GO TO WYOMING
NEXT TUESDAY

Are You Land Hungry

and would you buy irrigated land in a country where farmers are prospering—in the heart of the great irrigation district of the West, where both land and water rights can be had at a comparatively low figure?

There is, perhaps, no other section of the semi-arid West more advantageously located, with respect to markets, railroad facilities, climate, altitude and general conditions than THE LARAMIE VALLEY. It is within easy reach of the great grain and livestock markets of Omaha, and of the western markets at Denver. It has at its door a city of ten thousand people, the local consumption of which is sufficient to care for the products from thousands of acres of land.

Two years ago this great Valley, or the majority of it, was given over to cattle and sheep raising, but the few pieces of land that were being farmed were producing small grain and forage crops in such abundance that the attention of Tallmadge-Buntin Land Co. was called to the land. It presented so MANY ADVANTAGES that the company purchased a very large tract, and during the season of 1908 sold to eastern farmers and investors \$1,500,000 worth of land. We still have immense holdings in the Laramie Valley and will run EXCURSIONS the first and third Tuesdays of every month. These lands will be sold on easy terms and the purchaser is absolutely guaranteed a perfect title to an ample water right to the land. New towns on this tract are growing rapidly and a large number of families have already removed from their eastern homes to this Valley and are preparing to become Wyoming citizens. If you are interested in irrigated land you should write for particulars regarding A FREE TRIP TO THE LARAMIE VALLEY.

Several parties are contemplating going next Tuesday. Join the crowd. Special trains leave Chicago on Tuesday evening, arriving at Omaha Wednesday noon and reaching the land Thursday morning. For full particulars and circulars write TALLMADGE-BUNTIN LAND CO., 245-247 RAILWAY EXCHANGE, CHICAGO.
