Affairs of the Sporting World

The board of supervisors of San Francisco which issues the fight permits to the clubs out there, has announced that in the future any club that does not put on bouts that give the public satisfaction will never be granted another license to hold a boxing show. This move on the part of the supervisors was done as a result of the miserable contest between Langford and Jimmy Flynn, which Langford won in one round.

Charlie Murphy wants the National league to take care of Pop Anson by making him supervisor of umpires.

The Philadelphia Nationals have refused to waive claim on Jack Hamilton and will take the former New York and Boston player.

As the Highlanders are to open the season against Washington, it probably means that they are to go against Walter Johnson and eight assistants and try to avoid a shut out.—New York Sun.

Fighting Dick Hyland who was out been matched by Charley Lecari, the fight promoter of San Francisco to meet Lew Powell, the California light weight, for twenty rounds on January 29. Jimmy Walsh the Boston bantam weight will meet Jimmy Rea-

gan also for twenty rounds. Both bouts will take place at Lecari's show at the Auditorium.

It is said that Jiggs Donohue is not at all sure of being retained as the White Sox first baseman another season, and that if Comiskey puts him on the market McAleer will gobble him.

"I do not agree with the idea that the influence of summer baseball is bad for university men," says Dr. Hutchins, university of Wisconsin physical director. "I have a keen respect for baseball as it is played. I have observed that the men who play the game are more orderly than those who follow it. There is more rowdiness in the grand stand and the bleachers than on the field."

Billy Evans has signed to umpire in the American league again, which is well. Evans has improved immensely and come to be one of the best of umpires.

Outsiders who are arranging Stallings' team for him next season are taking no account of Charlie Hemphill, leading batman for the Hilltoppers last season. It may be that Stallings will think it a good plan to sandwich a veteran among his young outfielders for steadying purposes.

MARION THE WINNER

Defeated the Strong New Castle Team Last Evening in Polo League Contest.

L. QUIGLEY WAS THE STAR

LEAGUE STANDING.		
	Won.	Lost.
New Castle	3	1
Richmond	2	2
Marion	2	2
Elwood	1	3
Anderson	1	3

Marion, Ind., Jan. 22.—New Castle suffered its first defeat last night at the hands of the Marion team, 4 to 1. It was near the close of the third period that the visitors secured the lone score. Marion caged the ball five times, but forfeited one goal because of fouls. Lineup and summary:

	Marion	New Castle
First Rush	Samell	
Tibbets	Nolan	
Second Rush		
Perry	Williams	

NEW LEAGUE IS NOW TALKED OF

A Northern Indiana Circuit Proposed.

A new baseball league has been announced to take the field in this state next season. The cities in the league are Wabash, Logansport, Kokomo, Marion, Huntington, Peru, all on traction lines. It will be a trolley circuit. The schedule to be arranged will provide for games each week day. Should the Sunday baseball bill go through the legislature this day will be made use of.

FIRST INNING OF GAME PLAYED ON MONDAY EVENING

Legislature in Sunday Baseball Contest Will Hold a Public Meeting to Hear the Arguments.

MINISTERS ARE AGAIN COMBATING THE BILL

Fans, However, Appear to Be The Stronger This Time and The Measure Is Almost Sure to Be Passed.

Palladium Bureau.
Indianapolis, Jan. 22.

Another inning in the Sunday baseball game will be played next Monday night when the house committee on cities and towns will hold an open meeting for the purpose of hearing the boosters and the knockers. This is the committee that has in charge the bill to legalize the playing of Sunday base ball. It was expected that a report on the bill would be made by this time, but now that the committee has decided to hold an open meeting and give everybody a chance to talk for and against the bill it looks like it will be some time before the house will have a chance to vote on it.

Arrangements are being made for a large delegation of ministers both from this city and other places throughout the state to attend the meeting and speak against the bill. The ministers will also carry the fight upon the floor of the house, if necessary, to defeat the bill. This is what they did two years ago and they beat the bill in the senate after it had passed the house by a big majority. It is believed that the bill will pass this time, however.

Hammond-Gary War.

The fight between Hammond and Gary over the location of a new superior court has assumed a serious aspect. Each town has a delegation here looking after its interests and the legislators are worried to death by them.

Senator Bowser, of Chesterton, who represents Lake and Porter counties in the upper house, is chairman of the committee on courts of the senate,

and when he introduced a bill in the senate some days ago for the creation of a superior court at Gary he had the bill referred to his own committee. This committee made a favorable report on the bill, yesterday.

But Hammond came to bat yesterday with a new bill, also. Senator Halleck introduced one for the appointment of an additional superior court judge at Hammond, giving that city two. Lieutenant Governor Hall referred the bill to the judiciary committee but Bowser made a motion that it be referred to the committee on courts, of which he is chairman. It is believed here that this settles Halleck's bill, for Bowser is not likely to make any kind of a report on the bill. If he does it will be a report to kill it.

To Register Voters.
Representative Faulkner, of Michigan City, introduced a bill in the house for the registration of voters. It is practically the same as the bill introduced in the senate a few days ago by Senator Clark.

The legislature took another whack at bucket shops, yesterday, when Representative Murphy, of Montgomery county, introduced a bill providing that money lost in stock deals in these establishments may be recovered in a suit at law, the same as money lost at gambling.

Prohibits Rebating.
A bill to prohibit the rebating of life insurance premiums also was introduced in the house. It makes it a crime for any agent to offer to rebate any part of the premium in order to sell the insurance. It is a crime for any person to accept any insurance rebate. The duty of looking after this is placed in the hands of the auditor of state, who shall make an investigation when he hears of such a transaction and if the agent is found guilty his license to do business in the state shall be revoked and cannot be renewed for one year.

If an insurance company consents to such rebate its license shall be revoked also. Another bill introduced yesterday provides for the licensing of all life insurance agents. The anti-rebate bill, was introduced by Wells of Fort Wayne and the license bill by Stahl, of Noble county.

A Closed Fishing Season.

The senate committee on criminal code, of which Senator Kirkman, of Richmond, is chairman, decided last night to report favorably on a bill by Senator Kane, of Noblesville, for a closed season for fishing in all streams of the state from February 1 to June 15. Also on a bill to raise the punishment for robbery from two to

fourteen years, as fixed by law at present, to ten to twenty years.

The house committee on rights and privileges, last night decided to report favorably on a bill authorizing the state fish and game commissioner to print 10,000 extra copies of his annual report. This is in addition to the 1,000 copies authorized by statute.

A bill that has aroused comment among the senators is one introduced by Senator Kistler a few days ago to require railroads to place electric headlights on all of their locomotives. S. O. Pickens, of this city, attorney for the Pennsylvania railroad and the Vandalia railroad, has requested a hearing before the senate committee on railroads on this bill. He declares that the bill was introduced in the interest of the headlight manufacturers and he says the railroads will not stand for it.

No Rest Day or Night

"I would lay awake for hours without any apparent cause, or dream terrible dreams which would bring on extreme spells of nervousness. After taking Dr. Miles' Nervine and Tonic for awhile I could sleep well, and the nervous spells have left me." MISS ALMA HUG, R. R. No. 4, Canal Dover, Ohio.

Without sleep the nervous system soon becomes a wreck, and the healthful activity of all the organs obstructed. Restful, body-building sleep accompanies the use of Dr. Miles' Nervine because it soothes the irritable nerves, and restores nervous energy. When taken a few days according to directions, the most restless sufferer will find sleep natural and healthful. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.
