

## GREAT STALLION WAS IN RICHMOND

Gazette, World's Champion  
Double-Gaiter, Arrived in  
The City by Express.

## WAS ENROUTE TO LIBERTY

CHAMPION STALLION WILL BE  
STABLE MATE TO DIRECTLY,  
CHAMPION TWO-YEAR OLD OF  
THE WORLD.

Gazette, the famous race horse with a pacing record of 2:07 1/4 and trotting record of 2:23 1/4 arrived in this city yesterday morning. The horse was shipped by express from Pittsburg and was enroute to Woodland High Stock Farm, Liberty, Indiana. He will be stable mate to Directly 2:03 1/4, champion two year old of the world. Gazette is the fastest double gaited stallion that ever came to this state. He is the fastest son of Onward in the United States. He is the sire of Aileen, whose four year old record 2:07 1/4 made her the champion for four year old mares at the time. He has thirteen of average records of 2:17 1/4.

### Is Handsome Animal.

W. L. Wood, the new owner of the famous horse, is one of the best known horsemen in the state. His farm has more than a state wide reputation and is one of the chief points of pride in Union county.

Onward, 2:25 1/4, was a great sire of speed, in fact the greatest by the record at the present time, this world has ever produced, having 138 standard performers to his credit which is more than any other sire living or dead ever was credited with. Included in his list are the great trotters Onward Silver, 2:05 1/4 that sold for \$20,500 for export; Benzetta (4) 2:06 1/4; Pearl Onward, 2:06 1/4; Gazette, 2:07 1/4; Gobert, 2:07 1/4; Miss Ophelia, 2:09 1/4; Pilatus, 2:09 1/4; Col. Thornton, 2:09 1/4; Major Mason, 2:09 1/4; etc. Not only has he achieved greatness as a sire of speed and good sized race horses, but his sons and daughters are very prolific producers of extreme speed and race-horse qualities. Among his great sons that are well and favorably known for their sterling qualities is Gazette, 2:07 1/4, one of the handsomest gamest race horses that ever faced a starter. Horsemen remember Gazette in his racing days when he met and defeated in long drawn-out contests the best horses of the day, including Star Pointer, 1:59 1/4, Prince Alert, 1:59 1/4, Bumps, 2:03 1/4 to wagon etc. He was returned a winner at the end of a seven-heat race over the above on three different occasions.

Gazette's magnificent individuality and his rare racing qualities, impressed themselves too strongly on the minds of discriminating horsemen to be soon forgotten. They do not have to puzzle their heads to find the reason why Gazette is a popular and successful sire of high class race and road horses with extreme speed, size, style and action. Gazette's maternal ancestors are also great. His dam Siren is a great brood mare by Dictator, brother to Dexter.

## PICKS DYNAMITE; UNDERTAKER BUSY

Unusual Accident in New York  
Yesterday.

New York, Jan. 16.—One man was fatally injured and several others were seriously hurt today when Angelo Gentile, a workman, digging an excavation for the new car barns at 96th street, accidentally struck off the dynamite with his pick-axe. He was about twenty feet in front of his companions when he drove his pick into the frozen earth. An explosion that blew him 20 feet in the air and knocked his companions in all directions followed.

## FATHER IS DYING; SON RUSHES HOME

Young Naval Officer Called  
From Fleet.

New York, Jan. 16.—Among the passengers on the French liner Savoir which arrived this morning was Ensign Barnette, U. S. N., attached to the battleship Kansas of the Atlantic fleet in its trip around the world. Barnette left the fleet following the receipt of a cable informing him that his father, Rear Admiral Barnette, U. S. N. (retired) was dying.

Immediately after landing Barnette hurried to Jersey City where he left immediately for Washington. A telegram was waiting him on arrival here, telling him that his father had but three days at the most to live.

Fred—Yes, the old gentleman, I am sorry to say, will soon have another wife to support.  
Henry—What? You don't mean to say he is going to marry another wife while your mother is alive?  
"No; I'm going to get married."—Exchange.

## BOB MANOGOFF MEETS LEWIS MONDAY NIGHT

The Turk has improved wonderfully since his battle with Olsen and has issued a statement to the effect that after he has finished with Strangler Lewis, Monday night, he will be ready, willing and anxious to meet any one in the wrestling game. He has just distinguished himself by putting Peterson out of the running in two straight falls at Anderson inside of thirty-two minutes and did the same trick at Nelson's theater in Logansport, when he defeated Chas. Hackensmidt (cousin of the Russian Lion) on last Thursday. He picked Hack up and whirled him round and round and finally availed himself of the law of gravitation by slamming him on the mat with great damage to Mr. Hackensmidt's physique. The before-mentioned damage consisted of a dislocated shoulder. It should not be unmen-

tioned that Hack was defeated in two straight falls.

### And Still They Come.

Peter Nichols of Chicago, the light weight champion of Illinois, challenges any one in Richmond to wrestle him on Monday night, January 11. Nichols weighs 133 pounds, but is willing to waive weights and take on any local man regardless of avoirdupois. Beside this, Nichols is to meet Tom Jordan on next Monday night. Jordan is said to be quite a whirlwind artist himself. "Strangler" Lewis arrived in Richmond last night. He is six feet tall and pulls down the scales to the tune of 195. This is the same Lewis, it will be remembered who has been sending challenges for the past few months—signing himself "the Unknown"—and apparently impatient to show what he can do. He will have that delectable chance when he runs up against "Bob" the Turk Monday.

