

GRAND JURY BILL HAD VERY NARROW ESCAPE IN HOUSE

Measure Backed by Commercial Organizations Led the Opposition Forces Against The Measure.

THE REPORT TO KILL
WAS FIRST ADOPTED

Later Vote Was Reconsidered
And Sent to Engrossment—
A New Option Feature Is Introduced.

Palladium Bureau
Indianapolis, Feb. 16.

One of the reform bills backed by the merchants and commercial organizations of the state had a narrow escape in the senate yesterday afternoon. It is the bill that provides that when two members of a grand jury notify the governor that a prosecutor is not doing his duty the governor shall instruct the attorney general to take charge of the matters in which the complaint is made and conduct the prosecutions. The committee made a divided report on the bill, the minority report being to kill the bill. The minority report was adopted, but soon afterward Senator Wood, of Lafayette, moved to reconsider the vote. Senator Kirkman, who fought the bill, moved to lay the motion on the table. The tabling motion was lost. Then the vote was reconsidered. A hot debate followed, participated in by Senators Kistler, Beal and Kirkman to kill the bill and Cox and Kane to save it. When the vote was taken a second time on the minority report the report failed of adoption and the bill was saved. It then went to engrossment.

Failed to do Duty.
Senator Kane, in arguing for the bill, called attention to the fact that in several counties in the state complaint has been made that prosecutors have failed to do their duty and enforce the laws, and he said, there is no law by which they can be compelled to do it.

"There is on trial at this moment in one of the counties of the state," he said, "a case where it is sought to disbar an attorney on the charge that while he was prosecuting attorney he

connived for the escape of one of the most notorious criminals in this country."

He said he referred to the Talbott case at South Bend. He said if this bill had been a law this disbarment proceeding would never have been necessary.

Bills Advanced.
Among the interesting bills advanced in the house yesterday were these: To close the duck shooting season April 15, amended to make it May 1, to accommodate the hunters of the north part of the state; jury commissioners to draw names to fill vacancies on juries; to make Culver Military Academy a part of the state military and naval establishment; to abolish the state gas inspector.

The Faulkner bill to appropriate \$65,000 for the erection of a hospital for the criminal insane in connection with the state prison at Michigan City was advanced to engrossment.

When the Seidensticker bill fixing the salaries of the inside deputies in the office of the assessor of Marion county came up for passage Evansville and Fort Wayne representatives wanted the bill amended so as to apply to their counties as well as to Indianapolis. Roggen offered an amendment.

You Can Make Better Cough Syrup Than You Can Buy.

A full pint of cough syrup—enough to last a family a long time—can be made according to the recipe given below, in five minutes, at a cost of about fifty-four cents. It usually stops a deep-seated cough in 24 hours. It is also excellent for colds, whooping cough, chest pains, bronchial troubles and similar ailments.

Granulated Sugar Syrup, 13½ oz.
Pinex 2½ oz.
Take a pint of Granulated Sugar; add one-half cup full of water, stir, and let boil just a moment. Put the 2½ oz. of Pinex in a pint bottle and fill it up with the syrup. Shake well and take a teaspoonful every one, two or three hours. Well cooked it keeps perfectly. The taste is very pleasant.

Guaiacol and other chemical elements of the pine which make the air of the pine forests so effective in the cure of consumption and other membrane diseases, are found in high proportion in Pinex, the most valuable and concentrated compound of Norway Pine Extract. For the purpose of this prescription it is immensely superior to the many weaker pine oil and pine tar preparations. All druggists have it or can get it quickly without trouble if requested.

ment to make the bill apply to all counties containing a city of the first or second class. Zeigler, of Marion county, objected, but withdrew his objection, and the bill was recommitted to the author with instructions to make the amendment asked by Roggen.

An Option Provision.
Senator Powers, of Angola, introduced a bill for the senate late yesterday afternoon that may cut some figure in the settlement of the local option fight. His bill provides that whenever at a county local option election any township in the county votes wet saloons shall be permitted in that township. This plan was proposed during the special session of the legislature when the county option bill was passed, but it never got anywhere. But it is attracting attention this time. Senator Powers says that it would offer a solution for the saloon question, for it would drive the saloons out of the townships that do not want them and confine them to the spots where the people vote to have them.

