Galesburg, Ill., June 1.—Startling de-
velopments followed the discovery to-
day that the body of Mrs. Josephine
Archer, of Los Angeles, shipped
by her husband, Richard Archer,
six months ago for internment at her
former home at Onida, Ill., was ex-
humed at midnight Thursday and that
an autopsy revealed the presence of
strychnine. Mrs. Archer was a wealthy
idow when she met Archer in Cali-
fornia and married him. Subsequent-
ly she filed divorce proceedings
against Archer and she died two weeks
hereafter in violent convulsions. The
woman's relatives hereabouts are push-
ing the investigation and revelations
readly made have caused a big sensa-

JOHNSON SIGNS:
FIGHT KAUFMAN

Big Negro Champion Will Pull
Off a Big Mill Some
Time in Fall.

WILL BE BATTLE ROYAL

CHARLES HARVEY LIKES THE
CHANCES OF KAUFMAN AND
STATES THAT THERE MAY BE
A NEW CHAMPION.

(By Tad.)
New York, June 1.—Al Kaufman
and Jack Johnson were matched today
to meet in a long fight in Frisco for a
fall date.

Charley Harvey, who represents Bil-
ly Delaney here in the east, has
agreed with Johnson to meet today at
5 o'clock and settle the details of the
match which will be the first real
fight for the title that Johnson has
engaged in since he beat Burns at
Sydney.

Harvey stated last night that he did
not know whether the men were to
fight twenty or forty-five rounds or to
a finish, but said that Kaufman would
have the chance of his life, as they
would surely box a twenty round go at
least.

Will Have Hands Full.
"Al is the only heavyweight legiti-
mate contender in the heavyweight
class right now," says Harvey, "and
believe me, Johnson will have his
hands full at that getting away with
it. Kaufman is younger than John-
son, is just as tall and weighs as
much, if not more, than the big color-
ed fellow."

"An even break in size is a great
thing when two big men are matched.
I think Al can hit harder than John-
son, too."
"You know, Kaufman is a great long
distance fighter. He's like Nelson in
that respect. Johnson might puzzle
him for ten or fifteen rounds, but be-
lieve me, Al will be there all the time
after the fifteen and will be coming
like an express train."

May be New "Champ."
"I'll go out to see this mill myself.
I think we might have a new cham-

peon and would not miss it for the
world."

Looks as though the Cross-Young
Corbett go is off. The former hurt his
right hand in the go with Erne, soak-
ing an elbow, and says it will be
weeks before he will be able to peddle
slams with anyone. He is liable to
leave for Frisco any day before to box
before Coffroth's club.

A RURAL CARRIER
SPORTS A MACHINE

Department Gives Harry Fish-
er Right to Use One.

Permission to test the use of automo-
biles for rural route delivery service
has been granted Harry Fisher, rural
carrier No. 7, by department officials
at Washington, according to a com-
munication received this morning by
Postmaster J. A. Spekenhler. Mr.
Fisher will probably appear in his au-
to within a few days and will give the
machine a thorough test. His route
lies in Webster township and the
roads are in very good condition the
year round. Other carriers will
watch the experiment closely and if it
proves successful will no doubt ask
permission to use machines. In com-
munities where the automobile has
been thoroughly tested and found effi-
cient for such work, the carriers get
through their work earlier, thus giv-
ing the patrons better service. The
cost of maintenance is not much
greater than that of wagon service.

TAILOR IN BALLOON

cording to local friends he did not

not returned from that city to tell of
his ventures.

you handsome?—Comic Cuts.

Of 3 to 2.

BULLA TWIRLED NICELY

MEADE FOR THE CINCINNATI
ROYALS WAS ALSO IN FINE
FORM—CLARK DOES EXECU-
TION WITH THE WILLOW.

Richmond 3; Royals 2.

