MUST BE A FAILURE

For a Second Time Agnes Ruby Enters Suit for Divorce.

FIRST MARRIED IN 1901.

For the second time, Agnes Ruby has entered suit in the Wayne circuit court for divorce from James A. Ruby. Failure to provide is the allegation. The couple was married in 1901. The former complaint was withdrawn without the case coming to trial.

The complaint, which was prepared by Henry U. Johnson, as attorney is one of the shortest that has been filed in a divorce case in this county. It requires only twenty-eight lines in Mr. Johnson's hand writing, which is somewhat space defying.

SUIT IS DISMISSED

The case of Jenks vs. Kibbey did not Charman has been dismissed in the Wayne circuit court without trial. The proceeding was instituted on note and to foreclose mortgage. It has been disposed of out of court.

ENTERED SUIT.

Suit has been entered in the Wayne circuit court by Frank Hollman vs. Louis Hollweg et al to foreclose mortgage.

A Little Sufferer Goes To Rest

Hagerstown, Ind., July 15.—One of the largest gatherings of friends that has attended the funeral of a child at this place for many years gathered today to pay respect to the memory of Carol Adams. The nine year old little cripple died Tuesday after years of patient suffering amid paroxysms of agony. The funeral was held at the Methodist church. The interment was at the German Baptist cemetery west of town. He was a son of Mr. and Mrs. Milton Adams.

The little Adams boy had been afflicted with a spinal disorder for years and had been compelled to use crutches. Always a happy, cheerful lad, his smiling face was an inspiration to better things for men many years his senior. His death followed two weeks of confinement during which he suffered excruciating pain. But he was a cheerful sufferer and had hope that some time all would be ended and he might be well. He hoped for the restoration of the use of his limbs so that he could play as other children do.

The youngster attracted more than local interest as the result of a popu-

larity contest instituted by the Richmond Palladium and Sun-Telegram two years ago. The newspaper offered a pony and cart to the child securing the greatest number of subscribers. The Adams lad became a contestant. He solicited this entire vicinity and interested friends in his behalf. The cheerful little cripple put up boxes about the town in which subscriptions were to be left. The enterprise he showed gained many admirers for him. He gave as his reason for desiring the pony and cart his intention to sell it and get enough money to go to a hospital to be operated on.

A newspaper account of the lad's ambitious struggle was read by a wealthy Cincinnati woman. She became interested in his case and declared the boy deserved the pony and cart and the hospital treatment, also. She made arrangements with his parents and he was taken to Cincinnati and treated at her expense for one year. The boy was benefited but the surgeons despaired of his ultimate recovery. After release from the hospital he returned here. His pony has been his chief source of pleasure.

LAWYERS ON DIVORCE HIT BY GIBBONS

Cardinal at Baltimore Replies To Address of Ex-judge Brown.

CITES WORDS OF CHRIST

CHURCH DIGNITARY SAYS THE GREAT TEACHER WAS STRENUOUSLY OPPOSED TO BREAKING OF THE VOWS.

Baltimore, Mr. July 15.—Cardinal Gibbons in an interview replied to the remarks of former Supreme Court Justice Henry B. Brown on the subject of divorce before the Maryland Bar association at Old Point Comfort last week. The cardinal, after expressing his high esteem for the former justice, both as a citizen and a jurist, said:

"He is reported to have referred to the founder of the Christian religion as an idealist, whose sentiments, while suitable to less favored times and circumstances, are not adapted to this enlightened age.

Christ's Teachings Used as Model.
"The learned jurist will permit me to say that the teachings of Christ have been the basis of all Christian legislation for nearly 2,000 years and continue to be the light and guide of hundreds of millions of souls. And there is no subject which he treats more fully and clearly than the question of marriage, which is the foundation stone of our family and social life.
"In three of the gospels he proclaims the unity of marriage and permits separation of a married couple only in case of adultery.
"I don't see why a law which has been enforced and cordially accepted in every age and country where Christianity dominates should be considered obsolete or impracticable in the United States."

Blames Law for Divorce.

The cardinal continued:
"Divorces are multiplied not because ministers willingly assist at ill assorted marriages, but because loose legislation on matrimony renders it easy for married parties to annul the marriage bond.
"If the civil laws of all our states were as strict as they are in South Carolina and in Canada, the persons contemplating marriage would seriously and prayerfully reflect; they would study each other's dispositions and temperaments before entering into a contract which would bind them for life. And certainly the peace and good order in the family life in South Carolina and Canada can be favorably compared with the domestic conditions existing in those states where divorces can be easily obtained."

FIREMEN AND THE COPS WANT PICNIC

Guardians of the City Would Like to Revel Out in The Country.

THERE IS A DIFFICULTY

FIRE FIGHTERS THINK IT WOULD BE DIFFICULT FOR THEM TO MAKE ARRANGEMENTS FOR SUCH AN EVENT.

They would, if they could, but how can they?