## MANY YOUNG MEN ARE SUBPOENED

Consternation Follows Action  
Of the State in Gay Blind  
Tiger Case.

### TRIAL SET FOR MONDAY.

HOWEVER IT IS PROBABLE THAT  
HEARING WILL BE POSTPONED  
—DEFENSE CONFIDENT OF  
MAKING ITS CASE.

There is a probability the case of the State vs. Gay will not come to trial in the Wayne circuit court tomorrow. The petit jury and a large number of witnesses have been summoned, but nevertheless it is very likely the case will be continued. The case was set for trial tomorrow upon the condition that one of the attorneys would be satisfied by the date. He is not satisfied and may be out of the city. In that case, it is far from probable the court would insist upon a trial.

Blind Tiger is Charge.  
The defendant is George Gay, proprietor of the Westcott hotel. He is charged with having violated the blind tiger section of the law. He was tried a few months ago on the same charge and the jury disagreed. Gay's arrest followed a raid made on the hotel on a Sunday afternoon by the police. A quantity of liquors was found in a zinc tub in a bath room on the second floor. Gay claimed the liquor had been placed there for the use of an automobile party that was expected at the hotel.

Young Men Subpoened.  
Several surprises are promised in connection with the coming trial. The state has had subpoenaed a large number of young men. It is believed an attempt will be made to prove that it had been the custom of the hotel management to have a supply of liquor on hand in the bath room at diverse times. Some of the young men subpoenaed are minors and it is alleged the state will try to prove they were in the habit of securing liquor at the hotel.

The attorneys for the defense claim they will be able to put up a stronger line of evidence than before. They assert they will produce witnesses to prove the truth of Gay's assertions regarding an automobile party.

## MARSHALL DON'T WANT BIG MANSION

Says He Opposes Expenditure  
Of \$150,000 of State's  
Money for House.

### STATE COULD NOT AFFORD

PERSONAL IDEA IS THAT STATE  
COULD NOT SPEND MORE THAN  
\$20,000—TOO STEEP FOR GOVERNOR.  
ERNOR.

Palladium Bureau.  
Indianapolis, Jan. 16.  
that he is opposed to the expenditure this he is opposed to the expenditure of \$150,000 of the state's money for the erection of a house for the governor or to live in in this city. A bill for an appropriation of that sum was introduced in the senate by Senator Cox. Governor Hanly, in his last message recommended an appropriation of \$75,000 for that purpose.

"In the first place the state of Indiana is not in a financial condition to spend that amount of money for a house for the governor. In the next place \$150,000 would erect a house that the average man who would be elected governor could not afford to maintain it for him, pay the servants and keep up the running expenses. I do not feel that the state should be asked to do this for a governor. In case a millionaire should be elected governor some day he might be able to maintain such a house, but the average man could not.

"My personal idea of the matter is that if the state decides to build a house for the governor, \$15,000 to \$20,000 would be enough to spend on it. That sum would put up a house good enough for any governor and one that he could maintain on his salary. If the people should elect a millionaire as governor of the state and he did not wish to live in such a house that would be his business. He could take a larger and finer house if he was willing to pay for it himself.

"The people of the state are paying all the taxes they should be required to pay. Taxes should be decreased instead of increased. My own personal views with reference to an appropriation for the house for the governor are right in line with the policy of economy that I have recommended in my message."

So many people hang up their pictures and that's the end of it. They never dream of changing them about. Now, that seems a pity. If you live in the same rooms year after year and see the same pictures in the same places you end by not seeing them at all.—Woman Worker.

## STRATTAN WILL GO TO RUSSIA

Leaves This Week in the Interest of His Firm, the Gaar, Scott Co.

### START AGENCY AT ODESSA

BIG LOCAL THRASHING CONCERN  
WILL SUPPLY MACHINES DIRECT TO GREAT SIBERIAN  
WHEAT FIELDS.

Stephen S. Strattan, Jr., of the Gaar, Scott & Company leaves this week for a business trip to Russia. It is his purpose to open a permanent office and warehouse in Russia to develop the large trade which the company has already started in the great Siberian wheat fields. Heretofore the Gaar-Scott machinery has only been handled through jobbers.

Headquarters at Odessa.  
While he is in Russia he will open up the headquarters at Odessa, which is one of the great grain markets and a large sea port at the mouth of the Danube. Through this channel most of the exported grain from the great steppes of the Siberian wheat fields finds its way out through the Black sea into European markets.

It is for this reason that the company has decided to locate its warehouse at this point. The agency will not be in the hands of an American, but will be managed by a German

who knows the field and the business thoroughly.

### Gone Six Weeks.

After a short stay Mr. Strattan expects to return immediately to this country. He will be gone for a period of about six weeks. Mr. Strattan visited Russia about a year ago in the interest of his firm.
