Richmond 5; New Castle 3.

The spirit of '76 prevailed with Richmond in the polo contest at the coliseum last evening and with much difficulty the locals nosed out a victory in the last period by the score of 5 to 3. The game was fast and full of exciting crises and in nerve-racking features was perhaps the best game of the season. Even the New Castle rooters, 50 to 75 strong, who accompanied the Flower City team to Richmond, said that it was no disgrace to be a losing team in such a battle. One of the most interesting parts of the game was the jeering of the rabid fans from New Castle and the antics of Walter Paulus, ex-fireman and always a polo rooter. The playing of Nolan, the Richmond boy at second rush for New Castle was the feature of the contest, while Bulia and Sharp as rushers and Lancaster at goal for Richmond are entitled to much credit.

Among those present from New Castle was T. Ritter, retired ball player.

Nolan Has a Mutiny.

Because Captain Nolan of New Castle wanted to put "Red" Marine in at rush to replace Sampson, while the latter repaired his skate, the New Castle bunch, headed by May, left the floor and refused to play. The game was delayed until Sampson's skate was fixed. This was the only feature of the contest which marred it from being a good one.

At the end of the second period the score stood 3 to 3. Sharp won the first rush in the third period and in 8 seconds caged the ball for the first goal. In 42 seconds he had eagled his second goal for the inning and insuring victory for the locals. New Castle played hard to win and bombarded the goal almost continuously during the period but Lancaster was able to stop those drives which his defense did not. Lineup and summary:

Richmond	New Castle
Sharp	Sampson
First Rush	Noland
Second Rush	Second Rush
Fetzger, Jones	Kenworthy
Center	Center
Oesting	Williams
Half Back	May
Lancaster	Goal

HEXAMETHYLENETETRAMINE
The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. A. G. Lukens & Co.

ENTRE NOUS WIN FROM PIRATES

Games Were Slow and Uninteresting.

Failure to pull together until the third game lost the Pirates two games in the bowling match with the Entre Nous at the City Bowlin league alleys last evening. The play was tame and uninteresting. As a result of the contest the Pirates dropped to fourth place, the Entre Nous taking the third position in the race. Team scores are as follows:

First.	Second.	Third.
Entre Nous	801	805
Pirates	711	759

No Place Like Home.

A henepecked looking doorwalker in one of our large department stores was standing in the aisle with a pained and faraway look in his eyes. Suddenly a woman busted up back of him and demanded, "Where are the children's dresses, sir?"

"In the bottom bureau drawer, Ma-
ria," said the doorwalker, hastily turn-
ing around. And then he fled—Lippin-

HER SON KILLED; THEN BARN BURNS CREMATING STOCK

Cup of Human Woe Over-
flowed Yesterday for Mrs.
Martha Osborn, Living
South of This City.

BARN WAS DESTROYED DURING HER ABSENCE

She Was Enroute to the Death
Bed of Her Son, Harry, at
Columbus, O.—Lightning
Starts Blaze.

Within twelve hours after receiving word that her son Harry had been killed in an accident at Columbus, another misfortune happened to Mrs. Martha Osborn, residing about three miles south of the city, just off the Straight Line pike, in the burning of her new barn. The building burned to the ground early this morning after being struck by lightning and its contents were destroyed. Particulars regarding the accident resulting in the death of Harry Osborn were not known by friends or relatives living in the neighborhood of Mrs. Osborn's farm.

Mrs. Martha Osborn received word yesterday morning that her son had been killed in Columbus. This was all the message contained and no further light was thrown upon the subject today, although a message was expected almost any time. It is understood that Harry Osborn was a machinist and had been working in a factory at Columbus, O. He resided with his wife and family in Dayton and had been employed in Columbus but a short time. He is well known in this city and in the vicinity of Boston. He has a brother here named Frank Osborn.

Storm a Fierce One.
During the rain and lightning storm last evening, which was particularly fierce in the neighborhood of Boston, neighbors were awakened by telephone calls announcing that Mrs. Osborn's barn was burning. The neighbors were notified about 2:30 and when the fire was first discovered the entire roof was burning. When the first aid arrived, no one being at home at the Osborn residence, the roof fell in and it was impossible to save anything except the adjoining properties. This was done only after hard and persistent effort on the part of the neighbors. The fire was so hot that the rain seemed to turn to steam, and had little effect.

