PLENTY MONEY FLASHED

MOST OF THE FIGHT FANS, HOWEVER, ARE WAGERING ON THE GENERAL RESULTS OF CALIFORNIA BATTLE.

San Francisco, July 1.—Bet on the Ketchel-Papke fight which takes place at Cofroths next Monday, has opened up at ten to six with Ketchel on the long end.

Those who like to exercise their guessing qualities in other directions may wager on the length of the contest, if they wish. It is even money that Ketchel will win in eighteen rounds, and this form of speculation is so popular that a man can secure a bet either way without waiting long.

In the betting on general results it is said that there is plenty of money behind each of the men. On the whole, it looks as though a great deal of money will change hands over the battle for the middleweight championship.

The rival training camps are crowded daily, and visitors are rewarded for their trip by seeing the fighters go through a full program of work.

"I see no reason why one should be used as the alternative of the other. In order to get them we must obtain amendments to the constitution, not that I believe congress would be unable to enact a constitutional law, but I do not think we should take any chances."

"Can you depend upon the democrats in the senate to vote right on the income tax?" Mr. Bryan was asked.

"Well," he said, hesitatingly, "we have some senators down there who have been playing horse, but I think they will be given better opportunity to employ their horses at home the next election."

The Importance of Cleanliness.
Infants and children are constantly making a mistake. It is important to know what to give them. The best food and medicine are not good unless they are given in a clean and healthy manner. The only way to keep them healthy is to keep them clean. The only way to keep them clean is to keep them in a clean and healthy environment. The only way to keep them in a clean and healthy environment is to keep them in a clean and healthy home. The only way to keep them in a clean and healthy home is to keep them in a clean and healthy neighborhood. The only way to keep them in a clean and healthy neighborhood is to keep them in a clean and healthy city. The only way to keep them in a clean and healthy city is to keep them in a clean and healthy country. DESPERATE TONG WAR IS STARTED

Elsie Sigel Murder Causes Feud Among the Chinks in Gotham.

MURDER REPORTED TODAY

BODY OF SLAIN ORIENTAL LAUNDRYMAN WAS DISCOVERED THIS MORNING BY 3 YEARS OLD SADIE MARKOWITZ.

New York, July 1.—A long war which is the outgrowth of the Elsie Sigel murder mystery began today when Ung Yow, a Chinese laundryman, was strangled in his shop in the basement of 124 Stanton street. The Chinaman's body was found today by Sadie Markowitz, three years old, who had been in the habit of calling upon him every morning and getting Chinese sweetmeats.

The man had been dead only a few hours when his body was found. There were signs of a terrific struggle in the rooms he occupied. There was evidence that he had been attacked by two or more men. He undoubtedly fought desperately for his life, because the tables and chairs were overturned and crimson stains on the walls tell how he had leaped about, even when mortally wounded in an effort to save himself.

Peered into Window.

Little Sadie Markowitz peered into a window of the laundry early this morning expecting Yow to give her a lie-chee nut. She saw his body lying on the floor, and ran and told her parents. They summoned several friends and broke into the place. Yow lay with his head partly in a tub. A stout cord was tied around his neck, and it showed that he had been strangled.

The last person seen with Yow was his brother, Ung Fong, of 302 West Houston street.
