FRIENDS SURPRISED

Hear That Cartoonist Davenport and His Wife Will Separate.

NO DIVORCE IS PROBABLE

New York, May 26.—Friends of Mr. and Mrs. Homer Davenport today were surprised to learn that the cartoonist and his wife have decided to live apart and that Mr. Davenport had established himself with his Arabian horses at Goshen, N. Y., leaving to Mrs. Davenport and the three children the farm at Morris Plains.

"I really have nothing to say, and must decline to talk," said Mrs. Davenport today.

At Goshen, Mr. Davenport said: "No divorce proceedings have been brought by me or will be brought. There is no scandal attached to my separation from my wife. I have no cause for bringing any divorce proceedings and if any are brought they will be by Mrs. Davenport."

"It is simply incompatibility of temperament that has caused us mutually to agree to live apart."

AN ENJOYABLE TIME

At the regular meeting of the Ladies Auxiliary of the Sons of Veterans last night one candidate was initiated and R. J. Bosworth and John D. Miller, of Winchester, were advanced to the mysteries of the Ancient and Honorable Degree of Ammunition Carriers. After the work had been completed and the merriment of war had been removed, an elegant lunch was served. This was the last meeting of the Auxiliary to be held in the old G. A. R. hall as the society will move into the new quarters at the court house after Memorial Day. These quarters have been papered and refurnished.

HIGH SCHOOL NOTES

A very interesting debate was held last evening upon the question, "Resolved: That Labor Unions are Beneficial." On the affirmative were Miss Elaine Jones, Messrs. Arthur Wisler and Charles Maier. The negative, Misses Josephine Richardson, Elizabeth Morris and Mr. Robert Thornburg. The affirmative won.

BIG ATTENDANCE AT CONVENTION

Little Williamsburg Is Entertaining Many Sunday School Workers.

FINE ADDRESSES MADE

AFTER SEVERAL INTERESTING SPEECHES WERE HEARD YESTERDAY A NOMINATING COMMITTEE WAS APPOINTED.

Williamsburg, Ind., May 27.—The large attendance at the Wayne County Sunday School Association convention in session at the Friends' church of this place and several excellent addresses by local and state workers, were the features of yesterday's session. There were 290 in attendance, including 14 ministers of the county, 14 Sunday school superintendents, 54 Sunday school teachers and the remaining, either delegates or those interested in Sunday school work. It is probable that the attendance at the forty-ninth convention of the association, is the best of its history.

Burnie's Address. "Types and Temperaments," the subject of an address by Rev. George N. Burnie, a member of the state board delivered at the meeting last evening, was one of the best of the day. It dealt with the study of Sunday school pupils, what they demanded and how best to interest them in the work. The address of welcome of the evening service was given by Rev. Speckheim, pastor of the Williamsburg M. E. church, and response was made by Miss Laura Bertsch, of Centerville, secretary of the county organization. Following this there was an interesting address delivered by the Rev. T. H. Coffin, pastor of the M. E. church of Cambridge City, who spoke in place of Rev. R. J. Wade, of Richmond, who was unable to be present. Several special musical numbers were also given during the evening.

In the afternoon the session was opened with prayer, followed by song service. Mr. Tracy of Richmond, gave a talk on the introductory work. Very encouraging reports were made by Rev. George N. Burnie on the work in the different departments in the state, in his discourse, "Echoes from the State." New life is being instilled in many departments. He urged a large attendance of the Wayne county workers at the state Sunday school convention, to be held at Lafayette. The address by Prof. M. S. Kenworthy of Earlham College on the "Expansion of Early Churches," was very interesting.

The Missionary Work. The missionary department of the Sunday school was considered in three able addresses during the afternoon session. "The Purpose of the Missionary Department" was the subject of an address by Rev. George Hartley of Fountain City, while Rev. Harry R. Keates, pastor of the South Eighth Street Friends' church of Richmond, spoke on the subject, "Lessons for Special Missionary Treatment." Rev. George N. Burnie, in his address on "The Teacher's Opportunity," illustrated his discourse with the use of maps on the acts of the apostles.

The nominating committee appointed yesterday includes the township presidents, Lee Chalmers of Economy, chairman; auditing committee, T. H. Garver, R. H. Smith and T. J. Adelman; resolutions committee, Rev. Zerbe, Fountain City, Elbert Huddleston and E. E. Hale.

OFFICERS ELECTED.

Principal Business at the Convention.

Williamsburg, Ind., May 26.—At this morning's session of the Wayne County Sunday School association officers were elected for the ensuing year. An interesting program, including an address by Dr. Johnson of this place, a missionary for 47 years to India, was rendered, and reports by different officers were made.

The nominating committee reported this morning and the following officers were elected: President T. J. Graham of the First Presbyterian church of Richmond; vice president, E. R. Thompson of Richmond; secretary, Miss Laura Bertsch of Centerville; treasurer, J. S. Harris of Richmond. The following departmental officers were also elected: Teachers training department, Ed Hasemeier, Richmond; elementary training, Mrs. W. A. Ellis, Richmond; home department, Mrs. Oliver Hiatt, Economy; adult classes, E. M. Haas, Richmond; missions, Rev. George Hartley, Fountain City; temperance, Rev. H. Robert Smith, Richmond; intermediate department, Mrs. Mary J. Duffey, White-water and delegate to the state Sunday school convention, to be held at Lafayette in June, Miss Laura Bertsch of Centerville.

Miss McClellan's Paper. The paper by Miss Martha McClellan of Richmond on the work in the primary department won much commendation from the delegates. Mrs. W. A. Ellis of Richmond reported on the elementary grade work, while Miss Mabel Kuhn of Richmond reported on relation of the beginners and the Sunday school.

The attendance this morning was even better than that of yesterday. Twenty-three superintendents were

WHAT IS FIRELESS COOKING?

Not cooking entirely without fire, but cooking with one-tenth of the fire that is usually used. In the old fashioned way of cooking right over the stove of the flame, by far

the largest part of the heat is lost. It does not go into the food to be cooked! It goes into the air, into the kitchen, anywhere except where it should. IN A FIRELESS COOKER IT ALL STAYS WHERE IT BELONGS. STOP AND SEE THE

A PROTOCOL SIGNED

So Called "Emery" Claim With Nicaragua to Be Arbitrated.

VICTORY FOR SEC. KNOX

Washington, May 26.—A protocol providing for arbitration of the so-called "Emery claim" a vexatious matter which has been pending between the United States and Nicaragua for about two years and a half, has been signed.

The case has been the subject of two commissions to the Nicaraguan government which paritically amounted to ultimatums. The state department is gratified over the settlement. The protocol provides for a tribunal of five members, two representing the United States, two Nicaragua, and the fifth to be chosen by the four representatives. It is said the four members representing the United States and Nicaragua are unable to agree on the fifth member. The King of England will name the fifth man.

THOUGHT DYNAMITER

Man Held at County Jail at First Believed to Be Bad Crook.

IS NOT YET IDENTIFIED

George Stone, who was sentenced to jail yesterday for vagrancy, was at first suspected by the police of having been a member of a gang that dynamited a new bridge extension of the C. & O. at Cincinnati. The tip to the probable identity of Stone was furnished the police by Conductor Boyer, on whose train Stone stole a ride to this city. Three other men were with Stone when he boarded the train. He was the only one to leave the train here. From here Boyer telegraphed to the Marion police to arrest the men when the train reached that city. Another of the group dropped off but the remaining two were taken into custody at Marion. Nothing could be learned to identify them as the dynamiters, and word was received by the local police today the two had been released. Stone stoutly denied any knowledge of or complicity in the dynamiting of the bridge.
