### BOARD OF HOME MISSION MAKES ITS BIENNIAL REPORT

(Continued From Page One.)

A doctor and his wife, \$1,000 00  
A missionary and his wife, 1,000 00  
from the Interior Station, 1,000 00  
Traveling expenses, etc., 800 00  
New home at Muhlenberg, 3,000 00  
Additional home for new missionary and wife, 3,000 00

Total, \$8,800 00

#### Resolutions by Board.

The following resolutions were presented by the board:

1. Resolved, That the church throughout the land, in her public worship and individually, at the family altar and in private, give thanks to Almighty God for His mercies to our missionaries and for the abundant success which has attended their labors in the face of many and great difficulties.

2. Resolved, That the church continue her prayers for the native Christian church and communities in India and Africa, in order that amid heathen darkness and powerful opposition true growth, spirituality and greater boldness in witnessing for Christ may characterize their lives; and also that God would raise up from their number leaders demanded by their necessities and difficulties.

3. Resolved, That in view of the great needs of our foreign fields and to provide means for the extension and enlargement of our foreign work, the apportionment committee be hereby instructed to make the apportionment for foreign missions 30 cents per communicant for each year of the coming biennium.

Two Were Passed.  
The first two resolutions were unanimously passed, but the third was referred to the committee on apportionments, with instructions to this such request for an increase along with other similar requests from other boards, and report back to the synod as to what should be done.

This motion was only made after considerable discussion, during which the sentiment was generally for an increased apportionment if possible to

make such a request until all requests had been considered.

The board has decided to increase the apportionment for foreign missions from the past biennium as a comparative statement well indicates:

Receipts, 1903-1905 ..... \$136,958 13  
Receipts, 1905-1907 ..... 146,341 92  
Receipts, 1907-1909 ..... 170,697 06

#### A Fraternal Spirit.

Two fraternal delegates, one Dr. Henry E. Jacobs, of the general council of the Lutheran church, and the other, Dr. W. H. Greever, of the United Synod of the South were heard yesterday afternoon by special permission, and the time extended so that they might give their messages fully. Although doctrinal barriers still exist, it was shown by the addresses of the two fraternal delegates that there is a spirit of greater fraternalism between the various branches of the church, and that the time is ripe for more effective co-operation, which will bring marked results to the religious world.

President Femer at the close of the addresses extended a most hearty welcome to the two delegates, and the occasion proved a most friendly one.

#### SYNOD NOTES.

Evidence of the growth of the laymen's movement in the Lutheran church was clearly shown Thursday afternoon when Mr. I. S. Runyon, of New York received 29 votes for secretary of the Synod, upon the fourth ballot. There has never been a layman secretary, and Mr. Runyon received the largest vote ever given a layman for such an office. The layman movement is fast going forward, and the pastors are now encouraging it. The laymen by their good work in securing contributions for beneficences, and making the amounts more nearly come up to the standard set in apportionment for these purposes, have done a most valuable service, all of which is being more and more recognized. J. L. Clark, of Ashland, O., the chairman of the committee in charge of the laymen work will arrive here Sunday. Mr. Clark is a prominent business man, and a great church worker, and his coming back is looked forward to.

### DEATH OF A GIRL IS INVESTIGATED

Coroner Takes Action on Case  
Of Lillian May, of New  
Castle, Ind.

#### DIES AT A "SANITARIUM"

IN HIS REPORT BRAMKAMP WILL  
STATE THAT CONSUMPTION  
WAS CAUSE BUT PRACTITIONER  
NOT LEGAL ONE.

After two weeks' treatment at the sanitarium of Mrs. (Dr.) L. W. Hazlett, West Fifth and Kinsey streets, Miss Lillian May, the fourteen year old daughter of Mrs. Oia May of New Castle, died at that institution last evening. Coroner A. L. Bramkamp was called to investigate the case and all physical indications pointed to death being due to consumption. He stated today that his verdict would be such, but appended in his summary of the case, he will state that the girl was treated by an illegal practitioner.

The girl has been ill for more than a year, and after trying several Henry county physicians without success, Mrs. May brought her daughter to this city. She had been at the institution about two weeks.

#### Talked With Physicians.

Dr. Bramkamp stated today that he thoroughly investigated the case and found that death was due to consumption, although the coroner states neighbors had suspected something more serious. The coroner talked with several physicians and learned of their suspicions.

In discussing the case Dr. Bramkamp stated that the institution had no medical properties which would make it a suitable place. It is said that the place has a rather poor reputation among the medical fraternity. Mrs. L. W. Hazlett herself is not looked upon with favor by the local physicians, and, in fact, has no license.

### AT ADVANCED AGE DR. R. HAUGHTON ENDS ACTIVITIES

Dean of the Local Medical  
Fraternity Died This Morning  
at His Home After a  
Long Illness.

WAS ONE OF LEADING  
PHYSICIANS OF CITY

He Had for Sixty Years Actively  
Practiced His Profession;  
For Thirty Years He Practiced  
Here.

Dr. Richard E. Haughton, the oldest practicing physician in the city, died this morning at his residence, 1117, South A street, at the age of 81 years, 5 months and 29 days, after an illness of practically seventeen months. Death was due to chronic bronchitis. Dr. Haughton practiced medicine in this city for nearly 39 years as well as practicing in Indianapolis and Texas, making his total years of activity in the medical profession, nearly sixty.

