OIL BEING USED
TO PREVENT DUST

Neighboring Towns Set Richmond a Good Example.

Oil is being used generously on the streets in neighboring towns as a dust preventive. At Knightstown, Greenfield and New Castle, the experiment has been found successful. It was tried in Richmond a few years ago, but failed to develop the results anticipated because of weather conditions that followed the application of the oil. The test was made on the National road and South Fourth street. It rained incessantly for two days following the application of the oil and as the result washed the oil off. It has proved a success generally and may be tried again in this city.

**OLD MISSIONARY
HOME FROM INDIA**

Pastor of Old Pearl Street Church Returns After Forty-seven Years.

NATIVE OF WAYNE COUNTY

SUNDAY HE WILL SPEAK AT THE GRACE AND FIRST M. E. CHURCHES—TO BE GIVEN RECEPTION MONDAY.

After forty-seven years as a missionary in India, the Rev. T. S. Johnson at one time pastor of the old Pearl Street M. E. now the First M. E. church, has returned to this country. He is a native Wayne countian but the large part of his life has been spent in the interest of the gospel in foreign lands. At present he is visiting his sister, Mrs. Alpheus Cook, of near Williamsburg. He expects to go to Iowa to make his future home with a son.

The Rev. Mr. Johnson will be remembered by the older members of the Fifth Street church and other Methodists. His experience in the mission work and the amount of time he has devoted to it qualify him to speak authoritatively of the progress being made. He will come to this city from Williamsburg tomorrow and be the guest of the Rev. and Mrs. Nelson of Grace church. He will deliver a sermon at Grace church Sunday morning, and at the First M. E. church Sunday night. He will be given a reception at that church Monday night.

A City of Changes.

Cattaro, the Austrian sea gate of Montenegro, was held by Montenegro once for a little time. Montenegro acquired it in 1813 with the aid of a British squadron. Any inhabitant of Cattaro who was contemporary with the rise and fall of Napoleon must often have had to pause and think what country he belonged to, for, having been Venetian for centuries, Cattaro became Austrian by the treaty of Campo Formio and Italian in 1805 by the peace of Pressburg. It was absorbed in the French empire in 1810 and wrested from it in 1813, and finally in 1814 Russia compelled Montenegro to give it up to Austria.

Sheridan Made the Rhyme.

The prince regent, afterward George IV, once offered £50 to any one who could find a rhyme for "porringer."

This was merely child's play to Sheridan, who happened to be present. With scarcely a moment's thought he said:

The Duke of York a daughter had.

He gave the Prince of Orange her. And now, by sounds, I'll take your pounds.

For there's a rhyme to porringer!

—London Answers.

Courteous Cabby.

A pompous looking lawyer once chartered a hansom cab, and on reaching his destination he only gave his driver the shilling required by law.

The driver looked at the coin and bit his lip. Then in the most courteous manner he motioned to his fare to get in again.

"Do step in again, sir," he said. "I could ha' druv ye a yard or two further for this 'ere."—London Graphic.

Broke Up Henry County Sunday School Meeting.

The Henry County Sunday school convention that was to have opened at Lewisville, Wednesday night was drowned out. At the time set for the meeting the cloudburst was deluging the town and it was impossible for delegates and others to make their way to the church. It rained so hard that the janitor who had opened the church and a few early arrivals were the only ones able to get there. The convention took up its work yesterday and was very successful.