The policemen and firemen would like to indulge in a picnic—yet a genuine picnic out on the green sward, where no thought of fire alarm or patrol call need crease their brain. To say they do it in other cities may be

Health And Beauty Aids

By Mrs. Mac Martyn

"Jane Eyre." Your mother is absolutely right. Notwithstanding the fact that you have reached the advanced age of 30 years, your mother still is competent to advise you. It is downright folly for any girl to use rouge and carmine.

Ethel J.: (1) It made me happy to read your letter. I am glad you think so well of my recipes that you cut them out and pass them along to your friends. None should have difficulty in getting from her druggist any ingredient I name, for I never advise the use of anything that is not sold in first class drug stores everywhere. (2) The only objection I know to the use of liquid complexion beautifiers is their high cost when purchased in a ready manufactured state. You can make at home a fine "liquid powder" that softens and whitens the skin by putting 2 teaspoonfuls of glycerine and 4 ounces of spumax in 1/2 pint of boiling water; let stand until cold. Apply with the palm of the hand and rub until dry. I prefer this spumax wash to any face powder I can buy.

Pearl M.: You can make a strengthening tonic for your tired and inflamed eyes by dissolving 1 ounce of crystals in a pint of water. Drop 1 or 2 drops in each eye whenever needed. This tonic is used by many society ladies to give life and lustre to the eyes when they are dull and listless. Those who wear glasses will find it helpful.

Fern D.: Do not drink cold water at meals. The sudden deluge on the food in the stomach chills it and prevents the digestive juices from acting freely, thus letting the food lie passive and causing indigestion.

Maie McC.: Blackheads are sometimes slow to yield to treatment, but I feel sure that if you use faithfully a cream jelly made as follows you will find relief: Get from your druggist 1 ounce of alomoin and put in a half pint of cold water to which you have added 2 teaspoonfuls of glycerine, then stir briskly for a few minutes and let stand until it becomes thick. Massage your face with it and it will thoroughly cleanse the pores and the dust and grime will roll out and off the skin, tends to make the large pores small

truthful, but not very thick, when it is remembered that these other cities usually have larger fire departments and can shift the men to better advantage.

Where Trouble Is.
It would be real nice, the firemen admit, but they don't see how they could do it. They admit they are called upon to enter into civic parades and make display runs whenever it may be desired, but they have no control over such things. All the fire ladders would like to go and Chief Miller says they may do so, if it can be arranged for them without crippling the protection afforded the city. The firemen are on duty all the year round. Each gets one day off a week but has to be back at night—the most of the fires are at night and all help is needed.
With the policemen it is somewhat different. The entire night force could

and prevents the return of blackheads. It also clears the skin of freckles and tan and keeps it smooth, moist and pliable. It is worth while noting that this alomoin cream jelly contains no oils or animal fat that is likely to cause the growth of superfluous hair.

"Three Jolly Girls." A shampoo should be a delight, not a torment. If the cleansing is done thoroughly a shampoo every two or three weeks is all that is required, no matter how heavy the hair nor how dusty the occupation. I know of nothing better than plain canthrox for shampooing purposes. Any beauty specialist will give you a canthrox shampoo, but if you prefer to have it at home just get a package of canthrox from your druggist and dissolve a teaspoonful in a teacupful of hot water. Then take your shampoo by pouring the mixture on the hair and rubbing in well. It will cleanse the scalp thoroughly and leave the hair soft and fluffy. I asked one of my girl friends to whom I recommended canthrox how she found it. Her answer was, "Oh, my, I never saw anything like it. It made a whole tub full of lather."

Herbert C. L.: A remedy that has stood the test of years in a family noted for their hair is made by dissolving one ounce of quinine in 1/2 half pint of alcohol and adding 1/2 pint of cold water. Once or twice a week wet the hair with this quinine hair tonic and massage well into the roots. It is said to remove dandruff, stop falling hair, relieve itching, keep the scalp in healthy condition and promote the growth of hair.

Viola W.: Rub vaseline into your finger nails and they will soon lose their brittleness.

"Miss Chicago." Really I cannot sympathize with you because you are becoming too fleshy. Most of the fat people I know seem to enjoy life, are so jolly and good natured that they require no sympathy. However, if you want to get rid of superfluous weight dissolve 4 ounces of parnosin in a pint of hot water and take 1 tablespoonful 3 times a day before meals. This is a flesh reducer that is almost certain to bring about the results you desire and should reduce your weight 10 pounds in a few weeks.

Join in a picnic and the men on day duty at the time could alternate their beats, so as to spend at least a few hours on the jubilee grounds. When asked why the force does not have a picnic, one of the cops said he supposed all the men would like to, if somebody would start it. It's started. Won't somebody devise a way for the firemen to picnic?

THE GODDESS OF LIBERTY.
The new statue of the goddess of liberty should be materially changed. In one hand she should hold the flag signifying liberty and in the other a cake of rub-a-lac, meaning more freedom. For what can give more liberty and freedom from hard work than rub-a-lac? Your grocer says "More rub-a-lac."