Petitions from old soldiers of Porter county and of Shelby county were presented in the senate yesterday by Senators Bowser and Yarling respectively asking the legislature to establish a national guard army at Fort Wayne.

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Elkhart, Tex., that a plot existed between a desperate lung trouble and the *grime* to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 178 pounds. For severe Colds, obstinate Coughs, Hemorrhages, Asthma, and to prevent Pneumonia it's unrivaled. 50c. and \$1.00. Trial bottle free. Guaranteed by A. G. Luken & Co.

The Prison Fit.

"Something always happens to a man's shape if he stays in jail long enough," said a warden. "Sometimes that change in figure is due to putting off or taking on flesh, but I have noticed that if a man leaves jail weighing to the very ounce what he weighed when he went in his clothes don't fit. No matter what the scales say, a man's figure seems to swell out here and shrink away there, to become elongated or saved off during imprisonment. The clothes that he wore into jail may be first class as to quality and fit, but when the man gets ready for freedom they have a regular 'jail' set, and he never can feel right till he gets a new suit."—Exchange.

RICHMOND HORSES RECEIVE MENTION

Western Horseman in Its February Issue Gives Interesting Local News.

STAR HAL IS DISCUSSED

ALSO STATES THAT THE LACKEY SALE THIS YEAR WILL BE THE BEST EVER HELD IN CAMBRIDGE CITY.

In the February number of the Western Horseman reference is made to several horses in which Richmond and Wayne county horsemen have an interest. The edition is one of the prettiest yet published by the Western Horseman and is teeming with information regarding the horse—principally the light harness horse. Reference is made of the following horses in its columns:

Star Hal, 2:04¾.

The largest money-winning pacer of 1903 was Star Hal, 2:04¾, the famous stallion owned by Z. B. Pye, of Fountain City, Ind. He was not only a great race horse, but is making a splendid name for himself in the stud, as he has to his credit Black Hal, 2:05¾; Charley Hal, 2:06¾, one of the good Grand Circuit pacers of the past season; Prince Hal, 2:06¾, and others.

Star Hal will make the season of 1909 at a service fee of \$40, with return privilege. There are few stallions in the country with such a record as he has and which have proven so successful in the stud, which stand at so low a service fee.

Anderson Wilkes, 2:22¼.

In the stud at the Commons Stock Farm, Centerville, Ind., is that sterling race horse and sire of fast ones, Anderson Wilkes, whose list of standard performers was increased by four the past season. He also got a new 2:10 performer in the four-year-old pacing filly, Ruth D., 2:09¾, and Jim Daly is just outside, as he took a record of 2:10¼. Anderson Wilkes now is credited with fifty-five performers in standard time, and the beauty of it is they are race horses—Eddie Powers, 2:08¾, for instance.

Jersey Milton, 2:14¼.

That great inbred Wilkes stallion Jersey Milton, 2:14¼, owned by E. O. May, of New Madison, O., took his record the past season and is one of the best sons of that great son of George Wilkes, Jersey Wilkes 2:16 (sire of Phenol, 2:07; Ethel Mac, 2:07½; Jersey Mac, 2:09¾, and fifty-

three others in standard time). The dam of Jersey Wilkes was the great brood mare Lady Patchen, by Mambrino Patchen 58.

The dam of Jersey Milton was Minnetta W., by Wilkes Boy, 2:24¼, sire of 100 standard performers and the dam of Spanish Queen, 2:07, winner of four \$10,000 stakes, the Transylvania and several other rich events on the Grand Circuit during the season of 1908. Spanish Queen is bred like Jersey Milton, her sire being a grandson of George Wilkes. The second dam of Jersey Milton was Purity, by Swigert 650; third dam Jessie V., by Alden Goldsmith; fourth dam Lady Lambert, by Mambrino Medley.

Circuit Formed.

Ohio track managers met at Dayton last week and formed a circuit. Huntington Brown, Mansfield, was elected president; Parley Mitchell, Findlay, vice-president and F. E. Baxter, Lima, secretary. It was decided to open the circuit with a meeting at Carthage the latter part of June and then meetings will follow at Hamilton, Dayton, Springfield, Lima, Akron, Mansfield, Findlay and Toledo.

