

GOLD MEDALS FOR WRIGHT BROTHERS

Some Time Next Week President Roosevelt Will Honor Great Aeroplanists.

GIVEN AT WHITE HOUSE

CONGRESS WILL BE ASKED TO TAKE SOME OFFICIAL COGNIZANCE OF WONDERFUL WORK OF FORMER LOCAL MEN.

Washington, D. C., Jan. 18.—President Roosevelt will present the gold medals to the Wright Brothers on behalf of the Aero Club of America, in the East Room of the White House, some time next week. The medal chosen is the one designed by Victor D. Brenner. The observers will contain the portraits of the Wright brothers, and the reverse will show an accurate figure of the Wright aeroplane in flight, in addition to the seal of the club. The medals will be of gold, three inches in diameter and a number of replicas in silver and bronze will be struck off to present to the subscribers. It is estimated that the total cost will be somewhat over \$2000.

To Recognize the Wrights.
The annual dinner of the aero club at which it is hoped to have both Orville and Wilbur Wright as guests of honor, will be held a few days after President Roosevelt's presentation of the medals. The dinner will be held in New York. Secretary of War Wright will make a speech.

KAISER'S NEW HOBBY.

Berlin, Jan. 18.—The latest hobby of the Kaiser is Norwegian furniture and domestic decoration. He has ordered furnishings in this style for the hall of one of his palaces, and from a celebrated Norwegian artist has had plans for furnishing the new palace at Posen, which is nearing completion and is intended as a visible sign of German domination in the eastern provinces of Prussia.

Constipation Caused By Indigestion

Is Cured by Helping the Stomach Do Its Work As It Should.

All forms of constipation, bowel or intestinal trouble, owe most of their origin to the improper digestion of food. The bowels measure 30 feet. The inside walls or surfaces are wound tightly about with millions of nerves. These nerves give life and control millions of little mouths or suckers which are supposed to take nourishment from the food as it leaves the stomach and passes along this 30-foot human canal.

When indigestion, dyspepsia or stomach trouble occurs, the food being undigested, passes over these millions of mouths, it is a fermented decaying mass and holds no nourishment as it should.

The little mouths suck it up, impart these impurities to the blood, impregnate the little nerves with poison and so the work of constipation and bowel trouble begins.

A natural juice or secretion belongs normally in the little cells and glands along the mucous membrane of the 30-foot canal or bowel. When indigestion occurs this juice is lacking and so the mass of waste matter cannot pass along as it should and is piled up and caked in the bowel thus bringing pain and misery.

After a while the nerves and nerve centers which give vigor and life to the bowel become paralyzed, thus forever prohibiting the bowel from performing its natural duties.

Stuart's Dyspepsia Tablets, when taken after meals, digests the food properly even though the stomach is sick and it passes to the bowels nourishment and juices, which help the intestines not only to do their work at once, but builds them up, restores vitality to the nerves, brings new secretion to the glands and cells, helps bowel action and enriches the blood.

The stomach is the cause. Common sense and science are one on this point. You see it yourself. One little grain of Stuart's Dyspepsia Tablets will perfectly digest 3,000 grains of food. The assimilation of a meal by one of these tablets is an easy matter and it keeps the stomach clean and sweet so that in a brief time his organ is restored.

Every druggist carries them in stock; price 50c. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

The audience at a Berlin theater was astonished to see a man drop like a thunderbolt on the stage. When he had recovered sufficiently he explained to the public that while making repairs in the flies he had so far forgotten himself as to clap his hands and had fallen. Then the play proceeded.

SIMON IS READY FOR THE BATTLE

Will Not Give Contest to Wick-ey Without Making a Fight for the Seat.

REFORM IS WHAT HE WANTS

OBJECTS TO UNNATURALIZED FOREIGN BORN CITIZENS VOTING AND WANTS A YEAR'S RESIDENCE PROVIDED.

Palladium Bureau, Indianapolis, Jan. 15.

It is expected that the record of the evidence taken in the Lake county contest case in which Edward W. Simon, democrat, is contesting the seat of Edward W. Wickey, republican, in the house of representatives because it is charged that more than 3,000 foreigners voted illegally in Lake county at the election, is expected to reach Indianapolis from Crown Point within the next few days and it will then be submitted to the house committee on elections. There seems, however, to be little hope for the democrats that the house committee will unseat Wickey.

