**Reds Drop First.**  
Cincinnati, O., April 15.—The largest crowd that ever witnessed the inauguration of a baseball season in this city was out to see the Cincinnati and Pittsburgh teams play yesterday afternoon. The Pittsburghs secured a lead in the first inning and gradually increased it through timely hitting and Fromme's wildness. The Cincinnati had men on bases in nearly every inning, but were unable to get even one of them home. The opening ceremonies consisted of a band concert and a short address by Acting Mayor Galvin. ### FROM THE CELLAR COMES CARLISLE

Indians Tied Cornell Last Evening by Winning a Pretty Game.

### BRUNSON THE BIG NOISE

HIS WORK LAST NIGHT WAS ENOUGH TO DOUBLE THE SCORE MADE BY OPPOSING TEAM—SET FAST PACE.

	Yale	Chicago	Illinois	Princeton	Cornell	Carlisle
Runs	0	2	3	4	5	3
Hits	0	3	4	4	5	3
Errors	0	0	0	0	0	0

Last Night's Score.  
Carlisle 33; Cornell 14.

Brunson was the big star in the constellation on the basket ball floor at the Y. M. C. A. last evening, and his work alone was enough to double the score of his five opponents. He broke the league record for field goals previously held by Compton of Yale by one. The former Earlhamite tossed fourteen of 'em into the basket for two points per. The game was too one-sided to be of much interest. By winning, Carlisle tied with Cornell for the cellar championship. At the rate the Indians now are traveling they stand a good chance to break even on the season, although getting away with a bad start. If the team wins its remaining two games it can finish with five won and the same number lost. Only two weeks more of the season remain.

Cornell worked hard to win. Kauffman was not in at center and the team had to call upon other substitutes. The men strove valiantly, but Carlisle was out with a formidable five that was not to be denied the fruits of victory. Princeton and Chicago play tomorrow evening. On the outcome of this game probably will depend the standing of each of the teams at the finish. If Princeton wins, the Tigers will be back to the 500 mark and if the Midwayites win, a splendid chance will be offered for first place if Yale takes another tumble. Last night's summary:

	Carlisle	Forward
Anderson .....	.....	Halsey
Brunson .....	.....	Rodefeld
Cain .....	.....	Zerkle
Haas .....	.....	Guard.
Goals from field—Anderson, Haas, Brunson 14, Allison 3, Halsey, Rodefeld, Myers. Goals from foul—Haas, Allison. Referee—Gunn. Umpire—Horton. Timer—Brown. Scorer—Mendenhall. Time of halves—15 minutes.

Regular passerby, children and strangers. Or any infirmity would suit."

### BASEBALL DEAL IS REPORTED ON

Details Not Given Out by Promoters.

Negotiations were on today among the promoters of the baseball project. An effort is being made to raise a subscription and acquire control of Athletic park. Those working in behalf of the scheme said they did not want to give out any information concerning it today, but might have something to announce tomorrow.

### QUAKER FRESHMEN MAKE A PRECEDENT

For First Time in History of Earlham, First Year Men Have a Nine.

### PLAY FIRST GAME FRIDAY

STRONG SPIGELAND ACADEMY OUTFIT WILL BE TAKEN ON AND A HOT GAME IS EXPECTED AT REID FIELD.

The Earlham Freshmen will establish a precedent Friday when, for the first time in the history of Earlham athletics, they will put a baseball team in the field against an outside team. The first year men will meet the strong Spigeland Academy nine. The game is the first on a schedule which Manager Fisher of the Freshmen is now attempting to complete. Two games will be played with Richmond High school, but the dates have not yet been arranged, and a return game will be played with Spigeland Academy on May 1. A date with the DePauw prep school, is also probable for the latter part of May.

### Have Strong Team.

The Freshmen appear to have a strong team with varsity men on the first sack and in the catching department. French will catch, while Sanders, a new man, with great speed and fielding ability, will do the twirling. Both Dowlar and Rees are out of the game from physical disability, so that the team should be stronger in the future than in its opener. If these two men were in the game, the fielding ability of the team would compare very favorably with the varsity. Friday's game will be called at four o'clock. "Devil" Bland will call the balls and strikes. The teams will line up as follows:

	Spigeland	Position.	Freshman
Gray .....	.....	Catch.	French
Hays .....	.....	Pitch.	Sanders
Harvey .....	.....	First.	Brunson
Williams .....	.....	Second.	H. Furnas
Wilson .....	.....	Third.	C. Jones
Moffitt .....	.....	Short.	Kennard
Baisy .....	.....	Left.	Wilson
C. Wilson .....	.....	Center.	Wilson
Bailey .....	.....	Right.	Mosbaugh

A gentleman was annoyed by some blunder of his new groom. "Look here!" he cried in an outburst of anger. "I won't have things done in this way! Do you think I'm a fool?" "Sure, sure," said the groom, "Of course, of course."—London Mail.

