Pittsburg, April 23.—The local National league season was opened here today with an exciting game at Exposition park, Cincinnati defeating Pittsburg by a score of 7 to 4, thus advancing into first place.

Pittsburg began the run-getting in the initial inning, as hit by Clarke and Wagner's triple, but the visitors scored ahead in the third inning and kept in the lead until the eighth, when an error by Mowrey allowed the home team two runs, placing them in the lead. The hopes of the local enthusiasts were dashed in the final round, when Cincinnati made four runs on the same number of hits, coupled with three errors.

Random was relieved in the sixth inning, but the heavy hitting of the opposing team could not be stopped. The score:

R. H. E.	
Pittsburg	10 0 0 1 0 2 0 4 9 3
Cincinnati	0 0 2 1 0 0 0 4 7 16 1
Brandon, Lefield and Gibson;	
Ewing and McLean.	

Two base hit—Leach. Three base hits—Wagner, Mitchell, Paskert. Hits made—Off Brandon 19, in five innings; off Lefield, 6 in four innings. Sacrifice fly—Wagner. Stolen bases—W. Miller, Clarke, J. Miller, Higgins (2). Double plays—Leach to Abstein, Ewing (unassisted), McLean to Hoblitzel. Bases on balls—Off Brandon, 2; off Lefield 3; off Ewing 2. Hit by pitcher—W. Miller. Struck out—By Brandon 1; by Ewing 2. Passed ball—McLean. Time—2:15. Umpires—Klem and Kane.

Work on the bridge on the line between Randolph and Wayne counties will begin next week. It was contracted for last fall too late to start the work, which was deferred until this spring. The cost of the structure will be equally divided between the two counties.

Jeffries Still Champion of The World Says Sam Berger

By Tad.
New York, April 23.—A correspondent writes saying that he has bet five dollars that Johnson is the recognized champion of the world.

He wants it decided, and says that there are any number of boys up his way worrying over the decision.

Well, according to Samuel Berger, the haberdasher of Frisco, the young man from Los Angeles is still the champion.

T. Roosevelt, who has just arrived in Africa, might just as well claim that Taft is an impostor; Jack McAuliffe, the retired lightweight champion, might claim that Nelson is the bunk; Bill Devery, ex-chief of police of New

York, can claim Bingham's job, and so on down the line.

Putting all the soft stuff aside, there is nothing to it at all. Jeff gave his title away at Reno three years ago. Marvin Hart won the fight, and he was given the title. Tommy Burns beat him and copied it. Then Johnson thrashed Burns and took it away from him. If Jeff wants it back, he will first have to beat the colored fellow.

Johnson is willing and if Jeff is, why then we'll see a great fight. Let's hope the thing happens soon.

Jeff was running behind in the show business and needed an "ad." Let both Jeff and Johnson quit the stage and get back into the ring, the sooner the better.

Murders Continue at Antioch.

Murders and robberies are going on at Antioch, but to what extent is not known. Mohammedan tribesmen surround Hadjin, which has an almost exclusively Armenian population. They are maintaining the defensive at present, but the besiegers intend to rush it as soon as they are numerous enough. A French mission at Ekbaz is besieged. The village of Deurtul is encompassed by fanatics.

The Armenian inhabitants have sent a messenger to Aleppo to beg for help. He reports the outskirts of the village were burning when he left. It is reported that four Germans are among the killed at Bakke.

The position at Tarsus is better. The mission buildings, which are now protected, are sheltering 3,000 fugitives. The victims at Tarsus number about fifty, but many more have been killed in the surrounding country. Everywhere the massacres have been carried out with the greatest ferocity, women and children sharing the fate of men.

The British consul at Adana reports extreme misery there because there is no food in town. A large number of the survivors are starving. The consul begs that help be sent.

Whole Towns Wiped Out.

The entire population of Kirikan, located between here and Alexandretta, even unto the last babe, has been massacred. The motto of Moslem is: "No twig of the accursed race shall be suffered to live."

At Ayas, on the west corner of the Gulf of Alexandretta, 418 murderers have been released from prison. They at once joined the mob and began committing depredations. Several native pastors from Aintab were killed while on their way to attend the district missionary meeting at Adana.

