Frail Women Aided Free

The woman who is by nature not robust cannot be too careful of her health. The foundation of all health is in the stomach. Without good digestion the body is not nourished, and then soon becomes feeble and weak. In order to have good digestion regular bowel movement is absolutely necessary, and it is at this point that so many women neglect themselves. In any of these conditions you cannot do better than to take Dr. Caldwell's Syrup Pepsin. The remedy that thousands of delicate women are using. It is the great family laxative, and in addition to its wonderful power to cure chronic constipation and chronic indigestion, it contains tonic properties that strengthen the stomach muscles so that in time they will work naturally again without the aid of medicine.

Any druggist will sell you a bottle for the small sum of 50 cents, those persons who have used the remedy before and know what it is buy the \$1 size. Mrs. Amanda Brannan, of Alvarado, Va., who is 68 and feeble, uses it regularly and speaks in the highest praise of it. Esther Pine, of Marion, Ind., is also an enthusiast of this wonderful remedy and she wished she had the right to tell all those to whom she has recommended it. Both these ladies, as well as hundreds of others we could name, first became acquainted with Dr. Caldwell's Syrup Pepsin through the doctor's offer to send any sufferer a free test bottle direct to the home.

He will send you or any other sufferer a sample bottle free of charge on receipt of your name and address. It is wonderfully effective in the stomach troubles of children and babies, girls entering the period of menstruation and old folks, all of whom need a gentle laxative.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, Dr. Caldwell's Syrup Pepsin, Little Rock, Ark.

Hanged For Lazing.

Old time Englishmen hated idleness. An act passed in 1551 decreed that any person "being whole and mighty in body and able to labor" found begging might be arrested, and if unable to give a satisfactory account of himself he was brought to the nearest market town, tied to the end of a cart, stripped of his clothes and beaten with whips through the town, bleeding and ashamed, after which degradation he was sent to his native place, on his oath to "put himself to labor like a true man ought to do." If the sturdy vagabond were caught a third time in idleness he was to suffer death "as an enemy to the commonwealth."