It was while he was attending the chautauqua assembly last summer that he caught cold and had been in a serious condition ever since. Just before recovering sufficiently to attend the chautauqua he had been ill for a number of months.

#### Wife Survives Him.

He is survived by his wife, Mrs. Elizabeth Haughton, and four children. Mrs. Louanna Wood and Edward E. Haughton of Chicago, are children by his first wife and William R. of this city, and Charles M. of Ft. Stockton, Texas, are the two children by his second wife. The arrangements for the funeral have not been made.

Dr. Haughton was born in Fayette county, December 8, 1827 and was the son of Dr. and Mrs. William Haughton. His father's ancestry could be traced back to the English aristocracy, on his father's side to Sir Wilfred Haughton, a baronet of the seventeenth century, and on his mother's side to a nobleman named Ashley, who lived during the reign of King James I. He was a relative of the late Dr. Samuel Haughton of Trinity church, Dublin, Ireland, and was one of the best known ministers in Great Britain.

#### Also a Teacher.

After becoming of age Dr. Haughton studied medicine under the instruction of his father, who was one of the leading physicians of eastern Indiana. He assisted his father in his practice at Knightstown for some time. When his father was given a position in the old Quaker Boarding School, which is now Earlham College, he was succeeded by his son as an instructor in the Union County seminary.

Upon going to Cleveland to enter a medical school to complete his education, he became acquainted with Miss Catherine Meeker and was married to her in the Presbyterian church of that city, February, 1853. To them were born five children. His first wife died in December, 1867. While practicing medicine in this city, he married Miss Elizabeth Mather, in March, 1870.

#### Starts Indianapolis College.

After twenty-five years of practice in this city he was invited, in 1873, to become associated with the Indiana Medical college at Indianapolis. He was a professor of surgical pathology and clinical and operative surgery. Later he, with W. S. Haymond, started the Central Medical college of Indianapolis for the instruction of physicians and surgeons.

His health failed in 1886 and he had to leave Indianapolis for Texas, where he was located for a number of years.

Dr. Haughton was one of the oldest members of the Indiana State Medical society, of which he was at one time president. Among other medical societies to which he belonged are: Union District Medical association, Tri-State Medical association, Wayne County Medical association and Ohio State Medical association. He devoted practically his entire time to the study of his work. When a younger man he was the leading physician of the city.

In a business way, other than as a professional man, he was one of the originators and promoters of the local street railway system. He was a staunch republican but never sought office.

He was a birthright Quaker but by adoption, he became a member of the Methodist church, several years ago.

### TO THE PLAINTIFFS

In the case of Rebecca J. Wasson et al vs. Emma and Morton Harter for foreclosure of mortgage and appointment of receiver has been decided in circuit court in favor of the plaintiffs. Wm. C. Converse has been named as receiver of the mortgaged premises.

#### CASE IS CONTINUED.

The case of the State vs. Arthur Chauncey charged with assault and battery on Earl Chamness will not be tried before next week. Chamness remains in such a condition he will not be able to be on the streets for three or four days.

Howell-Howell doesn't seem to be able to live within his means. Powell—No; he has automobile tastes and a wheelbarrow income.—New York Press.

### TOLLEY IS ONCE MORE IN HANDS OF THE POLICE

Young Man Recently Released  
From County Jail Arrested  
In Rushville on a Very Serious Charge.

IT IS ALLEGED THAT  
HE IS NOW A FORGER

When Taken Into Custody He  
Had Woman With Him—  
Was Wanted in Dayton on a  
Charge of Wife Desertion.

Robert Tolley, who but recently was released from this city on his own recognizance and upon the advice of the prosecuting attorney, after he had spent several days in jail awaiting trial on the charge of grand larceny, has been arrested at Rushville. And Tolley says he never was arrested before. Tolley passed a worthless check for \$45 at Connersville and was arrested at Rushville upon a description furnished by the Connersville authorities. With him at the time of his arrest was a woman, whom he said was his wife. Tolley was held at this city on a charge of desertion preferred by his wife and was taken to Dayton to stand trial. His wife secured a divorce from him, however, and he was not prosecuted.

Committed Theft Here.  
It was Tolley who stole \$30 from the local manager of the Singer Sewing Machine company and fled to Indianapolis. He was arrested there and returned to Richmond. He retained counsel and Prosecutor Ladd made an investigation of his case. He even went to Dayton and consulted a physician, who said Tolley suffered from a sore in his ear that afflicted his brain and that at times he was irrational and liable to do acts of a criminal nature. In view of this fact the prosecutor recommended to Judge Fox that the man be shown clemency.

And now it looks as if the confidence of the local authorities in the young

man was all unwarranted. He accepted it as a clever ruse and only after a few weeks after escaping a sentence to the penitentiary, gets into other trouble. It is probable that when the Connersville authorities learn of the man's conduct in this city, he will be summarily dealt with. He has put of a claim of mistaken identity, but it has failed to work and he seems in for a finish. He was deserted by the woman who traveled with him as soon as he was arrested.

#### Her Valuation.

Little Mary looked at the penny which had been given to her for the collector plate with evident satisfaction and then, nestling close to her aunt, whispered, "How much are you going to give?"

Her aunt, opening her hand, displayed a quarter of a dollar.

"Oh," exclaimed Mary excitedly, "don't do it! It isn't worth it!"—Ladies' Home Journal.