The Daugherty Bros. annual combination sale will be held at Wabash, Ind., March 16 to 20, the week following Lackey's, and some notable consignments have already been made. The Indiana breeders, as well as those from adjoining states, will be well represented.

The Lackey Sale.

The Lackey sale at Cambridge City, March 9 to 12, promises to be the best ever held by Mr. Lackey, and that is saying a great deal, for the Lackey sales have been a feature for many years. The quality of the horses consigned is far ahead of that of any previous sale.

Abe Martin and Liberty Jay.

One of the most intensely bred Wilkes stallions in the state is Abe Martin 4:19½, owned by M. A. Clore & Sons, Franklin, Ind. He is a son of Ashland Wilkes, 2:17¼ (sire of John R. Gentry, 2:00¾; Sally Toler, 2:06¾; Ash Rose, 2:07¼; Pincham Wilkes, 2:07¼; Miss Gay, 2:07¼; Prince A. Rundle, 2:09¼, and 127 others in standard time). Ashland Wilkes is a son of the great sire, Red Wilkes, and the great brood mare, Daisy B., by Administrator, 2:29¼.

The dam of Abe Martin was the registered mare, New Hope, by Hinder Wilkes, 2:20¼ (sire of Watson, 2:06¾, and forty-six others in standard time). Hinder Wilkes is a son of Red Wilkes and the great brood mare, Lady Almont, by Almont 33. The second dam of Abe Martin was the great brood mare Ravenna, by Princeps 536; third dam Jean Wood, by Melbourne, Jr., a son of imported Australian.

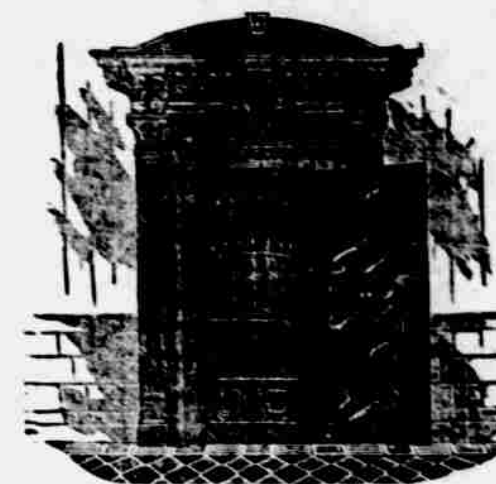

"The village set is going to plead emotional insanity as an excuse for robbing them henrosts."

"What do you think of that?" "I think his public spirit ought to get him an acquittal. Ain't we aiming at making Plunkville a metropolitan town?"—Louisville Courier-Journal.

Dryden married Lady Elizabeth Howard, a shrew of marked ability. She complained that he showed her no attention and wished herself a book that she might enjoy more of his society. "Wish yourself an almanac, my dear. Then I could change you every year."

The Senior Partner—Say, we ought to get a sign painted saying that we will only pay bills the latter half of the month.
The Junior Partner—Looks to me as if it would be better to word it that no bills will be paid the first half of the month.

Have not coughed once all day?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. J. C. Ayer & Co., Lowell, Mass.

LUKEN STANDS FOR THE BOTTLE.

It isn't the bottle you think it is, but it's a bottle that has them all beat a mile. After a long and deliberate investigation of all the different rheumatic preparations, A. G. Luken & Co. decided to feature Rheumaline made by The Rheumaline Co., of Cincinnati. They are certain they can give their trade the best results from this preparation because it is one that has been tried and tested and found in all cases to be effective and produce the best results. A. G. Luken & Co. have many other rheumatic remedies but believe their selection of Rheumaline will meet the universal satisfaction of all who try it. Rheumaline cures rheumatism, lumbago, sciatica, neuralgia, gout and disorders of the kidneys, liver, bladder, stomach or blood arising from Uric Acid. It costs \$1.00 per bottle. Rheumaline Capsules cost 50c per box and stop pain. Rheumaline Tablets only should be used when constipated. They cost 25c. These three are produced only at A. G. Luken & Co. Get Rheumaline. It removes the cause.
