

## A NOVICE TRACK MEET AT EARLHAM

Freshmen Were Tried Out This Morning and Made Good Showing.

### CONRAD OUT OF CONDITION

STAR SPRINTER OF STATE HAS NOT YET RECOVERED FROM INJURY RECEIVED IN BASKET BALL RECENTLY.

Coach Vall held a novice track meet at Earlham College this morning which was in the nature of a tryout for the unknowns. The events were: 50-yard dash, three hundred yard run, mile run, half mile, and two miles. Some very promising material was discovered and it is likely that a few of the winners will be seen on the varsity, when it matches its strength against DePauw in the dual meet with that college, and one of two will undoubtedly get into the I. C. A. L., which will be held on Reid Field the fifteenth of May. C. Jones and Frances ran a dead heat in the fifty, but Jones did not wear spikes. He apparently will make a good understudy for Conrad, the best sprinter in the state. Sanders appeared strong in the three hundred and half mile, while J. Jones, D. A. Hayworth and Jenkins ran a pretty race in the mile J. Jones winning out in five minutes and thirteen seconds. Cleveland, the long distance runner, formerly a student at Purdue, lost the two mile to Regan, a former Vermillion Grove, Ill., star.

Conrad Not in Form. Conrad is now getting into condition, after a forced retirement from an injury received in basket ball, however, he may not be able to compete in the indoor meet at Indianapolis next Friday. If Conrad was in condition the Quakers would stand a good show to win the meet as the points will be well scattered with more than fifteen organizations competing, including Indiana, Wabash, Notre Dame, Purdue, Rose Poly, Franklin, Butler and the military companies of Indiana. White Nanney, Winslow and Prof. Grave can win points in almost any meet, and if Conrad were in the meet to pull off a couple of firsts, it would look like a victory for Earlham. With him out they will have to be content to be runners up. Indiana will stand a good show at the meet, as will Notre Dame.

## CLAWED BY TIGERS

Chicago Team Was Roundly Trounced by Princeton Last Evening.

### WIN BY LOPSIDED SCORE

Chicago	4	4	.500
Illinois	4	4	.500
Princeton	4	4	.500
Cornell	3	5	.375
Carlsile	3	5	.375

Chicago contested against Princeton in the Y. M. C. A. basketball league last evening and was trounced by a score of 52 to 11. The Midway production was without the regular lineup and proved no opposition at any time. On the other hand Princeton put up a first class game. By winning last night Princeton again threw three teams into a tie for second place. Had Chicago won, Yale would have been crowded uncomfortably close.

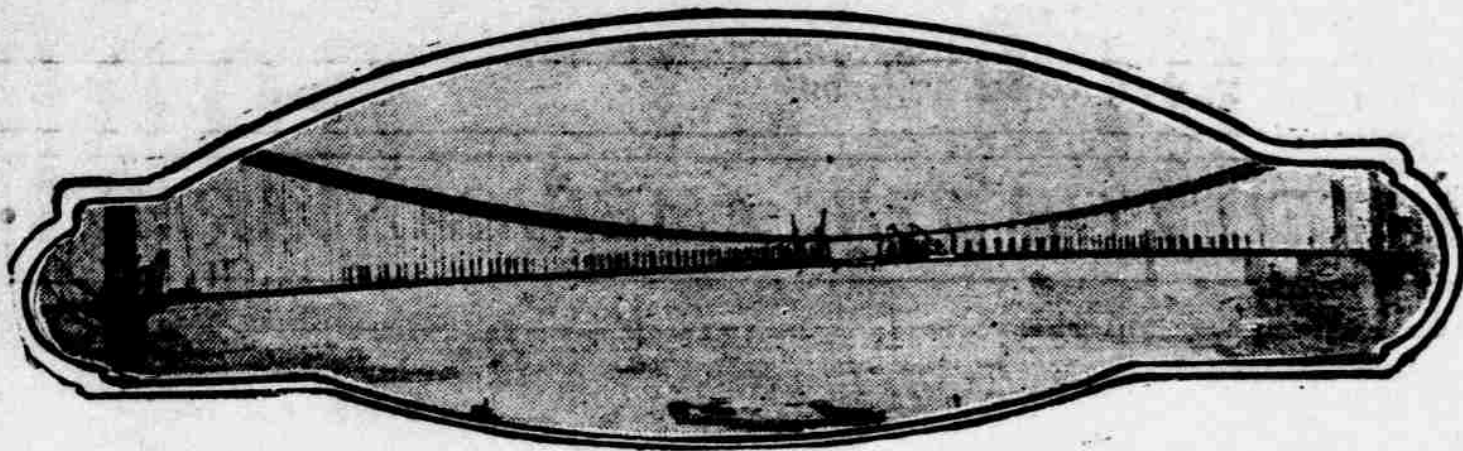

But two weeks more of the season remain. There is no use trying done in connection with this league as all that ever was made up has proved valueless. The teams that were looked upon as the strongest have not been in the lead and Carlsile, which was doped as a mighty competitor at first has trailed all season. Hard work with little starting has made Yale unusually strong and since the first week the blue has retained the leadership.

