

## SHIP SUBSIDY WAS DEFEATED IN THE HOUSE YESTERDAY

Was Lost by Only Three Votes,  
Thirty Republicans Lining  
Up With Democrats in the  
Opposition.

RESULT WAS A SHOCK  
TO SPEAKER CANNON

Debate on the Measure Consumed  
the Entire Afternoon  
and Some Hot Speeches  
Made Pro and Con.

Washington, D. C., March 3.—The ship subsidy bill previously passed by the senate, was defeated in the house of representatives yesterday by three votes, the count being 172 to 175. The opponents of the measure were wildly cheered.

Representatives Goldfogle of New York came in, occupying an invalid chair, having been brought from a hospital, where he had undergone an operation on his knee cap. He was determined to record his name against the bill.

The debate on the bill consumed the entire afternoon, during which a large number of members made speeches for and against it. Mr. Moon of Tennessee led the opposition to the measure.

"It is an infernal fraud, designed to plunder the treasury," he declared.

Speaking of the provision for the training of American boys, and answering the plea of patriotism advanced by Mr. Landis, who had pleaded for the measure, he said that was but a blind to hide the giving of the people's money to corporations of ship owners.

Clark Upholds Moon's Stand.  
The climax came when Minority Leader Clark declared that a lobby had been carried on "right on the floor of the house" in favor of the passage of the bill.

"It is an outrage to a civilized country," he declared, "this thing of coaxing men, of buttonholing men, and I undertake to say that when Mr. Moon of Tennessee denounced this bill as an infernal fraud he used language that he was justified in using."

The debate against the bill was closed by Mr. Cockran of New York. He denounced the sending of the American flag abroad by a subsidy "as an outrageous concession of the enervating of a people through the agency of a government."

As their champion the advocates of the bill put forth representatives Fassett of New York, who was the closing speaker. He referred to the condition of the battleship fleet on its return from its recent encircling of the globe, and that it showed that Americans could build as good machinery and the country has as good commanders as any country in the world. But no tender carrying the American flag went the trip with the fleet he added.

"The wars of the future will not be gun wars," said Mr. Fassett, "but trade wars. They will be wars to get goods to the world's markets. In that war we cannot choose weapons, but must fight with the weapons of our opponents. We must face facts, not syllogisms."

Others to speak for the bill were Goebel of Ohio, Humphreys of Washington and Hobson of Alabama. Others against it were Small of North Carolina, Kuetermann and Stafford of Wisconsin, Lloyd of Missouri, Sulzer of New York, Burton of Ohio, Saunders of Virginia, Wilson of Pennsylvania, Clark of North Carolina, Steenserson of Minnesota, Finley of South Carolina, and Norris of Nebraska.

A scene of confusion followed the roll call. With the announcement of the vote of 172 in the affirmative, the speaker hesitated to get a good breath and then said "175 in the negative." The democratic side of the house broke forth in cheers.

Mr. Overstreet, in charge of the bill was recognized, and he asked to be permitted to change his vote. This would have allowed him to move to reconsider and have another vote on the bill. The speaker informed him that the vote had been announced and his request came too late.

"How many people work in your office?" asked the curious member of the group in the smoker, addressing the prosperous looking elderly man. "Oh," said the elderly man, getting up and throwing away his cigar. "I should say, at a rough guess, about two-thirds of them."

## REVISE SCHEDULE OF THE LEAGUE

Three Games a Week Will Be  
Played by the Y. M. C. A.  
Basketball Fives.

## MAKE SHIFT OF PLAYERS

THIS ACTION HAS BEEN TAKEN  
SO THAT THE WEAKER TEAMS  
IN THE ORGANIZATION CAN BE  
BOLSTERED UP.

At a meeting of the athletic committee of the Y. M. C. A., yesterday afternoon, it was decided to revise the schedule of the basketball league to become effective next week. Instead of being played on Tuesday and Saturday evenings, the games will be played one each on Monday, Wednesday and Friday evenings. The same number of games as originally provided for will be played. It also was decided to make a change in the players on three of the squads.

This was done in the effort to bolster up some of the weaker teams and cut down one of the stronger ones. Miller, who has been a member of squad number three, was transferred to squad number three. Lott was taken from number three and placed on number six. Gilchrist was taken from number six and placed with number one. It is believed by the committee this will tend to even up matters. One was given another forward and loses a guard. Three lose a forward and acquire Miller, who is a strong guard. Lott and Gilchrist make a trade of forwards.

**Raised Objections.**  
Objections were raised to the Saturday games because a number of the players must work that evening. By the new arrangement the games will be played following the meetings of the senior class. Next week will open with a revised schedule prepared so that each team will have played two games and each will have the same number left to play. A few of the players have resigned but others have asked to be admitted to the league to fill vacancies. Decker will join the league next week. He has been assigned to number five. He is an old high school and T. P. A. player and has had several years' experience. He will be a material help to the fives.

## NEW POSTAL SUB STATION IN CITY

Postoffice Department Orders  
That One Be Established  
On the West Side.