### WHO IS THE QUEEN?

Y. M. B. C. Members besieged With Questions by Inquisitive Public.

### MYSTERY IS DEEPENING

The identity of the Saturnalia Queen remains a mystery. Almost daily, requests are made of the members of the Y. M. B. C., which organization is to give the Saturnalia Wednesday evening, April 21, at the Coliseum asking who the queen will be.

The general impression is that it is to be a man, dressed up in woman's clothes. However, Postmaster J. A. Spekenhiser, stated this morning, since the tariff has raised the price of women's wearing apparel, the organization would have to secure some one who already had the clothes. "It will be a woman, alright," stated Mr. Spekenhiser.

It is understood by the Y. M. B. C. officials that several degree teams of local fraternal orders, will visit the affair during the evening.

Miss Meredith, daughter of George Meredith, has demonstrated in England her ability to lead a municipal orchestra. The other day at Harrogate, at the last minute it was found that the conductor of the municipal orchestra, which is among the best in England, would not be able to take his place, and Miss Meredith stepped into the breach.

### SPECIAL ART EXHIBIT.

Mrs. Bolton Colt Brown will have an exhibit and sale of rare old Japanese prints at the Starr Piano Co's rooms on Friday afternoon, April 16th. The prints are fine examples from the old masters and have been selected by Mr. Brown as representative from his own collection which is unsurpassed in this country. As the prints are being sold at a great reduction from their usual prices, this will be an opportunity for lovers of beauty to secure a genuine and fine work of art.

### HUMAN BAIT.

The Men Who Gather Leeches in the Swamps of England.

Pale and lean, he spoke in a low voice, crumbling a water cracker: "Divin' is hard work, and sulphur minin' is hard work, but how'd you like to be bait at 4 shillin' a day? That ain't quite a dollar."

"I was human bait for a leech dealer in England all one spring. It was back in the eighties, but I ain't never recovered the healthy color and weight what I lost. I guess I never will now."

"Down Norfolk way I baited—down in the Norfolk broads. Broad is swamps. All them swamps, together with the mild, moist climate, makes Norfolk a great place for leeches. Me and a dozen other chaps was leech bait."

"We would wade in with our breeches rolled up to our knees, and as soon as we'd feel a leech on our legs we'd tear him off and drop him in a basket slung from the shoulder. Quick as thunder we'd do it, but he'd be considerable plumped out even in that little while. And when a dozen leeches settled on you together the last of 'em by the time you got round to him would be as fat and heavy as a lump of lead, whilst you'd be that much lighter natchery."

"In the late spring the leeches took

to deep water. Then the bait had to strip and wade in up to their chins. With all that surface to look after, we played a losing game with the leeches. The quickest of us couldn't stand more'n four hours of it without most faintin' from weakness. And the pain! For some parts of the human bait is mighty sensitive, I tell you.

"The trade's died out now. There's no more call for leeches, and it's a good thing. Bein' bait is too hard on a man. It's worms' work."—New Orleans Times-Democrat.

Dr. Clara M. Moore, of Denver, has just been appointed physician of the woman's department of the State Hospital for the Insane at Pueblo. Dr. Catherine Collins was recently put in charge of the manufacture of antitoxin for the State Board of Health in Georgia. Dr. Sara T. Mayo and Dr. Edith Loeber have joined the clinical staff of the Anti-Tuberculosis League of Louisiana.

A coventry firm has produced an astronomical watch showing the various functions of the heavenly bodies. By its aid it is possible to tell what constellations are visible at any particular time and the relative positions of the sun and moon. It shows the ordinary time and strikes the hours and quarters in the same way as a clock. The time of sun rising and sun setting is set forth on one of the several dials. The advent of the seasons is also announced, together with the tides. There are altogether seven dials, four being on the one side and three on the other. The watch, not being more than 2 1/2 inches in diameter, is little larger than an ordinary timekeeper. Over four years have been occupied in its production and the value set upon the watch is nearly a thousand pounds.

"And have you heard the latest?" "No. What is it?" "Why, in Ireland, I have been told, they can't hang a man with a wooden leg."

"No? What do they do, then?" "Why, they just hang him with a rope."—London Express.