## RAMMED BY A SHARK.

The strangest shark story which ever came to the writer's ears was of a shark that charged a steamer. This was in Queen Charlotte's sound, and an account of the incident appeared in a Vancouver paper. The captain of the steamer, which was a small craft of only fifty tons or so, saw the shark on the surface on the port bow and could not resist the temptation of taking a shot at it with his rifle. He hit his mark, whereupon the monster, said to have been fully twenty feet in length, deliberately charged the steamer. The boat quivered from stem to stern, and the captain said afterward that it was like striking a rock. After this display of temper Master Shark had had enough of it and sank out of sight—T. C. Bridges in Chambers' Journal.

## HARRIMAN ASKS A HALT IN BIG SUIT

Wants Bill of Particulars Filed in the \$800,000 Litigation.

### BROUGHT BY MISSOURI MAN

UNITED STATES SUPREME COURT UPHOLDS TEXAS DECISION AND WATERS-PIERCE OIL COMPANY MUST GO.

New York, April 17.—Edward H. Harriman, the railway magnate, who is being sued in the supreme court by John Donovan, of St. Joseph, Mo., for \$800,000, alleged to be due for services rendered to Harriman in connection with the purchase and extension of the St. Joseph Railway, Light, Heat and Power company, applied to Justice Dowling through his counsel, Sullivan & Cromwell, for a further bill of particulars. Decision was reserved.

Donovan's contention is that he devoted a great deal of his time to Mr. Harriman's interests, until November, 1901, when he learned that the magnate had severed his connection with the St. Joseph company for \$4,000,000. He estimated Mr. Harriman's profit was \$3,200,000 and claimed he was entitled to 25 per cent.

Started Interurban Road. Donovan set forth that he and Gustavus A. Swift, had arranged for the interurban railway in St. Joseph, prior to Oct. 1, 1908. This would have been in competition with the St. Joseph railway company, which was controlled by Mr. Harriman. Negotiations were started, and these resulted in an agreement, according to Donovan, by which he was to abandon the interurban and devote his time to the Harriman road.

He said he was to receive 25 per cent of all profits the Harriman road made over \$1,000,000, which was paid by Harriman in the purchase of the line. In answering this Mr. Harriman denied that he ever made a contract with Donovan, but declared Donovan had dropped the interurban and devoted his time to the St. Joseph railway voluntarily. He also denied he had received \$4,000,000 for the St. Joseph road, but mentioned no specific amount.

Texas Wins Oil Ouster. Austin, Texas, April 17.—The mandate from the United States Supreme Court arrived here today, ending the long litigation between the state of Texas and the Waters-Pierce Oil company in favor of the state, the corporation being denied a rehearing in the ouster and penalty suits. The federal court will order its receiver to turn over the company's property to the state receiver and officials of the company will then pay the fine and accruing penalties, which total nearly \$2,000,000. It is announced that the corporation officials intend paying the entire amount in cash. It will take several days and a large force of clerks to disburse the money.

Later Goes Wild. Later the market became wild and the trading was enormous, however, final prices showed gains of one and one-half cents for May and July deliveries. Patten continued to sell on all hard spots.

### SLAPS AT PATTEN.

Secretary Wilson Makes Stinging Statement.

Washington, April 17.—James A. Patten, Chicago grain manipulator, was officially attacked by the department of agriculture today in a statement on the wheat situation. Calling attention to its estimate of 143,000,000 bushels held by farmers on March 1, last, the department points to the fact that its records show that March 1 estimates for years back have been about 5 per cent below the actual amount and then continues: "The amount of wheat produced in 1908 was 655,000,000 bushels against 634,000,000 in 1907, or 31,000,000 more for the last crop, showing that the present scarcity is not the cause of the

burned and the Lazarist missions are in grave danger.

EVEN IN ASIA MINOR. Constantinople, April 17.—Decidedly alarming reports reached here today from Asia Minor. Disturbances are growing among Muslims of Beirut and Palas and now massacres are feared. Troops from Adrianople and Salonica are said to be moving by train toward this city.

OTHER NATIONS ALARMED. London, April 17.—It was semi-officially stated here that Germany and France are sending warships to Mersina.