## WILL BE A CONVENIENCE

WEST SIDE PEOPLE AND POST-  
MASTER SPEKENHIER HAVE  
FOR SOME TIME BEEN TRYING  
TO GET STATION.

Not until first assistant postmaster general had considered the matter, did the postal authorities feel like establishing another sub station in this city. However this morning, word was received by Postmaster J. A. Spekenhier from C. P. Grandfield, that a station would be established at the drug store of John Foster, 101 Richmond avenue. Postmaster Spekenhier and West Richmond residents, to whom this station will be a convenience, have been trying to secure the sub station for more than a year. Besides being a convenience to the West-siders it will be a help to the carrier as he usually has two sacks of mail for that section of the city. In the future he may leave one sack at the station while he delivers the other.

## KIRKMAN FIGHTS THE SUNDAY BALL BILL IN SENATE

Asked to Suspend the Rules So  
That the Question Could Be  
Fought Out on the Floor at  
Once.

## VOTE ON THE MEASURE TO BE TAKEN MONDAY

In the House Today Liberal  
Democrats Tried to Punish  
Senator McCarty Because  
He Fought Repeal.

Palladium Bureau,  
Indianapolis, March 3.  
Senator Kane moved to suspend the rules in the senate today and advance the Sunday base ball bill to engrossment. Strange opposed and made a bitter speech against the bill. Kirkman, who has led the fight against the bill voted to suspend the rules and advance the bill so it could be fought out on the floor without a waste of time. He will vote against the bill on its passage. Fleming opposed the suspension of the rules and voted against it. The bill will be called for passage some time tomorrow. The senate passed the Kistler bill making it unlawful to tap a water or gas main without authority. The governor has signed the bill regulating the construction and maintenance of tenement and apartment buildings.

**To Punish McCarty.**  
The liberal democrats in the house today attempted to punish Senator McCarty, democrat, because he voted against the Tomlinson bill. When his bill for the medical inspection of school children came to the house, Garrard, democratic leader, moved to indefinitely postpone it. In debate which followed Talbot, republican, charged the democrats with trying to punish McCarty. The republicans and the temperance democrats voted together and the effort to kill the bill failed. The vote was 37 to kill and 50 to save the bill.

The house passed the senate bills to empower councils in cities of the third and fourth class to appoint park boards and to require councils in cities of the fifth class to advertise for bids on gas, water and electric contracts; also the bill to enable the State Normal school to sell the athletic field.

In the senate, Senator Beal moved to reconsider the action of the vote passing the Evansville sixty cent gas bill. This will be taken up again tomorrow. He says he finds that gas cannot be made and sold at profit at sixty cents in a city the size of Evansville.

**The Fate of Many Bills.**  
The house killed the Wood senate bill to enable fraternal insurance associations to do general old line insurance business and advanced to engrossment bills to elect town trustees and marshals in incorporated towns; to require one member of the alumni on the Purdue board of trustees, and to require shopkeepers who sell liquor in bottles to take out a city license. This is intended to reach grocers who sell beer to families for home use. The house also engrossed the Wickley bill to enable municipalities to join in the formation of a sanitary district. This is for the benefit of Hammond, Gary and adjacent towns. The bill to reduce the Indianapolis council from twenty-one to eleven members, was sent to a third reading.

## WHERE IS SHERIFF?

Left His Office Yesterday and  
Has Not Been Seen by  
Anyone Since.

## REWARD MAY BE OFFERED

Where's the sheriff of Wayne county?  
He left his office yesterday and has not been seen since. His deputy said today he does not know where his chief is. It is not known whether he is at the capital city lobbying for a special measure to entitle him to ins and outs fees, or if he is out selling dynamite. From the amount of mail that awaits him, it may be construed business in the latter line has been good. Unless he returns to his office by evening, it is probable the court will order the deputy sheriff to go in search of his chief. Attorney Henry U. Johnson may be sent to accompany Oscar.

"Threes" .....	0	2	.000

**Results Last Night.**  
Princeton 26; Carlisle 7.  
Cornell 24; Illinois 11.

Playing under names adopted from the leading educational institutions of the country, the Y. M. C. A. basketball league teams are now bounding along and it is believed everything has been settled so that the season will continue uninterrupted. "Threes" have not relinquished the squad number for a new name, but will do so before their next game. Princeton is regarded as too well supplied with first class material by some of the players and in order to make the league evenly balanced it may be the athletic committee will make further changes.

**Carlises Went to Mat.**  
Such a large score had not been expected as was piled up by Princeton in its game against Cornell. The latter team has been regarded as one of the strongest. Its forwards were not working very well and Princeton's guards had them covered at all stages. Brunson played another star game, making all the points with the exception of one that was awarded. Ferling put up a strong game at guard and helped materially in winning for Princeton. Summary: Position. Princeton Anderson .....

## ILLINOIS WAS CRIPPLED.

Illinois presented a crippled lineup and this fact helped materially in the result being in favor of Cornell. Allison did the best work for his team, throwing eight goals from the floor. Illinois worked hard but could not gain enough strength to pull through. The result of the game never appeared to be in doubt after the first few minutes of play. Summary: Position.