Live Stock Burned.
In the barn were two horses and one colt, two cows and a calf; several chickens and a few pigs, it is believed. One cow was rescued from the burning barn but the rest of the stock was burned into a crisp. There was also a large quantity of hay and grain feed in the barn, likewise many farm implements. Everything was totally destroyed.

The exact amount of damage done is not known, but it is estimated by neighbors that it will approximate \$5,000. There is some insurance carried, but whether sufficient to cover the loss could not be ascertained.

YEAR'S FIRST STORM

Lightning Illuminated Heavens
And Thunder Reverberated About the Earth.

THE RAINFALL WAS HEAVY

The first electrical and thunder storm of the year broke over the city last night. Between midnight and 3 o'clock this morning it reached its greatest intensity. The skies were illuminated by the frequent flashes of vivid lightning. The rain fell in torrents and the River was raised far above its usual level by the increased flood. The streets and sewers received a good washing but in many places the sewers were unable to carry off the water as quickly as it accumulated and it flowed over the sidewalks.

TO REFORM SCHOOL

Young Negro Crook of Vast Propensities to Have Chance to Repent.

HAS REMARKABLE RECORD

Delmo Doty, the fourteen year old negro boy burglar, was sentenced to the Indiana reform school for boys from the juvenile court this afternoon. Young Doty has confessed to six robberies and told of almost a dozen other attempts. He has displayed pluckiness that stamp him as the most versatile boy thief that has fallen into the hands of the local police for many years.

RELATIONS WILL NOT BE CHANGED

Wayne County and State Not Affected by the Advance Payment Measure.

COUNTY ALWAYS PROMPT

HOWEVER LOCAL OFFICIALS THINK THAT UNDER DEPOSITORY LAW SUCH AN ARRANGEMENT IS LITTLE UNJUST.

While it is evident that bill to provide legal means by which the state may call on all counties to make advance payments of the state's part of taxes collected, will become a law, there will be no apparent change in the relations between Wayne county and the state. Wayne county has always honored the requests of the state for taxes collected, in advance of the periods of semi-annual settlements, though Wayne county officers as well as those of other counties have contended that under the existing depository law, which brings interest to the county on state as well as other funds in the local banks, an injustice is done to the county.

Interest is Cut Down.

When advances of state money are made, withdrawals from the local banks mean a cutting down of the interest that rightfully is due to the county, and the state profits in two ways—first by not being compelled to make temporary loan and second by the interest derived from banks in which the advance sums may be deposited. The point raised in Wayne and other counties has been that the state can as well afford to make loans and pay interest thereon as the county which must make partial settlements before they are due and thus are deprived of interest that otherwise would be theirs. It is a case of loss either way—on the part of the state or the counties, and by means of the proposed new law, the counties will suffer, though it is argued that it cannot be of a very material nature.

MANY LIENS FILED

Those Against the Y. M. C. A.
Building Will Amount Approximately \$5,000.

CONTRACTOR GETS BLAME

Liens to the approximate amount of \$5,000 have been filed against the Young Men's Christian Association by reason of the failure of the contractors, Caldwell and Drake, to make payment for material purchased from tradesmen. Today was the last day for the filing of the liens and unless a satisfactory agreement is reached with the contractors soon, legal proceedings will be instituted. The association fully protected, according to statements of its attorney, Wilfred Jessup, and by Secretary George L. Goodwin. It is withholding the fifth payment due the contractors and it will not make this payment until the differences between the contractors and the tradesmen have been met. No word has been received from the contractors, relative to what stand they will take in the matter.

EVEN HAVE TO BE JANITOR

Dr. T. Henry Davis, for many years health officer for this city and at present, president of the state board of health, is the first of the prospective candidates for mayor to announce his determination not to be a mayoralty candidate. He doesn't want the office because it will probably be made one for a jack-of-all-trades. In discussing his decision not to run for the office Dr. Davis said he did not care to make the race for janitor of the city building as this will be one of the manifold duties of the next mayor when the legislature gets through with its work.
