People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. A. G. Lukens & Co.

NEW PARIS, OHIO.

New Paris, O., May 29.—Final arrangements and preparations for Memorial Day have been made by Caleb Marker Post, G. A. R., and indications now are that the day will be observed in that quiet and reverent manner that has always marked Memorial Day in New Paris. Rev. Clarence Grauer will deliver the address of the day at the public church in the afternoon and music will be furnished by a picked choir, quartette, etc. The procession will form at the G. A. R. hall Monday afternoon and march to the church and at the conclusion from there to the cemetery. The G. A. R. W. R. C. K. of P. I. O. O. Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. A. G. Lukens & Co.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. A. G. Lukens & Co.

ECONOMY, IND.

Economy, Ind., May 29.—An interesting letter was received today by the Palladium correspondent from the Greenstreets who are now located at Winthrop, Washington. They left Richmond, March 25th and reached Wenatchee, Wash., on the 28th, then boarded a steamer for a 65 mile ride up the Columbia river and landed at Peters. There they took the stage for a 45-mile ride up the Methan Valley. Stopping enroute for dinner and change of horses at Half-way Place, it is a small town with a few business houses and beautiful residences. It is situated on

the Methan river. The Methan valley is from two to three miles wide, and is very fertile, but one can see mountains covered with flowers, pines, rocks, snow and shrubs all times of year. Dairying is carried on extensively, the butter finding a ready market along the coast towns. The main crop is alfalfa which is mowed down three times a year for hay, then turned into pasture the rest of the year. But little corn is raised. All kinds of truck is easily raised and it is a paradise for all kinds of fruit except peaches. The first settlers at Winthrop had to go 100 miles for their mail and groceries. Now they have daily mail but no telephone system yet. They are promised a line this summer, and also a railroad. Land can be bought at the rate of \$20 to \$100 per acre. Eight miles out north from Winthrop is plenty of game. Deer, bear, coyotes, grouse and quail are plentiful. Hunters are out and in one day got eleven deer. A Mr. Waring, a schoolmate of Roosevelt, is living there and has all kinds of modern machinery for handling the hay crop, and he has purchased a two-horse corn planter, the only one of the kind ever seen in this part of Washington. The Indians have come down from the table lands to spend the summer camping along the river, which contains fine fish. The Indians use the spear in catching fish, and frequently get 16-pounders.

Mr. and Mrs. John Franklin were visiting Carlos City relatives yesterday.

The dredging crew's cooking and sleeping apartment boat was washed out of the West River channel several rods into a field last night.
