

MIAMI COUNTY IN RANKS OF DRYS BY BIG MAJORITY

Temperance Forces Swept the County by a Majority Estimated 1,043 as Result of an Election.

OVER FORTY SALOONS SENT TO THE DISCARD

The City of Peru Went Wet by Over Six Hundred, But the Vote in County Overcame This.

YESTERDAY'S "DRY" MAJORITY.

Miami county (forty-three saloons).....1,043
Saloons voted out in thirty-two counties.....509
Dusted by remonstrance (twenty-two counties).....1,800
Total.....2,352

ELECTION DATES NOW SET.

Greene county, March 23; Benton county, March 23; Montgomery county, March 23; Ohio county, March 24; Elkhart county, March 25; Jennings county, March 30; Bartholomew county, March 30; Vermillion county, March 30; Henry county, March 31; Blackford county, April 6; Cass county, April 6.

Peru, Ind., March 17.—Voters of Miami county yesterday cast their ballots against the licensed saloon and it is estimated on the face of unofficial and partially incomplete returns that the majority in favor of no license will be about 1,043.

As had been anticipated, the city of Peru went "wet" and the majority in favor of saloons in the city was 666. This was not as large a majority as the "wets" had expected. Peru and Peru township gave a "wet" majority of 112, which was greatly overcome by the out townships.

The vote in the five wards of Peru was as follows:

	"Wet"	"Dry"
First Ward.....	417	198
Second Ward.....	379	226
Third Ward.....	336	384
Fourth Ward.....	341	188
Fifth Ward.....	347	158

Totals.....1,820 1,154

The Vote by Townships.

Owing to the poor conditions of the telephone system throughout the county, five of the townships have not reported complete majorities. None of these, however, was carried by the "wets."

Clay township, one precinct, reported a majority of 62 for the "drys." The vote in Jackson township against saloons was a surprise to all who had estimated the majority, the most conservative having figured the township would go "dry" by about 75.

Owing to raw, wintry weather yesterday afternoon the polls in this city closed with a shortage of many votes in each precinct. Warmer weather prevailed in the morning and the older voters came out in numbers. The vote was heavy until 3 o'clock, when there was a noticeable falling off. Around the polls in Peru all day there were large crowds of "wets" and "drys" discussing the outcome good naturedly. There were no disturbances worthy of note.

Five Arrests for Illegal Voting.

Five men were arrested, however, for illegal voting. All gave bond and none went to jail. Several detectives from nearby towns were on duty, and they stopped quite a number of strangers who appeared at the polls to vote.

Both sides made an effort to get out a full vote, and automobiles and lively outfits fairly flew about town toward the close of the day's balloting.

There were no demonstrations on the streets by either side. It was a business proposition for both and they worked to win. Late in the afternoon some of the liquor men were ready to concede the vote to the "drys" although the result in Peru seemed to puzzle each of the factions.

The first precinct to report was the First in Jefferson township. This was considered a doubtful precinct by the "drys" and the "wets" declared they would carry it. The vote stood 78 "dry" to 37 "wet," a majority of 41 for the "drys."

This vote was counted at 4 o'clock inasmuch as the entire vote of the precinct was in. There are thirty-five precincts in the county. At the present time there are forty-three saloons in Miami county, and all of them are in operation in this city.

Two Champions of the World Met By Accident in Chicago Street

Chicago, March 17.—Local sporting fans enjoyed a unique sight. Two world's champions—Jack Johnson, the heavyweight fighter, and Frank Gotch, the wrestler—met by accident on the street. They stopped to talk for a few minutes. Each had a large and enthusiastic following and when the

crowds met they overflowed until the street was jammed from curb to curb. Rival cheering and shouting started. Hats were thrown in the air. Bar rooms were emptied. The police came down the street on a run, thinking a riot was on. The champions were unable to finish their conversation and departed.

After several years of tests and experiment a report has recently been made by the United States Geological Survey on the subject of fuel briquettes, which is exceedingly favorable. In all tests the use of briquettes seems to have increased the evaporative efficiency of the boilers and generally decreased smoke density. In all tests the use of briquettes is exceedingly favorable in place of coal in locomotive firing.

LIKES PATROL WAGON RIDE

CREDENTIALS FOUND UPON HIM SHOW HE IS A DEPUTY FROM KING'S COUNTY, NEW YORK—MISSION UNKNOWN.

When Charles Smith, a special deputy of Kings county New York, became riotous and abusive at the Arlington hotel this morning, he was ousted upon the street. The police were notified and Roberts and Sergi. McManus put Smith under arrest. He now rests supinely in a state of absolute intoxication on the cement floor of the city jail. Smith attempted to become ugly with the police officers, when they removed him from the patrol wagon, saying he would not leave it as he wanted to take a ride. He left, however, and when he sobers up will be given a chance to offer explanations.

Many Credentials.

Smith is loaded with credentials, showing he is a bona fide officer of the law. Kings county is right down at "little Old New York." Not the least of Smith's equipment is an opened carton containing a bottle of whisky. He has a badge showing his authority and his papers of appointment. His papers are signed by Alfred T. Hobbey, sheriff of Kings county. Smith had a ticket from this city to Rome City in his pocket. He carried no revolver, but in one of his pockets was found a cartridge which contains a poisoned bullet. His pocketbook contained but \$4.74, which will fall considerably short of being enough to pay a fine. The police are waiting for Smith to sober up enough to offer explanations. How he happens to be here and what may be his mission to Rome City are unknown locally.

"SOXY" LYONS TO THE ELWOOD TEAM

Old Western League Star Has Been Signed.

Elwood will be strengthened by the addition of "Soxy" Lyons and an Ohio State League rusher within the next week or so. The management of the tinplaters is determined to win the pennant if possible. Lyons will be remembered by many of the fans as the premier half back in the days of the Western League.

PROTESTED GAMES WERE NOT ALLOWED

Polo Magnates Rule Out All Contested Games.

The managers of the Indiana polo league at a meeting recently decided not to allow any protested games to be played over. Richmond was not affected by this ruling, but Elwood, New Castle and Marion were. The ruling only pertains to those games which have been protested and will not prevent managers from protesting games in the future.

PIONEER WOMAN IS LAID TO REST

Mrs. Susanna Shewmon, Ninety-Nine Years of Age, Was Buried Today.

A RESIDENT OF ELDORADO

SHE WAS SURVIVED BY THREE CHILDREN, THIRTEEN GRAND-CHILDREN, ALSO GREAT AND GREAT-GREAT GRANDCHILDREN

Eldorado, O., March 17.—Nearly every resident in this section of the country attended the funeral of Mrs. Susanna Shewmon, Preble county's oldest inhabitant, being in her ninety-ninth year when death came this week. The funeral was held this afternoon.

Mrs. Shewmon leaves three children, thirteen grandchildren, eight great-grandchildren and four great-great-grandchildren. The farm on which she died had been her home since 1836, when she and her husband moved to Preble county. This farm is of thirty acres and very valuable property. Mrs. Shewmon's husband purchased it for \$217.

Mrs. Shewmon was born January 1, 1811, in Batetourt county, Virginia. She was married to John Shewmon in 1830. Five children were born to the union and three survive. She became a member of the Dunkard church seventy-one years ago, joining the old Price Creek Church. When this congregation divided up she was asked to join the new church, but she flatly refused. Her proud boast was that during the seventy odd years she had been a church member she had "never been hauled over the coals."
