## HYLAND A WINNER OVER LEACH CROSS

Grass Valley Boy Gives the Easterner a Real Rough House Scrap.

## WAS 41 ROUND CONTEST

CROSS WAS REPEATEDLY FLOORED, BUT HE CAME UP GALLANTLY AND SHOWED HIMSELF A GAME FIGHTER.

San Francisco, June 26.—After a busy, blistering fight that went into the forty-first round, Dick Hyland tumbled Leach Cross, New York's favorite light weight, with a forceful right hand smash in the pit of the stomach and ended the contest here this evening before a big crowd. If Leach showed nothing more, he silenced those who rated him as a short bout artist. In addition, he proved that he is a thoroughly game man and that he has a marvelous capacity for taking hard knocks. In many of the rounds before the last he was in the timekeepers hands, but whenever he was sent to the floor by one of the Grass Valley boy's whizzing right-handers, he pulled himself together and was on his feet again in a fighting attitude, well within the ten seconds' limit.

## GOOD GAME TODAY

The Cincinnati Muldoons, which team has been organized for several seasons, and has appeared on the local lot before, to offer good entertainment, will oppose the Richmond team at Athletic park this afternoon. The Muldoons have a good record for the season, and Manager Warfel expects a good contest.

Other games scheduled today include the Waldorfs at Westville; Pennsylvania freight team and Beallview at the latter's park; Cardinals and Cubs as a curtain raiser to the above mentioned game; X. Y. Z.'s in a curtain raiser at Athletic park; Rosenbloom & Buntin's at Union City, and Taste Tells of Indianapolis at Cambridge City.

## CANTILLON LAID OFF BY JOHNSON

Washington Manager Suspended for Umps Baiting.

Washington, June 26.—Manager Cantillon of the Washington American league team, was this afternoon suspended indefinitely by President Johnson of that league, for a row with Pershing last Thursday. Tannehill got the same for a row with Umpire O'Loughlin on the same day. Neither case attracted much attention at the time and the suspensions were entirely unexpected. President Noyes immediately wired Johnson a protest against the suspensions unless the umpires were also suspended.

Food Father—That is the smartest child I ever saw. If any one can set a river on fire he will do it when he grows up.

Fond Mother—Indeed he will, bless his little heart! Only this morning I found him starting a fire under the piano.

## FALL FESTIVAL PLANS TO HAVE ONE LABOR DAY

It Is Expected That the Laboring Men of the City Will Take Keenest Interest in The Event.

## WANT TO RAISE \$7,500 TO MEET EXPENSES

This Coming Fall the Festival Will Be in Position to Offer Better Attractions Than Last Year.

One of the three days of this year's Fall Festival will be devoted to a labor demonstration, providing the plans of the leading promoters of the affair are carried out, and the laboring men take the proper amount of interest in the event. The first meeting of the Young Men's Business Club directors, who have charge of the affair, will be held next Tuesday evening in the office of P. J. Freeman, at which time an organization both without and within the Y. M. B. C. will be selected to have charge of the management of the festival.

There were any number of laboring men from the factories and stores who participated in the affair last fall in some manner. Some did work, others did any assignment given them, very willingly. Owing to the fact that last year's undertaking was the first, there were many features which could not be included, for various reasons.

## Will Take Interest.

It is believed that the laboring men will enter into the spirit of the affair very earnestly. The nature of their celebration will probably be featured by a mammoth parade, at least this has been suggested. It is also probable that the labor demonstration will be held on the same day as the industrial celebration. It is no more than fitting that the two should be combined. There is no doubt but that the committee in charge, appointed on next Tuesday evening, will begin to make arrangements immediately. Representatives from each of the labor organizations will probably be

appointed to create interest among their associates and assist in booming Richmond.

## To Subscribe Liberally.

In speaking of the subscriptions to be raised by the merchants, manufacturers, social and commercial organizations to meet the expenses of the festival one of the leading members of last year's affair, who will take just as active a part in the affair this fall, stated he had no reason to change his expressed opinion made nine months ago when he said that \$6,500 to \$7,500 could be raised for this year's celebration. He holds this opinion because the merchants who were last year's biggest donors state they will give at least twice as much this year. Again a number of fraternal organizations who did not contribute last year will be on the wagon this year, as evidenced by the action of the Owls, who voted \$10 recently.

There are a number of citizens who are glad the soldiers will not be back. The military day of last year's festival was the least attractive of the celebration. However if the Tenth Regiment, stationed at Ft. Benjamin Harrison again decides to visit this city during the festival the city will give them a hearty welcome.

Even though the soldiers do participate, which is unlikely, the festival organization will supply some other form of amusement. A big balloon race by celebrated aeronauts has been suggested. The aerial artists such as Coey of Chicago, and Carl Fisher of Indianapolis, both of whom have a national reputation, have promised to come here for \$100 a day and expenses, and make an endurance run. It is believed that the entire expense would not be prohibitive of bringing the aeronauts here.

## Night Attractions.

Better entertainment at night will be one of the features of this year's affair. With the exception of the fantastic parade on the second night of last year's festival, there were only a few things of interest to the public.

One of the things which is worrying those who will take part is a place to put the exhibits, particularly live stock, of which there promises to be an exhibit of good sized proportions. Last year there were 300 horses in the horse show and this year the number will be doubled.

## UMPIRE IS CANNED

New York, June 26.—John Heidler, acting President of the National League today announced the dismissal of Umpire Cusack whose work, it is alleged has been unsatisfactory. For the present the National League will get along with seven umpires, Johnstone working alone.

## SUSPECT IS NOT FUGITIVE CHINK

Man Held at Rochester Is Not The Murderer of Elsie Sigel.

## HIS TEETH GAVE PROOF

IT IS BELIEVED THAT AFTER THE WOMAN WAS MURDERED THE SLAYER TOOK THE BODY TO NEWARK, NEW JERSEY.

Rochester, N. Y., June 26.—Wang Sue, the Chinaman arrested here is not Leon Ling, the murderer of Elsie Sigel. The Chinese told many contradictory stories, but afterward said he had misinterpreted the questions put to him. The missing Leon is said to have one gold tooth, and when the police caused Sue to open his mouth today it was found that he had a full

set of solid teeth. He was released.

## POLICE INVESTIGATE.

New York, June 26.—A secret investigation conducted in Newark, N. J., by the New York headquarters detectives, revealed the fact that Leon Ling, after strangling Elsie Sigel to death, had the trunk in which he placed the body, removed to the city across the river the day after the murder. It appears that Leon tried to have the trunk taken care of in the restaurant of Samule Palmer at No. 64 Market street, on the pretext that it contained his clothing and that he was settling in Newark and would call for it a day or two later. A Chinese waiter in the restaurant, Li Sing, was a friend of Leon. He left the trunk there for a few hours and then had it brought back to Newark.