CAPTAIN HAINS IS DECLARED TO BE INSANE MAN

(Continued From Page One.)

"I say that he is as crazy as a loon; I said it at the last trial; I said it while preparing for this one and I say it now."

"I don't want to stand in the position in taking part in the free on the community of a lunatic. Yet I don't know what may happen at any moment. Capt. Hains, I really believe, is just as likely as not to jump at the foreman of the jury under the hallucination that he is 'Billy' Annis."

He Races Toothpicks.

"Is a man who races tooth picks for boats in his soup at the luncheon table a sane man?"

To most who have observed the prisoner in court, the prospective pictures of Capt. Hains as a witness at his own trial is not a pretty one.

If he is acting as he sits day after day, the long hours through in court, he is acting mightily well, and no change in his manner would be needed to convince anyone that he is far from normal to say the least.

Just how he would answer questions is problematical, for, as far as has been noticeable in court, he has not said a half dozen words to relatives, to friends, to a single person since the trial began. The only explanation that can be given of the remarkable statements of Dr. Manson is that alenist became over-enthusiastic about what, to him, seemed a marked improvement in Capt. Hains.

The physician did not want to talk this morning and was somewhat crest-fallen after a long conference between McIntyre, Dan O'Reilly and himself.

BIG HATS EXPENSIVE.

Chicago, April 23.—Because the dressing room of the Chicago Woman's club is not large enough to accommodate the big hats of this year, the club has voted to expend \$1,500 for the purpose of enlarging it.

JOHN WARBLERED SOME

He Stood in a Main Street Stairway and Sang to Stars Above.

A RUDE COP PINCHES HIM

Singing away at the top of his voice John Wagner was having a fine old time at about midnight last night. He was located on the stairway at the Bee Hive building. When a policeman accosted him, John said he was having a good time. He was looked up for disturbing the peace as some of the occupants of the building had not appreciated the musical effort. Wagner has been an inmate at Easthaven and the police believe his mind to be failing again. He has been employed in digging the cellar at the Murray theater building. The money due him was collected and this afternoon he was furnished a ticket and sent back to Winchester.

AUTOISTS MEET.

At the meeting of the autoists at the city building last evening, it was decided to hold the first run of the season on May 6, providing the weather is favorable. The meeting was well attended and much interest displayed in the event. After the initial run, the autoists will meet at the city building and elect officers.

HAD BIG CROWD.

The first annual ball of the Printers' Union was held last evening at the I. O. O. F. hall. There were about 300 persons in attendance. Music was furnished by the union orchestra.

IN NOTORIOUS DEAL

Thomas Dolan, Anthony N. Brady and A. B. Widener (top to bottom) the living principals in the notorious deal for the paper railroad, known as the Wall & Cortland St. Ferries Line.

Dolan and Widener together with the estate of William C. Whitney and W. L. Elkins, who have died since their participation in the deal, have made restitution of \$692,292.82, secured through the high finance ledger.

All hands assert that they were at fault only in having taken the money from the wrong strong-box.

GO TO SPRINGPORT MAKE INSPECTION

School Officers Look at a New Building.

Supt. Jordan, Trustee Paulin of Webster township, and Architect W. E. Kaufman, were at Springport, Henry county, yesterday, to inspect a public school building. A new school is to be built at Webster this summer and the Springport edifice was recommended as a model institution. It is probable some of its best features will be included in the plans for the Webster building.

The Climate of Arabia.

Of Arabia's climate a writer says: "The desert air is extremely dry and clear, always invigorating, and even the great heat in summer is not as insupportable as in a damper climate where the thermometer is probably lower. Climate has without doubt a great effect on the human character and intellect, and the nervous, high strung temperament of the Arab is to a great extent the creation of his environment of desert, with its splendid mirages to fire the imagination and sparkling air to keep the nerves always alert."

Easily Fined.

"I see where a scientific fellow says there's a dark planet going to hit the sun an' end the world," says the man on the cracker barrel.

"Huh!" observes the man with his heels on the stove. "I reckon we needn't bother much about that. I spoke to our congressman about it this mornin' an' he'll introduce a bill makin' such acts a violation of international commerce."—Chicago Post.
