

MISS HARSH HELD ANSWER A CHARGE STEALING MONEY

Young School Teacher, Daughter of a Minister, Sobbingly Confesses to the Crime This Afternoon.

YOUNG WOMAN MAKES RAID ON DORMITORY

Earlham College Authorities Caught Her in the Act—Now Confined at Home for the Friendless.

Sobbing as if her heart were broken and gasping as if in pain, Miss Mirtie Harsh, aged twenty-three, a pretty young school teacher, told Supt. Stauch and Prosecutor Ladd one of the most surprising stories they have experienced. The young woman was caught redhanded in the act of ransacking rooms of the girls' dormitory at Earlham college this morning and this afternoon sobbingly confessed to the crime. She now is suffering the pangs of remorse behind the bars of the jail at the home for friendless women. Her crime is grand larceny.

Miss Harsh is the daughter of the Rev. Emerson Harsh of West Richmond. Rev. Harsh is the pastor of the Second English Lutheran church and bears a splendid reputation in this community. The mother is prostrated and the father almost distracted with grief over the affair.

She was on a visit to her parents. She has been a teacher in the public schools of Greenville, Ohio, for three years. She is a graduate of State Normal School of Ohio and shows refinement and intelligence in every word and action. She says she does not know what prompted her to the crime except the fact she wanted money.

She left the home of her parents about 10:30 o'clock this morning and went to Earlham. She claims she went to visit a friend, but not finding her in her room began a systematic search of the building. She visited room after room, she could not remember how many, and every place she sought money or other articles of value. She even took a bottle of perfume.

Well she knew where girls keep their money and this fact leads the police to believe she is not a amateur in this kind of work. She said she had just returned from a visit to Oxford college and the police will make inquiries there to learn if anything has been stolen. The girl delved into bureau drawers and even into trunks of the occupants of the rooms in her search. She says she had \$5 with her when she left home, and when surprised in her thieving at the college she had \$36.75. She was caught so openly she had no chance for denial. At that time money was taken. Another young woman named Horney was believed to have been guilty in this case and she left the college under a cloud. Miss Harsh maintained she knew nothing of that incident. She claimed the affair of today her only transgression.

Was Prettily Dressed. Miss Harsh was dressed in a pretty suit of blue linen. She was kept in the office of the superintendent for some time before she became convinced she had no alternative but to tell the truth concerning the matter. Her confession was complete. The prosecutor secured a signed statement in which she relates her complicity in the affair.

The police made an effort to induce the pretty school teacher to admit it was she that pilloaged the girls' dormitory at Earlham a year ago. At that time money was taken. Another young woman named Horney was believed to have been guilty in this case and she left the college under a cloud. Miss Harsh maintained she knew nothing of that incident. She claimed the affair of today her only transgression.

VETERAN ARRESTED

Spanish American War Soldier Held at Eaton on An Incest Charge.

PLACED IN COUNTY JAIL

Eaton, O., July 16.—Arthur Garner, 30, a veteran of the Spanish-American war, who lives about two miles south of West Alexandria, has been arrested and placed in the county jail on a charge of incest. It is claimed that he is the father of a child about to be born to Miss Elizabeth F. Brinkley, aged about 15 years, also a resident of that neighborhood. Because of the tender years of the girl she is legally termed "under age of consent," and the crime is made the more serious, and it is expected he will be summarily dealt with. The young girl is a sister-in-law to Garner. He was given a hearing before Justice of the Peace Orion Parker, of Lanier township, and placed under bond in the sum of \$400. Failing to furnish this he was remanded to the county jail.

A WOMAN IS WOUNDED BY ANGERED TROOPER

Pittsburg, July 16.—A temporary truce in the pressed steel strike followed the exciting scenes and events of this forenoon. A great host of strikers are attending a mass meeting this afternoon. Makes Statement. President Hoffstot gave out a statement today in which he said that the published accounts of the trouble were inaccurate, defended the pooling system, which he claims is really to the advantage of the men and said that he did not believe employees had paid money to obtain positions but if investigation confirmed the statement the guilty ones would be summarily dismissed.

The town and surrounding boroughs have the appearance of armed camps. The strikers are sullen, bitter and defiant and ready to fight on the least provocation. The officers and state troops are alert and anxious to avoid trouble but determined to repress disorder with a stern hand.

There is an orange and nutmeg at police headquarters for evidence. The boys will be held to the juvenile court.

RETURN BACK WORK

14,000 Miners of the Pittsburg Coal Company Are Satisfied.

FRICITION WAS THE CAUSE

Pittsburg, Pa., July 16.—The 14,000 miners of the Pittsburg Coal company who went on a strike, returned to work this morning, pending the arrival of International President Thomas L. Lewis of the United Mine Workers of America. The whole trouble really seems to have been caused by friction between the National and local officers of the Union. National President Lewis charges Local President Feehan with having ordered an unnecessary and illegal strike, while Feehan states that had Lewis fulfilled three different engagements he made for him to meet the coal company officials the trouble would have been settled long ago. Both sides seem anxious for peace and it is predicted that when the national president arrives, a satisfactory agreement will be reached.
