

WILL WITHDRAW TROOPS TOMORROW

United States Soldiers, by Direction of President, to Evacuate Fair Cuba.

ALL DEBTS PAID THURSDAY

GOVERNOR MAGOON STATES RE-ORGANIZED REPUBLIC NOW UN-ENCUMBERED BY DEBTS OF FORMER REGIME.

Washington, D. C., Jan. 27.—In accordance with the directions of President Roosevelt, the United States troops will be withdrawn from Cuba, tomorrow, in accordance with a request of the citizens of the island. This date is the anniversary of the birth of Jose Marti, the Cuban patriot. There are about 5,000 American troops on the island and their withdrawal will be gradual beginning on the date named.

Gov. Magoon in a statement recently made declared that "Cuba will enter upon the conduct of her own government with every chance of success. The tranquility of the island is complete and there is not the slightest chance of disorder upon the change of government."

Asked about the reported issue of bonds, the governor said: "The Provisional government does not need a bond issue. Certain contracts were made for sewerage of the city of Havana and the expenses were to be met by a bond issue. The bonds were never issued. The new Cuban government may be able to meet the expense of putting Havana in a good sanitary condition and it would seem as if the better plan would be to leave the matter of meeting the debt to the new government, inasmuch as work under the contract has only fairly begun. It may be possible to pay the bill from current revenues of the city of Havana."

Gov. Magoon called attention to the fact that the United States authorities found a debt of many millions hanging over Cuba when the Provisional government began. All of this will have been paid by tomorrow and all the expenses of extraordinary local improvements met.

Taste Is Sure Stomach Guide

A Barometer Which Never Fails, Though Seldom Believed.

"Taste is the direct guide to the stomach; and the taste buds are connected by the nerves with the stomach itself, so that they represent its health and disorder. If the stomach or its juices are out of tone, the blood is fermented by a change in the alkaline or acid condition, and these reach the mouth both directly and indirectly.

"The taste buds are in the tongue, and are mounted by hairlike projections called papillae; they cover the surface of the tongue."

"When you taste these buds rise up and absorb the liquid. Inform the nerves, the nerves tell the stomach, and the food is acceptable or not, just as the stomach feels."

The above remarks on taste comes from an eminent authority and simply explains why when one smells cooking or sees food one thinks he can eat, but when he tastes he learns the stomach is out of business.

To the person who cannot taste aright, who relishes no food and simply forces himself to eat, Stuart's Dyspepsia Tablets hold the secret of enjoyable eating, perfect digestion and renewed general health.

Most men wait until their stomachs are completely sickened before they think seriously of assisting nature.

When your taste for food is lost it is a certain sign the stomach needs attention. Stuart's Dyspepsia Tablets cure such stomachs. They restore sweetness of breath, renew gastric juices, enrich the blood and give the stomach the strength and rest necessary to general duty.

Forty thousand physicians use Stuart's Dyspepsia Tablets and every druggist carries them in stock; price 50c per box. Send us your name and address and we will send you a trial package free by mail. Address, F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

THEATRICAL CALENDAR.

Saturday—"The Wolf."
NEW PHILLIPS.
All Week—High Class Vaudeville.

"Too Many Wives."

The musical comedy, "Too Many Wives," the attraction at the Gennett theater this evening, announces a novel extra feature in "La Manolita," the famous Spanish dancer, with her own company of twelve people, presenting "The Dance of the Veils." In a series of tableaux dancing "La Manolita" depicts the charming of Herod and advance reports of the dance are exceedingly flattering.

"The Wolf."

Next Saturday evening at the Gennett promises to be a notable event, the occasion being the first presentation in this city of Sam S. and Lee Shubert's "The Wolf," the play that set all Chicago talking for more than ten weeks, during its run in that city at the Chicago opera house. A matinee will also be given. "The Wolf" is from the pen of Eugene Walter, author of several dramas, but it is so different from the usual run of plays that it leaves a distinct impression of its own upon the mind of the spectator. The story and theme is new. There is an abundance of bright dialogue, droll humor and the pathos and sentiment of the play are not of the artificial sort. The stage settings are remarkably elaborate and many of the scenes are so well managed as to receive hearty applause. The engagement of "The Wolf" promises to be a record-breaker.

"Princess Bonnie."

With assurances of playing to a packed house on Thursday and Friday evenings, when "Princess Bonnie" will be on the boards at the Gennett, every member of the big cast taking part in the production together with the members of the St. Paul's Guild under whose auspices the opera is being staged, feel in a great way, paid for their untiring efforts toward making "Princess Bonnie" the most successful amateur production ever in Richmond.

The first rush for seats has been a great one, in fact practically the body of the house has already been sold so

that now all interest seems to be in "what is Princess Bonnie going to be?"

The opera was written by Willard Spencer well known also for his other successes, "Miss Bob White," "The Little Tycoon" etc., and his most popular composition.

In the cast of the production are the musical and dramatic element of the city, the list of the principals consisting of Miss Josephine Cates, Juliet Swayne, Marie Kaufman, Pearl Hancock, Roy Lauey, Howard Kamp, Myron Malsby, Raymond Swing, Walter Eggenmeyer, W. R. Poundstone. A chorus of more than fifty voices will be greatly in evidence on the musical numbers. A great feature will be a most beautiful Spanish dance by sixteen of Richmond's most charming younger set.

The Only Way

Many Richmond Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doan's Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Richmond citizen and you will be convinced that this is so.

Mrs. James Henry Brokamp, 62 Sherman street, Richmond, Ind., says: "Doan's Kidney Pills have been used in my family off and on for at least six years and they have brought such good results that we always keep a supply on hand. Whenever an attack of backache or any other symptom of kidney complaint appears, Doan's Kidney Pills are used and they never fail to bring relief. I have no hesitation in recommending this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

SHE WILL BE SPONSOR

Miss Cahall Selected to Christen the United States Battleship Delaware.

"AMERICAN DREADNOUGHT"

Wilmington, Del., Jan. 27.—Miss Anne P. Cahall of Bridgeville has accepted the invitation of Governor Lea to christen the new battleship Delaware, when she is launched at Newport News, Va., early in February. The appointment of Miss Cahall as sponsor for the new "American Dreadnought" is a courtesy to the successor of Mr. Lea as state executive, Miss Cahall being a niece of Governor-elect James Penewill.

With the announcement of the early launching of the battleship bearing the state's name the Women's Christian Temperance Union of Delaware has renewed its fight to have the giant 20,000 ton vessel christened with water. The Delaware and her sister ship, the North Dakota, now under construction, will be the largest battleships up to the present in the United States navy. They each have ten 12-inch and fourteen 5-inch guns in their armament. Each vessel will have a displacement of 20,000 tons and both are designed for a speed of twenty-one knots.
