

PRESIDENT WILL VISIT INDIANA

Accepts Invitation to Attend
Indianapolis Conserva-
tion Affair.

WILL MAKE AN ADDRESS

DURING HIS WESTERN TOUR HE
WILL NOT VISIT THIS STATE
BUT WILL SPEND A DAY HERE
NEXT NOVEMBER.

Washington, July 29.—President Taft will be present in Indianapolis next November, when the National Conservation congress will be held, and will open the congress with an address.

The arrangement was made during a conference which Henry Reisenberg of Indianapolis had with F. W. Carpenter, the president's secretary. The president will not stop at Indianapolis during his western trip or at any point in Indiana, but will give the Hoosiers the benefit of an all-day visit when he starts off the Conservation congress, in which he is deeply interested. He will run up to Indianapolis from Cincinnati.

Mr. Reisenberg gave assurance that the Conservation congress will be timed to suit the president's convenience. Mr. Carpenter stated that the president can not go to Indianapolis before November and it was arranged that the congress shall begin in that month. The exact date was left open and will be decided later as the president's convenience may dictate.

The president in his address will give to the country the first exhaustive presentation of his views on the conservation problem and his speech will form the basis of the administration's program for conservation legislation.

No Hope For Commission.

Mr. Reisenberg's visit convinced him that there is nothing upon which to base a hope that any tariff commission legislation worthy of the name will be passed at this session of congress and as soon as he returns home he will plan to gather the sentiment of manufacturers and business men over the country relative to starting a new campaign for the creation of a tariff commission. He says that in all probability another national conference similar to the Indianapolis tariff commission conference will be held.

President Taft is known to be heartily for a tariff commission or bureau, but he is said to realize that he can not get all he wants. The senate and the house ruling spirits have cut the proposed tariff commission proposition so that it will amount to nothing. They have failed to make an appropriation for salaries and expenses of such a commission and in that respect will pass off on the president a joker.

He understands the scheme as well as the other side, it is said, but feels that if the country demands a tariff commission later it can be established at any time and prefers not to bring about a fight that might stop everything and put the republican party in a bad plight.

Although the president has said little on the subject to those who have urged him to insist that he demand a commission, it is said to be his intention to push the proposition hereafter. He thinks that such a commission would be of incalculable value in gathering data for the benefit of the president and congress. Both Speaker Cannon and Senator Aldrich are opposed to the project.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. A. G. Luken & Co.

News of Surrounding Towns

NEW WESTVILLE, O.

New Westville, O., July 29.—The property belonging to Mr. Myers, at the west end of town, has been undergoing some noticeable improvements in the way of painting and also in an addition added recently to the house itself.

Mr. Howard Brown, who is chairman of our Christian Endeavor prayer meeting committee, has introduced several features into our Endeavor meetings during the past few weeks which have added greatly to their attractiveness and interest. One of these is a Christian Endeavor thermometer by means of which the temperature of each meeting is to be tested and recorded during the month of August. Special music, quartets, solos and duets have also been provided under the direction of Mrs. Grace Brandenburg, which has supplied additional enjoyment in our Sunday evening services for the summer months.

It is rumored that a new baseball nine is in process of organization which is to make New Westville famous. We understand the members of the new team are planning to challenge the regulars at some time in the near future.

Mrs. Earl Williams attended the Sunday evening church services last Sunday for the first time since her recent illness. We were glad to welcome her amongst us once more, also her husband and sister, Miss Rosa Chalfant, who accompanied her.

Mr. Frank Bell, superintendent of our Sunday school was missed from his accustomed place last Sunday morning, being detained at home by sickness.

GOLD MEDAL FLOUR

TO TAX SODA WATER

Georgia Solons Decide the
State Needs the Money
Very Bad.

TRY TO PRODUCE REVENUE

Atlanta, Ga., July 29.—If the Georgia Legislature incorporates into the general tax bill all the provisions introduced by the members it soon will be nearly as hard to get a drink of soda water in the state as it is now to get a drink of whisky.

Face to face with a deficit, and with salaries and bills unpaid, the solons are grubbing desperately to find revenue producers. Since the advent of prohibition the soft-drink industry has become the biggest thing in the state. Hence it offered the easiest solution of the problem. Here are some of the tax clauses passed by the House.

Five dollars a year upon each fau-

cet of a soda-water fountain; \$500 a year for each manufacturer of carbonated water; \$25 per year upon each bottling machine in the state; a revenue stamp costing five cents for each gallon of sirup or tincture or extract manufactured or sold.

All of these taxes are in addition to the tax levied by the cities, towns and villages in which the dealers reside, and these towns have not overlooked the soft drink dealers in their plans for raising revenues. These revenues, too, are in addition to certain specific taxes which have been directed against certain big manufacturers of well-known bottled drinks.

Many people with chronic throat and lung trouble have found comfort and relief in Foley's Honey and Tar as it cures stubborn coughs after other treatment has failed. L. M. Ruggles, Reasnor, Iowa, writes: "The doctors said I had consumption, and I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet." A. G. Luken & Co.
