

TOMLINSON BILL STILL DOUBTFUL

Senator Grube Hesitates as to
How He Had Better Vote
On the Measure.

HE IS IN A PREDICAMENT

ONE OF HIS COUNTIES IS FOR REPEAL WHILE THE OTHER IS A DRY STRONGHOLD—TWELVE ELECTIONS COMING.

Palladium Bureau,
Indianapolis, Feb. 20.

Senator Grube of Marshall and Kosciusko counties, is another doubtful among the democrats on the Tomlinson liquor bill, so it developed yesterday. Grube had been counted safely on the side of the Tomlinson bill and was expected to vote to pass it, but yesterday when he was asked what he proposed to do he answered that he never crosses a bridge until he comes to it.

Marshall county one of the two counties which Grube represents in the senate, elected a democrat to the house a week or so ago, to succeed Representative Sarber who died. Adam E. Wise was elected, the election having been held on the repeal of the local option law. Wise stood for repeal. But Grube represents also Kosciusko county, which is a dry county, and this it is said, has made him hesitate about making up his mind as to how he will vote on repeal. The uncertainty about Grube puts the repeal proposition far up in the air as it ever has been and this situation is just as badly muddled.

Many Elections On.

Between now and a week from now twelve county option elections are to be held in the state. Next Tuesday Grant, Adams, Davis, Howard and Newton counties will vote, and all are expected to go dry but Grant. On Wednesday Morgan county will vote itself dry, and on Thursday Gibson, Fountain, Hendricks and Fayette counties will vote. Carroll county will vote on Friday and Rush on Saturday. It is said to be the plan of the optionists now to delay the report on the Tomlinson bill in the senate until after these elections are held, for it is believed that nearly all of them will go dry.

The Grube bill to make Culver Military academy a part of the state's military establishment so it may receive government aid was passed by the house. The bill to give Saturday half holidays to employees in county offices in counties the county seat of which has a population of more than 18,000 was killed in the house.

HIATT WAS CHOSEN

Former Richmond Man Placed
At Head of Friends' Select School.

IS FAVORABLY REGARDED

James S. Hiatt, formerly of this city, son of William J. Hiatt, and brother of Edgar Hiatt, secretary of the Dickinson Trust company, has been selected as the head of the Friends' Select school at Philadelphia. He succeeds J. Henry Bartlett, who has been head of the school for eighteen years. The Philadelphia Ledger says of the change in the institution's head:

"The man who has been chosen by the school committee as successor to Principal Bartlett is James S. Hiatt, a young man who for two years has been in charge of the English department in the Germantown Friends' school in Conlister street. He has already taken up the task of planning for the term of 1909-1910 at the Friends' Select, although Henry Bartlett will remain in actual charge until the end of the present term. It is a source of the greatest satisfaction to friends of Professor Hiatt to see him placed in this important position.

Although young in years, he is considered eminently fitted for the place. He is a western man and was graduated from Earlham College, Ind. Afterward he entered Haverford College, graduating in 1900. English has been his specialty, and before going to the Germantown school he was in charge of this department at Guilford college and at George school. During the last year he was secretary of the Public Education Association, and he is still business manager of the Friends' Educational society. Professor Hiatt is enthusiastic in his hopes for the school of the Society of Friends, and with his high ideals regarding the character of education that ought to be given in them it is expected by Friends that he will not only continue Friends' Select on its present high plane of efficiency, but it is considered that a young educator has seldom had a better opportunity for making a career than is now afforded Professor Hiatt.

Money-Making Ways of Using Want Ads

To Buy or Sell a Stove

Stoves are quite an item in the furnishing of a home. To save money, buy second hand Stoves. Insert a little Want Ad under the heading, "Stoves," on our Classified page, like the one shown to the left in the examples below. You will be surprised to find out the number of people who have Stoves to Sell. But maybe instead of wanting to Buy a Stove, you have one to Sell. Do the same thing—insert a little Want Ad under "Stoves," stating what you have. The cost in either case amounts to but a fraction of a dollar. Many people make a business of just buying and selling Stoves in this way. And they make money at it. These little ads are read each day by home people. Watch the "Stoves" column each day, if you want to Buy or Sell a Stove.

EXAMPLES

WANTED TO BUY TWO STOVES, ONE FOR heating and one for cooking. No preference as to brand but must be in good condition and reasonable price. Address E. D. 34, this office.

FOR SALE—BARE BURNER STOVE, NEW, BEST made, at less than wholesale. Conditioned to bring up, newly furnished home. Other stoves also. Address E. D. 34, this office.

Little Want Ads may well be termed, "fuss" and worry KILLERS. Something comes up that has not been foreseen—you must move, you must find a new home, your best employee has just left, you are out of a position, you want to "trade" something, you must sell something you prize, you must have money, and dozens of other such WANTS. Let our little Want Ads do your WORRYING for you. It's CHEAPEST.
