerk of the house. Charles Crawley of Sullivan, M. J. Carroll of Crawfordsville, and Dr. J. W. Vizard of Adams county, former members of the house, are candidates for principal clerk of the house. For doorkeeper of the house there are several candidates, among them being Wm. Steelman of Gibson county, O. T. Dickerson of Owen county, George B. Parks of Floyd county, Thomas Barclay, former representative from Franklin county, and Con Cunningham of Crawfordsville. Cunningham is worth \$200,000 and wants to be doorkeeper just for fun. Steelman says he is entitled to the place because he is only the candidate from the first district for an appointive position.

THE PROCESS IN OPERATION.

can find use for, and the secondhand man will have nothing but the whole papers, and they must be clean at that." This little monologue may be heard most anywhere. The conditions are about the same in any place of large or medium size. There is a great deal of accumulated material around a house which is quite difficult to dispose of. It might be burned, but an effort to dispose of the mass in an ordinary stove would more likely lead to disaster, even if the stove is of suitable proportions to accommodate the collection. Most of them are not.

The housekeeper's quandary has led to the invention of a model device to be added to the equipment of the household. It is a refuse destructor, for which the accumulations of the household are to be disposed of by burning in the back yard without danger.

The destructor is a basket of wire built on an iron frame, supporting it several inches above the ground. Into this the household accumulations are dumped as well as the sweepings. A match applied soon reduces a big pile to a handful of dust. Such a device solves completely the problem of the disposal of a great deal of material.

The Latest Fad.

The latest fad for serving after dinner coffee is the individual percolator of copper, nickel or brass, with tray and screen. The set costs \$6. The steaming miniature coffee maker has a lamp which is lighted by the guest after the trays are brought to the table.

tion numbering about 150 routers for John E. Lamb came in from Terre Haute yesterday afternoon and marched through the streets and through the hotels, yelling for Lamb. They are button holing every legislator that will stand still long enough for them to get at him, but they are not making any headway. While they are making a very imposing sight and the legislators were glad to see them and to shake hands with them and to take a "holst" with them everybody is saying that they came too early to do any good and that they should have saved their money. This is the only real delegation that has shown up, and no others expected until about the time for the democrats to caucus on the senatorship.

Who Called Meeting?

No body has been able yet to find out who called the democratic caucus for yesterday afternoon at the Demarest hotel. It developed that all the letters making the call and which were sent to the members of the house were mailed at Crawfordsville, but the democratic statesmen from Montgomery county deny with scorn the insinuation that any of them sent them out. But whatever the purpose or whatever the scheme that was being behind the call it did not work, for none of the representatives went to room of the representatives went to room