### TWO DAYS' MASSACRE.

London, April 17.—The massacre of Armenians in Adana, Turkey, thirty miles inland, from Mersina, continues, and, according to late dispatches, is on a terrible scale. The town of Adana has been burning for two days and the murder of Christians goes on by the light of their burning homes.

Definite information as to the fate of the American missionaries at Adana, is lacking. It is reported, however, that two were killed.

The Americans stationed at Adana, and whose safety has not been assured are: William N. Chambers and wife, Lucy H. Morley, Elizabeth and Mary Webb, sisters; H. H. Wallis and Mrs. Borel. Mrs. Chambers is a sister of Dr. Talcott Williams of the Philadelphia Press, and all are believed to represent the Reformed Presbyterian church.

The Turkish government has ordered the military commander at Adana to restore order, but his force is insufficient and some of the soldiers are joining in the pillage. Attacks upon the Armenians have extended into the suburbs.

### British Consul Also Hurt?

Maj. Doughty-Wylie, the British vice-consul at Mersina, to proceed immediately for Adana and report on the situation.

Engineers on the Bagdad railroad, which connects Mersina and Adana, have telegraphed to the German ambassador at Constantinople asking for protection. They state that a train was fired upon by the rioters. The ambassador visited the grand vizier, who took steps to protect foreign property, and many additional troops have been sent to the scene.

A band of Albanians at Petch defeated the troops sent there to restore order, and at one of the Turkish military stations in the Albanian country military mutineers seized their barracks and drove their officers away. Famine prevails in Macedonia, and old Serbia. Eight thousand families are suffering. The correspondent declares, and more than 100 persons already have died of starvation.

### Started in Police Riot.

It is understood that the recent trouble was started in a demonstration against the police who had killed two persons resisting arrest. In the resultant excitement the police disturbance was forgotten and the fanatic Moslems started on an irresistible march of slaughter through the town.

Foreign consuls have demanded warships be sent to Mersina and ask immediate relief from what they say is a desperate situation.

Adana is a station of the American board of commissioners for foreign

## CAN'T USE RAZOR: HOW ABOUT SHEARS?

Street Preachers Discourse On Long Hair.

Francis Wort and Wesley Schneider of Benton Harbor, Mich., members of the Israelite House of David, will preach this evening on the streets. They have been in the city two days and have attracted considerable attention because they wear their hair a la Buffalo Bill. Wort stated this morning that it was the custom of the members of his belief to allow the hair to grow long, because the Bible called attention to the fact that a razor should not be touched to the head.

## FRIENDS SORROWFUL

Popular Young Man, Earl Henley, Died Last Night of Peritonitis.

### WAS ILL SEVERAL WEEKS

To the legion of friends of Earl Henley, the announcement of his death, last evening at the home of his parents, Mr. and Mrs. M. C. Henley, 201 North Fourteenth street, was a great surprise. He was one of the most popular young men of the city and, although his illness was regarded as very serious, it was believed he would eventually recover.

He had been seriously ill for nine weeks from peritonitis and tuberculosis of the bowels. His illness dates back to last fall when his strength was noticed to be failing. Little hope had been extended by the physicians during the last few weeks.

The funeral will be held Monday afternoon from his parents home at 2 o'clock. Burial will be at Earlham cemetery. Friends may call Sunday afternoon and evening. Besides his parents he is survived by one brother, Harry Henley.

### A LOST MINE.

The Tragic Legend That is Associated With Bald Mountain.

The legend of a lost mine has given to Bald mountain, in Placer county, Colo., a fascinating interest for prospectors. Tradition is that early in the fifties of the last century three men disappeared from an immigrant party going over the old Gap trail. Search for them was without avail, and they were finally reported dead by the searchers.

Where or how they wintered no one knows, but the following spring, ragged, shoeless and demoralized, they fled into Michigan Bluff. Their blankets were converted into sacks, and with them they brought gold dust to the amount of \$10,000 or \$15,000.

Spending but a single night within the confines of civilization and giving no information as to the location of their large claim, they were followed on their return trip, and a few weeks later their murdered bodies were found in one of the dreary canyons that scar the face of the desolate peak.

Since then many a man has sought this lost mine, but apparently its immensity is as certain as that of the treasure of Captain Kidd—Philadelphia North American.

### Pensive Butlers.

The fashion of building houses with the entrance doors practically on a level with the street gives the observing stroller on Fifth avenue some humorous glimpses of butlers on duty.

In the house of one of the most fashionable families in town the butler can be seen standing behind the bronze grill and glass doors staring disconsolately out at the passing throng for most of the afternoon, while across the street from this house the same kind of an entranceway often discloses a glimpse of a functionary of the same class seated in a poetical attitude by a circular marble table, his head supported by his hand. Outside of a hospital they are probably the saddest looking men in New York—New York Press.