Waits on the Record.

Simon has been in this city for several days awaiting the arrival of the record, and he says that he will go home and stay there as soon as the record has reached the committee.

"The seat in the house for which I am contesting," said Simon today, "is the smallest part of the matter. I do not particularly care about being seated. What I do desire, however, is some relief for the counties in the northern part of the state from the large number of foreign born persons who now vote. The only way in my opinion to provide this relief, is to require that every foreign born person be a naturalized citizen before he is allowed to vote, and then to require that he live in the state one year before gaining the right to franchise. I hope that when the house has seen the condition in Lake county from an examination of our case the members will see our needs and give us some relief from a situation which is rapidly growing worse.

Lake County Deplorable.
"Lake county is in a deplorable condition from this cause. It has grown worse year after year. In St. Joseph county this election the condition was about the same as it was in Lake county eight years ago, and St. Joseph county is growing worse all the time, too."

The remarkable feature of the case is that Wickey and Simon agree that relief is needed. Simon says so in his interview and Wickey has introduced in the house a resolution for an amendment to the constitution along

the same lines as are laid down by Simon. And most of the members from the counties affected by the Hunyak vote appear to be in favor of some measure of relief. Representative Greiger of Laporte and Porter counties says relief is needed, but that he has not yet read the Wickey resolution and can not express an opinion as to its desirability.

Representative Miller who represents St. Joseph, Starke and Pulaski counties says he is in favor of the Wickey resolution. Some of the others from this territory who went home over Sunday had not returned this morning and could not be interviewed, but the fact that democrats and republicans alike seem to be in favor of it, it is believed that the Wickey resolution will be adopted.

CHARGES AGAINST DOCTORS

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—Mrs. S. A. LEE, 3523 Fourth St., Louisville, Ky.

Another Operation Avoided.
Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

All Week—High Class Vaudeville.

Aubrey Stock Co.

A company of merit, is "That" Aubrey Stock company which will hold the boards at the Gennett for a week's engagement. Their plays are put on in such a manner that those who witness the performances claim they are better than the average popular priced attraction. All special scenery is carried for each performance, the plays are all under royalty and the acting company is far above the average. The play announced for the opening is Owen Davis' great play "A Great Temptation." Matinees will be given daily. Ladies free Monday night under usual conditions, limited to 250. See the special inducement at Jenkins jewelry store.

Otis Skinner.

Otis Skinner appears as a nonpartisan hero in his new play "The Honor of the Family." The costumes worn by the actor is an exact replica of the uniform worn by a Lieutenant-Colonel who carried Napoleon's orders on the field at Waterloo and lived to recount his exploits at the Cafe Lemblia, that celebrated rendezvous of the survivors of the Old Guard.

The New Phillips.

If ever a comedy scored a success at the New Phillips theater, that put on by Mr. and Mrs. Danny Mann certainly did this afternoon at the opening of this half-week's program. The theme of the little New England rural play abounds in everyday sentiment—the kind that is met with each day in every home. The work of the two is very good and the playlet "Mandy Hawkins" bids fair to become popular during its presentations in Richmond.

Hampson came up to expectations in his ventriloquist feats and aroused round after round of laughter. He also works in a few other stunts which lend variety to the act.

Harry and Kitty Sutton made good with their novelty act and drew their proportion of the applause. Three

films of interesting and comic moving pictures and the illustrated song completed the program.

BEST POLITICIAN IN UNITED STATES IS THE PRESIDENT

(Continued From Page One.)

received as are all others, friends and foes, with open arms.

T. R. Admires Harriman.
Nor would Mr. Harriman fare differently. Now these two have quarrelled bitterly, as the public well knows. Their friendship has certainly been put to the "acid test," but Mr. Roosevelt admires ability in railroad management as he does achievement in the senate and that counts in the scale of friendship with him. Senator Tillman hit the nail on the head the other day in the senate when he referred to Mr. Harriman as "the president's dear friend Harriman." That is, he literally, though unwittingly, spoke the truth, for if the railroad magnate, no matter how rumpled his feelings at present, only came again to the White House and stood for a moment under the warm rays of the famous presidential smile there would be no resisting. He, too, would feel this side of the many-sided president.