In a light hitting contest, which had
the ear marks of a pitchers duel, be-
tween Bulla and Meade, the local
pitcher being assisted materially by
the umpiring of Frank Ensfield, Rich-
mond won the Memorial day game at
Athletic park yesterday afternoon. By
a combination of errors and a base on
balls in the first inning, Cincinnati
was given two runs. However the lo-
cals came back in their half of the
first two innings and won the game.
The crowd was rather small for a
holiday game. It took its turn at gey-
ing Frank Ensfield, his umpire, who did
seem to be particularly off on some
plays.

Hess, the first man up for Cincin-
nati, singled and Tepe was given a
base on balls. Errors on the part of
Clark and Kelley allowed Hess and
Tepe to score. The visitors were never
dangerous after that.

Driscoll, the locals second base-
man, the third man up was given a
base on balls and he subsequently
scored on Clark's two bager to left
center field. Clark was left on the
bag, as Wise struck out. In the sec-
ond inning, Schattel for the locals hit
to right field for two bases. Weaver
was given a walk and both scored on
Bulla's long single to right. After that
the locals never had more than one
man on base at one time. Lineup and

GOOD INVENTION
BY A LOCAL MAN

Lewis Morgan Has Invented a
Portable Photographic
Dark Room.

OCCUPIES A SMALL SPACE

HE WILL ENGAGE IN THE MANU-
FACTURE OF THE ARTICLE
WHICH HE EXPECTS WILL SOON
BE PATENTED.

Lewis Morgan, 28 South Eleventh
street, is the inventor of a portable
dark room, which will be of much
value to photographers, both those
engaged in the amateur and profes-
sional work. He has applied for a
patent but has not yet received it.
However he is manufacturing them
and they are meeting with popularity.
The device is a small affair, just large
enough to develop the largest sized
plate of film pictures. When closed
it looks like an ordinary suit case and
can easily be carried around. Be-
cause of its light weight and demand
for just such an article, it will no
doubt prove to be a very valuable
patent.

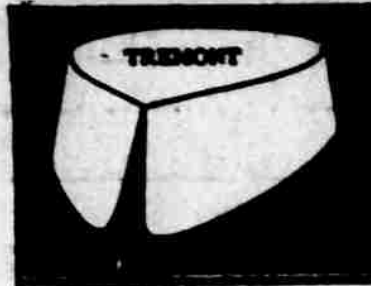

Well Equipped.

The case is equipped with several
shelves for trays and the storing of
the camera and tripod. While en-
gaged in developing the film or plate,
the developer pulls a large cape at-
tached to the case over him and he
can easily and effectively do his work.
In the bottom of the case is a red
light which can be regulated to let
in the exact amount of light desired.

Mr. Morgan in speaking of his in-
vention this morning stated that pro-
fessional photographers who are in
the habit of taking pictures of re-
unions, family dinners and the like
can develop their plates on the scene
by just setting up the portable dark
room, whether it be in the house or in
the yard. For amateurs the cabinet is
also suitable as it takes up very little
space in the home. Other qualifica-
tions the cabinet possesses is that it
will be a saving to the photographer.
Mr. Morgan will engage in the man-
ufacture of them in this city. He him-
self will go on the road this summer
and fall and thoroughly advertise his
patent as he believes it will prove to
be one of the best articles ever manu-
factured for photographers.

WANTS MAIL WAGON

However Postmaster Is In-
formed He Will Have to
Wait Awhile.

NOW PRIVATE DELIVERY

In reply to a request of Postmaster
J. A. Spekenhler for a screened wagon
for the use of delivering the mails to
and from the depots to the post office,
department officials at Washington
state that this matter will not be con-
sidered until 1910 when contracts for
this vicinity are to be let. Postmaster
J. A. Spekenhler is not entirely satis-
fied with the present system of de-
livering the mail to and from the post
office to the depot. It is in private
hands and the carriers work so cheap-
ly that they cannot afford better
equipment.

Mr. Spekenhler believes that the
government will look favorably upon
the matter next year. In such event
the service will be placed in the hands
of the department. Not only will ser-
vice be more thorough but the appear-
ance of the wagon much better.

ing of the Epworth League which will

conference.
